Financial Requirement

You should read this information guide to help you decide which documents you should submit with your visa application. If you are required to meet the ‘Financial Requirement’ for settlement applications then there are specified documents that you MUST submit for your application to be successful. Further information on which supporting documents to submit to meet the ‘Financial Requirement’ can be found in the Immigration Rules at Appendix FM-SE. It is essential that you read this information before submitting your application; your application may be refused if you fail to submit a specified document.

Non Financial Requirement

If you are submitting an application where there is no ‘Financial Requirement’ you should read this information guide to help you decide which documents will be useful to support the statements that you have made on your visa application form (VAF). Please note: If you do not need to meet the ‘Financial Requirement’ you may still need to demonstrate that you can be maintained and accommodation in the UK without recourse to public funds.

It is not a list of documents that you must submit. We do not expect you to provide all of the documents listed below, it is for you to decide which documents are most relevant to your application.

The submission of all or any of these documents does not guarantee that your application will be successful.
