

Social investment tax relief

Who is likely to be affected?

Social enterprises and individuals who invest in such organisations.

General description of the measure

This measure will make available a range of tax reliefs for qualifying individuals who make qualifying investments in qualifying social enterprises.

Income tax relief will be available as a percentage of the amount invested, to be deducted from the individual's income tax liability for the year of investment. The measure will also allow capital gains tax on chargeable gains to be deferred in certain circumstances where the person liable to tax invests money in a social enterprise. Capital gains on these social enterprise investments will be free from capital gains tax subject to conditions being met.

Policy objective

This measure will support social enterprises seeking external finance by providing incentives to private individuals who invest in them. Many social enterprises currently have difficulty raising capital from investors and commercial lenders; this measure aims to address this issue and thus increase investment into social enterprises in the UK.

Background to the measure

The Government announced at Budget 2013 that it would consult on the introduction of a new tax relief to encourage investment into social enterprises.

A consultation document, *Consultation on Social Investment Tax Relief*, was published on the Treasury website on 6 June 2013 setting out in detail a number of design issues concerning the new scheme. The Government's consultation response document was published on 10 December 2013.

Detailed proposal

Operative date

The income tax relief will apply to qualifying investments made on or after 6 April 2014. The capital gains tax reliefs will apply to gains which accrue on or after 6 April 2014.

Current law

Part 1 of the Taxation of Chargeable Gains Act 1992 (TCGA) charges capital gains tax on gains which accrue on disposals of assets by individuals. Tax is normally charged for the tax year in which a disposal is made.

Proposed revisions

Legislation will be introduced in Finance Bill 2014 to insert a new Part in the Income and Corporation Tax Act 2007. This will:

- provide for an income tax relief to be available to qualifying individuals making qualifying investments in qualifying social enterprises, with details of the eligibility conditions;
- apply in respect of subscriptions for shares in the enterprises or certain types of loans to the enterprises;
- apply to a limited annual amount of investment per investor, but with investment able to be carried back to the previous year; and
- allow enterprises to raise a maximum amount of investment over a period of three years.

The rate of income tax relief will be announced at Budget 2014.

Legislation will also be introduced in Finance Bill 2014 to amend the TCGA so that:

- if a sum equal to the amount of a chargeable gain is invested in a social enterprise within a specified time then the individual making the gain and the investment may claim for the gain be treated as accruing (and taxed) when the investment is disposed of and not at an earlier time. This will be subject to conditions concerning *inter alia* the nature of the investment and the activity of the enterprise.
- TCGA will also be amended so that capital gains which are attributable to an increase in value of the social investment itself will not be taxed, providing the investment is held for a minimum period.

Summary of impacts

Exchequer impact (£m)	2013-14	2014-15	2015-16	2016-17	2017-18	2018-19
	The final costing will be subject to scrutiny by the Office for Budget Responsibility, and will be set out at Budget 2014.					
Economic impact	This measure increases the incentive to invest in social enterprise which should bring increased capital to the sector. This measure is not expected to have a significant broader economic impact.					
Impact on individuals and households	Individual investors will benefit from a range of tax reliefs when investing in qualifying social enterprises.					
Equalities impacts	Investors are expected to be similar to those investing in the Enterprise Investment Scheme (EIS) and Venture Capital Trusts (VCT). Compared to the self-assessment population, those investors tend to be male, located in the south of England and have higher overall income levels. It is envisaged that the scheme will not have any impact on those groups affected by equality legislation.					
Impact on business including civil society organisations	The measure should increase the amount of investment available to social enterprises seeking finance. Eligible social enterprises may face some one-off and ongoing administrative costs in order to qualify for this relief and to familiarise themselves with the new legislation, processes and requirements.					

Operational impact (£m) (HMRC or other)	It is estimated that the cost to HM Revenue and Customs of implementing these changes will be in the region of £500,000 - £1 million for system changes. There will also be operational costs in administering the relief but this impact will be dependent on the number of social enterprises who qualify for investment.
Other impacts	Other impacts have been considered and none have been identified.

Monitoring and evaluation

The Government will be monitoring the uptake of the reliefs in terms of numbers of investors and investees, amounts of investment and the distribution of levels of investment. The Government is also committed to evaluating the impact of the scheme on social enterprises' performance and the associated social benefit.

257JA Form and amount of relief

- (1) If an individual –
 - (a) is eligible for SI relief in respect of any amount, and
 - (b) makes a claim in respect of all or some of the amount,

the individual is entitled to a tax reduction for the tax year in which the amount was invested.

This is subject to the provisions of this Part.

- (2) The amount of the reduction to which an individual is entitled under this Part for any particular tax year is the amount equal to tax, at the SI rate for that year, on—

- (3) The Treasury may by order amend this section for the purpose of—
 - (a) replacing—
 - (i) the condition in subsection (2), or
 - (ii) the condition, or all or any of the conditions, for the time being replacing the condition in subsection (2), with one or more other conditions;
 - (b) varying—

- (i) the condition in subsection (2), or
- (ii) the condition, or any of the conditions, for the time being replacing the condition in subsection (2);
- (c) dispensing with—
 - (i) the condition in subsection (2), or

ELIGIBILITY: CONDITIONS RELATING TO THE SOCIAL ENTERPRISE

Conditions relating to the social enterprise

257MA The amount raised from investments potentially eligible for relief

- (1) The amount invested must not be more than the amount given by –

$$\left(\frac{€200,000 - M}{RCG + RSI} \right) - T$$

where –

T is the total of any scheme investments made in the aid period,
M is the total of any de minimis aid, other than scheme investments, that is granted to the social enterprise during the aid period,

RCG is the highest rate at which capital gains tax is charged in the aid period, and

RSI is the highest SI rate in the aid period.

- (2) In subsection (1) “the aid period” is the 3 years –
- ending with the day on which the investment is made, but
 - in the case of that day, including only the part of the day before the investment is made.

- the social enterprise issues shares, or qualifying debt investments, to an individual (money having been subscribed or advanced for them), and
 - (at any time) the social enterprise provides a compliance statement under section 257PB in respect of those shares or investments;
- and a scheme investment is made on the day when the shares or qualifying debt investments are issued, and the amount of a scheme investment is the amount subscribed for the shares or (as the case may be) advanced for the qualifying debt investments.
- (6) For the purposes of subsection (1), if –
- the investment or any scheme investments are made, or
 - any aid is granted,

- (2) Subsection (1) applies only if –
- (a) the entry into administration or receivership, and

- (3) Employing money on the acquisition of shares or stock in a body does not of itself amount to employing the money for the funded purpose.
- (4) Subsection (1) does not fail to be met merely because an amount of money which is not significant is employed for other purposes.
- (5) If—
 - (a) merely because of the social enterprise or any other company being wound up, or dissolved without winding-up, the qualifying trade is carried on as mentioned in subsection (2) for a period shorter than 4 months, and
 - (b) the winding-up or dissolution—

 - (a) the chosen trade, or
 - (b) relevant preparation work,is carried on by a person who is neither the social enterprise nor a 90% social subsidiary of the social enterprise.
- (2) If relevant preparation work is carried out in the shorter applicable period by the social enterprise or a 90% social subsidiary of the social enterprise then, for the purposes of determining whether the requirement in subsection (1) is met, ignore any carrying-on of the chosen trade that takes place in that period before the trade begins to be carried on by a person who is the social enterprise or a 90% social subsidiary of the social enterprise.

- (3) The requirement in subsection (1) is not regarded as failing to be met if, merely because of any act or event within subsection (4), the chosen trade—
- (a) ceases to be carried on in the shorter applicable period by the social enterprise or any 90% social subsidiary of the social enterprise, and
 - (b) it is subsequently carried on in that period by a person who is not any time in the longer applicable period connected with the social enterprise.

This is subject to the provisions of this Part providing for the withdrawal or reduction of SI relief.
- (2) If an individual's liability to income tax is reduced under this Part in any tax year, then—
 - (a) if the reduction is obtained because of a single distinct investment, the amount of the reduction is attributed to that investment, and
 - (b) if the reduction is obtained because of two or more distinct investments, the amount of the reduction—
 - (i) is apportioned between the distinct investments in the same proportions as the amounts claimed by the individual in respect of each of those investments, and
 - (ii) is attributed to those investments accordingly.
- (3) In this section “distinct investment” means an investment, made on a single day, in—
 - (a) a single share or single qualifying debt investment, or

- (5) If corresponding bonus shares are issued to an individual in respect of any shares (“the original shares”) to which SI relief is attributed—
 - (a) a proportionate part of the total amount attributed to the original shares immediately before the bonus shares are issued is attributed to each of the shares in the holding comprising the original shares and the bonus shares, and

- (7) If section 257JA(1) and (2) apply in the case of any investment as if part of the amount invested had been invested in a previous tax year, this section has effect as if that part and the remainder had been invested by separate investments (and that part had been invested by an investment made on a day in the previous tax year).
- (8) For the purposes of this section, shares or other investments in a company are not treated as being of the same class unless they would be so treated if dealt in on a recognised stock exchange.

- (3) The social enterprise may not provide an officer of Revenue and Customs with a compliance statement in respect of the investment—
 - (a) before the requirement in section 257MM(2) (trade must have been carried for 4 months) is met, or
 - (b) later than 2 years after the end of the tax year in which the investment is made or, if that requirement is first met after the end of that tax year, later than 2 years after the requirement is first met.

257PC Compliance certificates

- (1) For the purposes of this Chapter, a “compliance certificate” is a certificate which—
 - (a) is issued by the social enterprise in respect of the investment,
 - (b) states that, except so far as they fall to be met by or in relation to the individual, the requirements for SI relief are for the time being met in relation to the investment, and
 - (c) is in such form as the Commissioners for Her Majesty’s Revenue and Customs may direct.
- (2) Before issuing a compliance certificate, the social enterprise must provide an officer of Revenue and Customs with a compliance statement in respect of the investment.
- (3) The social enterprise must not issue a compliance certificate without the authority of an officer of Revenue and Customs.
- (4) If the social enterprise, or a person connected with the social enterprise, has under section 257SF given a notice to an officer of Revenue and Customs that relates (whether or not exclusively) to the investment, a compliance certificate must not be issued unless the authority mentioned in subsection (3) of this section is given or renewed after receipt of the notice.
- (5) If—
 - (a) an officer of Revenue and Customs has been requested to give or renew an authority to issue a compliance certificate, and
 - (b) an officer of Revenue and Customs has decided whether or not to do so,an officer of Revenue and Customs must give notice of the decision to the social enterprise.

- (6) For the purposes of the provisions of TMA 1970 relating to appeals, the refusal of an officer of Revenue and Customs to authorise the issue of a compliance certificate is taken to be a decision disallowing a claim by the social enterprise.
- (7) In the case of requirements that cannot be met until a future time, references in this section to requirements being met for the time being are to nothing having occurred to prevent their being met.

257PD Penalties for fraudulent certificate or statement etc

The social enterprise is liable to a penalty not exceeding £3,000 if –

- (a) it issues a compliance certificate, or provides a compliance statement, which is made fraudulently or negligently, or
- (b) it issues a compliance certificate in contravention of section 257PC(3) or (4).

257PE Power to amend Chapter

- (1) The Treasury may by order amend this Chapter.
- (2) An order under this section may include consequential, incidental or transitional provision or savings, including consequential amendments, repeals or revocations of provision made by or under an enactment (including this Act) whenever passed or made.
- (3) An order under this section may, in particular, make provision for persons to be liable to penalties whose amount, or maximum amount, does not exceed £3,000.
- (4) A statutory instrument that contains (whether alone or with other provisions) an order under this section may not be made unless a draft of the instrument has been laid before, and approved by a resolution of, the House of Commons.

CHAPTER 7

WITHDRAWAL OR REDUCTION OF SI RELIEF

Value received by the investor

257Q Effect of the investor receiving value from the social enterprise

- (1) If the investor receives any value from the social enterprise at any time in the longer applicable period, any SI relief given in respect of the investment must –
 - (a) if it is greater than the amount given by the formula set out in subsection (2), be reduced by that amount, and
 - (b) in any other case, be withdrawn.
- (2) The formula is –

$$V \times R$$

where –

V is the amount of the value received, and

R is the SI rate for the tax year for which the SI relief was given.

- (3) Subsection (1) is subject to –
 - (a) section 257QA (value received: insignificant receipts),
 - (b) section 257QB (value received where there is more than one issue of investments),
 - (c) section 257QC (value received where part of investment treated as made in previous tax year),
 - (d) section 257QD (cases where maximum SI relief not obtained),
 - (e) section 257QG (receipts of value by and from connected persons etc), and
 - (f) section 257QH (receipt of replacement value).
- (4) Sections 257QB to 257QD are to be applied in the order in which they appear in this Part.
- (5) Value received is to be ignored, for the purposes of this section, so far as SI relief attributable to the investment has already been withdrawn or reduced on its account.
- (6) For the purposes of this section and sections 257QA to 257QH, an individual –
 - (a) who acquires any part of the investment, and
 - (b) who does so on such a transfer as is mentioned in section 257T (spouses or civil partners),is treated as the investor.

257QA Value received: insignificant receipts

- (1) In this section “insignificant receipt” means a receipt whose amount –
 - (a) is not more than £1,000, or
 - (b) is more than £1,000 but is insignificant in relation to the amount invested.
- (2) Section 257Q(1) does not apply to an insignificant receipt, subject as follows.
- (3) Section 257Q(1) applies to all receipts within the longer applicable period if, at any time on the investment date or in the preceding 12 months, arrangements are in existence providing for the investor to receive, or to be entitled to receive, value from the social enterprise at any time in the longer applicable period.
- (4) Once section 257Q(1) has applied to a receipt, it applies also to all other receipts within the longer applicable period except any earlier insignificant receipts.
- (5) The amount of the first receipt to which section 257Q(1) applies is treated as increased by the total amount of any earlier insignificant receipts.
- (6) In subsection (3) –
 - (a) the reference to the investor includes any person who at any time in the longer applicable period is an associate of the investor (whether or not an associate at the material time), and

- (b) the reference to the social enterprise includes any person who at any time in the longer applicable period is connected with the social enterprise (whether or not connected at the material time).

257QB Value received where there is more than one issue of investments

- (1) Subsection (3) applies if –
- (a) a time in the longer applicable period when the investor receives value from the social enterprise is within the period that for the purposes of this Part is the longer applicable period in relation to another investment in the social enterprise, and
 - (b) that other investment is one for which the investor has SI relief.
- (2) That other investment is an “overlapping investment” for the purposes of subsection (3).
- (3) Section 257Q(2) has effect in relation to the investment as if the amount V were reduced by multiplying it by –

$$\frac{I}{T}$$

where –

I is the amount on which the investor has SI relief in the case of the investment, and

T is the total of that amount and the corresponding amount for each overlapping investment.

257QC Value received where part of investment treated as made in previous tax year

- (1) Subsection (2) applies if –
- (a) section 257Q(1) applies to a receipt, and
 - (b) section 257JA(1) and (2) apply as if part of the amount invested had been invested in a previous tax year.
- (2) The calculation under section 257Q(2) in relation to that receipt is to be made as follows –

Step 1

Apportion the amount referred to as “V” between the tax year in which the investment was made and the preceding tax year by multiplying that amount by –

$$\frac{A}{B}$$

where –

A is the part of the amount invested on which the investor obtains SI relief for the tax year in question, and

B is the sum of –

- (a) that part, and
- (b) the part of the amount invested on which the investor obtains SI relief for other tax year.

Step 2

In relation to each of the amounts (“V1” and “V2”) so apportioned to the two tax years, calculate the amounts (“X1” and “X2”) that would be given by the formula if separate investments had been made in those tax years.

In calculating amounts X1 and X2, apply section 257QD if appropriate but do not apply section 257QB.

Step 3

Add amounts X1 and X2 together.

The result is the required amount.

257QD Cases where maximum SI relief not obtained

- (1) If the investor’s liability to income tax is reduced for any tax year in respect of the investment and –
 - (a) the amount of the reduction (“A”), is less than
 - (b) the amount (“B”) which is equal to income tax at the SI rate for that tax year on the amount on which the investor has SI relief in the case of the investment,section 257Q(2) has effect in relation to any value received as if the amount referred to as “V” were reduced by multiplying it by –
$$\frac{A}{B}$$
- (2) If the amount of SI relief attributable to the investment has been reduced before the SI relief was obtained, the amount referred to in subsection (1) as “A” is to be treated for the purposes of that subsection as the amount that it would have been without that subsection.
- (3) Subsection (2) does not apply to a reduction of SI relief as a result of section 257N(5) (attribution of SI relief where there is a corresponding issue of bonus shares).

257QE When value is received

- (1) This section applies for the purposes of sections 257Q and 257QB.
- (2) The investor receives value from the social enterprise at any time when the social enterprise –
 - (a) repays, redeems or repurchases any investments in the social enterprise which belong to the investor, or makes any payment to the investor for giving up the investor’s right to investments in the social enterprise on their cancellation or extinguishment,
 - (b) repays, in pursuance of any arrangements for or in connection with the making of the investment, any debt owed to the investor other than a debt which was incurred by the social enterprise –
 - (i) on or after the investment date, and
 - (ii) otherwise than in consideration of the extinguishment of a debt incurred before that date,
 - (c) makes to the investor any payment for giving up on its extinguishment the investor’s right to any debt, other than –
 - (i) a debt in respect of a repayment of the kind mentioned in section 257LF(5)(a) or (f), or

- (ii) an ordinary trade debt,
 - (d) releases or waives any liability of the investor to the social enterprise or discharges or undertakes to discharge any liability of the investor to a third person,
 - (e) makes a loan or advance to the investor which has not been repaid in full before the investment is made,
 - (f) provides a benefit or facility for the investor,
 - (g) transfers an asset to the investor for no consideration or for consideration less than its market value or acquires an asset from the investor for consideration greater than its market value, or
 - (h) makes to the investor any other payment except –
 - (i) a payment of a kind mentioned in section 257LF(5), or
 - (ii) a payment in discharge of an ordinary trade debt.
- (3) For the purposes of subsection (2)(d), the social enterprise is treated as having released or waived a liability if the liability is not discharged within 12 months of the time when it ought to have been discharged.
- (4) For the purposes of subsection (2)(e), each of the following is treated as a loan made by the social enterprise to the investor –
- (a) the amount of any debt, other than an ordinary trade debt, incurred by the investor to the social enterprise, and
 - (b) the amount of any debt due from the investor to a third party which has been assigned to the social enterprise.
- (5) The investor also receives value from the social enterprise if –
- (a) in respect of ordinary shares, or qualifying debt investments, held by the investor any payment or asset is received in a winding-up or dissolution of the social enterprise, and
 - (b) the winding-up or dissolution is for genuine commercial reasons, and is not part of a scheme or arrangement the main purpose or one of the main purposes of which is the avoidance of tax.
- (6) The investor also receives value from the social enterprise if –
- (a) a person –
 - (i) purchases any investments in the social enterprise which belong to the investor, or
 - (ii) makes any payment to the investor for giving up any right in relation to any investments in the social enterprise, and
 - (b) that person is an individual in relation to whom not all of the requirements in sections 257LF and 257LG would be met if references in those sections to the investor were read as references to that person.
- (7) If, because of the investor’s disposal of investments in the social enterprise, any SI relief attributable to those investments is withdrawn or reduced under section 257R, the investor is not to be treated as receiving value from the social enterprise in respect of the disposal.

- (8) If the investor is a director of the social enterprise, the investor is not to be treated as receiving value from the social enterprise merely because of the payment to the investor of reasonable remuneration (including any benefit or facility) for any services rendered to the social enterprise as a director or employee.
- (9) In this section “ordinary trade debt” means any debt for goods or services supplied in the ordinary course of a trade or business if any credit given –
- (a) is for not more than 6 months, and
 - (b) is not for longer than that normally given to customers of the person carrying on the trade or business.

257QF The amount of value received

In a case falling within a provision listed in column 1 of the following table, the amount of value received for the purposes of sections 257Q and 257QB is given by the corresponding entry in column 2 of the table.

<i>Provision</i>	<i>The amount of value received</i>
Section 257QE(2)(a), (b) or (c)	The amount received by the investor or, if greater, the market value of the investments or debt
Section 257QE(2)(d)	The amount of the liability
Section 257QE(2)(e)	The amount of the loan or advance, less the amount of any repayment made before the investment is made
Section 257QE(2)(f)	The cost to the social enterprise of providing the benefit or facility, less any consideration given for it by the investor
Section 257QE(2)(g)	The difference between the market value of the asset and the consideration (if any) given for it
Section 257QE(2)(h)	The amount of the payment
Section 257QE(5)	The amount of the payment or the market value of the asset
Section 257QE(6)	The amount received by the investor or, if greater, the market value of the investments

257QG Receipts of value by and from connected persons etc

In sections 257Q, 257QA, 257QB, 257QE and 257QF –

- (a) any reference to a payment or transfer to the investor includes a reference to a payment or transfer made to the

investor indirectly or the investor's order or for the investor's benefit,

- (b) any reference to the investor includes a reference to an associate of the investor, and
- (c) any reference to the social enterprise includes a reference to a person who at any time in the longer applicable period is connected with the social enterprise (whether or not that person is so connected at the material time).

257QH Receipt of replacement value

- (1) If—
 - (a) any SI relief attributable to the investment would, in the absence of this section, be reduced or withdrawn under section 257Q because of a receipt of value within section 257QE(2) or (6) (“the original value”),
 - (b) the original supplier receives value (“the replacement value”) from the original recipient and the receipt is a qualifying receipt, and
 - (c) the amount of the replacement value is at least the amount of the original value,

section 257Q does not, because of the receipt of the original value, have effect to withdraw or reduce the SI relief.

This is subject to section 257QI(1) and (2).

- (2) For the purposes of this section—
 - “the original recipient” means the person who receives the original value, and
 - “the original supplier” means the person from whom that value was received.
- (3) If the amount of the original value is, by virtue of section 257QB, treated as reduced for the purposes of section 257Q(2) as it applies in relation to the investment, the reference in subsection (1)(c) to the amount of the original value is to be read as a reference to the amount of that value ignoring the reduction.
- (4) A receipt of the replacement value is a qualifying receipt for the purposes of subsection (1) if it arises—
 - (a) because of the original recipient doing one or more of the following—
 - (i) making a payment to the original supplier, other than a payment within paragraph (c) or a payment to which subsection (5) applies,
 - (ii) acquiring any asset from the original supplier for a consideration the amount or value of which is more than the market value of the asset, and
 - (iii) disposing of any asset to the original supplier for no consideration or for a consideration the amount or value of which is less than the market value of the asset,
 - (b) if the receipt of the original value was within section 257QE(2)(d), because of an event the effect of which is to

- reverse the event which constituted the receipt of the original value, or
- (c) if the receipt of the original value was within section 257QE(6), because of the original recipient repurchasing the investments in question, or (as the case may be) re-acquiring the right in question, for a consideration the amount or value of which is at least the amount of the original value.
- (5) This subsection applies to –
- (a) any payment for any goods, services or facilities, provided (whether in the course of trade or otherwise) by –
 - (i) the original supplier, or
 - (ii) any other person who at any time in the longer applicable period is an associate of, or is connected with, the original supplier (whether or not the person is such an associate, or is so connected, at the material time),which is reasonable in relation to the market value of those goods, services or facilities,
 - (b) any payment of any interest which represents no more than a reasonable commercial return on any money lent to –
 - (i) the original recipient, or
 - (ii) any other person who at any time in the longer applicable period is an associate of the original recipient (whether or not the person is such an associate at the material time),
 - (c) any payment for the acquisition of an asset which does not exceed its market value,
 - (d) any payment, as rent for any property occupied by –
 - (i) the original recipient, or
 - (ii) any person who at any time in the longer applicable period is an associate of the original recipient (whether or not the person is such an associate at the material time),
 - (e) any payment in discharge of an ordinary trade debt, and
 - (f) any payment for shares in or securities of any company in circumstances that do not fall within subsection (4)(a)(ii).
- (6) For the purposes of this section, the amount of the replacement value is –
- (a) in a case within paragraph (a) of subsection (4), the sum of –
 - (i) the amount of any payment within sub-paragraph (i) of that paragraph, and
 - (ii) the difference between the market value of any asset to which sub-paragraph (ii) or (iii) of that paragraph applies and the amount or value of the consideration (if any) received for it,
 - (b) in a case within subsection (4)(b), the same as the amount of the original value, and
 - (c) in a case within subsection (4)(c), the amount or value of the consideration received by the original supplier.

Section 257QF applies for the purpose of determining the amount of the original value.

- (7) In this section –
- (a) any reference to a payment to a person (however expressed) includes a reference to a payment made to the person indirectly or to the person’s order or for the person’s benefit, and
 - (b) “ordinary trade debt” has the meaning given by section 257QE(9).

257QI Section 257QH: supplementary

- (1) The receipt of the replacement value by the original supplier is ignored for the purposes of section 257QH(1) to the extent to which it has previously been set under section 257QH against a receipt of value to prevent any reduction or withdrawal of SI relief under section 257Q.
- (2) The receipt of the replacement value by the original supplier (“the event”) is ignored for the purposes of section 257QH if –
 - (a) the event occurs before the longer applicable period,
 - (b) if the event occurs after the time the original recipient receives the original value, it does not occur as soon after that time as is reasonably practicable in the circumstances, or
 - (c) if an appeal has been brought by the investor against an assessment to withdraw or reduce any SI relief attributable to the investment because of the receipt of the original value, the event occurs more than 60 days after the day on which the amount of the relief which falls to be withdrawn has been finally determined.

But nothing in section 257QH or this section requires the replacement value to be received after the original value.

- (3) This subsection applies if –
 - (a) the receipt of the replacement value by the original supplier is a qualifying receipt for the purposes of section 257QH(1), and
 - (b) in consequence of the receipt, any receipts of value are ignored for the purposes of section 257Q as that section applies in relation to the investment or any other investments made by the investor, and
 - (c) the event which gives rise to the receipt is (or includes) the making of an investment by –
 - (i) the investor, or
 - (ii) any person who at any time in the longer applicable period is an associate of the investor (whether or not the person is such an associate at the material time).
- (4) If subsection (3) applies, the person who makes the investment concerned is not to be eligible for SI relief in relation to the investment concerned or any other investments in the same issue.
- (5) In this section “the original recipient”, “the original supplier” and “replacement value” have the same meaning as in section 257QH.

Repayments etc of investments to other persons

257QJ Repayments etc of share capital to other persons

- (1) This section applies if any SI relief is attributable to the whole or any part of the investment and, at any time in the longer applicable period, the social enterprise or any subsidiary –
 - (a) repays, redeems or repurchases any of its share capital which belongs to any member other than –
 - (i) the investor, or
 - (ii) a person who falls within subsection (5), or
 - (b) makes any payment to any such member for giving up the member's right to any of the share capital of the social enterprise or subsidiary on its cancellation or extinguishment.
- (2) The SI relief must –
 - (a) if it is greater than the amount given by the formula set out in subsection (2), be reduced by that amount, and
 - (b) in any other case, be withdrawn.
- (3) The formula is –
$$A \times R$$
where –
 - A is the amount received by the member, and
 - R is the SI rate for the tax year for which the SI relief was given.
- (4) This section is subject to sections 257QK to 257QP; and sections 257QL to 257QO are to be applied in the order in which they appear in this Part.
- (5) A person falls within this subsection if the repayment causes any SI relief attributable to that person's shares in the social enterprise to be withdrawn or reduced by virtue of –
 - (a) section 257QE(2)(a) (receipt of value by virtue of repayment of investments etc), or
 - (b) section 257R (disposal of shares).
- (6) A repayment is treated as having the effect mentioned in subsection (5)(a) or (b) if it would have that effect were it not an insignificant receipt for the purposes of section 257Q.
- (7) A repayment is to be ignored, for the purposes of this section, to the extent to which SI relief attributable to any shares has already been withdrawn or reduced on its account.
- (8) In this section and sections 257QK to 257QP –
 - (a) "repayment" means a repayment, redemption, repurchase or payment mentioned in subsection (1)(a) or (b), and
 - (b) references to a subsidiary of the social enterprise are references to a company which at any time in the longer applicable period is a 51% subsidiary of the social enterprise (whether or not it is such a subsidiary at the time of the repayment).

257QK Insignificant payments ignored for the purposes of section 257QJ

- (1) A repayment is ignored for the purposes of section 257QJ if both –
 - (a) the market value of the shares to which it relates (“the target shares”) immediately before the event occurs, and
 - (b) the amount received by the member in question,
 are insignificant in relation to the market value of the remaining issued share capital of the social enterprise, or (as the case may be) the subsidiary, immediately after the event occurs.
 This is subject to subsection (3).
- (2) For the purposes of subsection (1) it is to be assumed that the target shares are cancelled at the time the repayment is made.
- (3) Subsection (1) does not apply if repayment arrangements are in existence at any time in the period –
 - (a) beginning 12 months before the investment date, and
 - (b) ending at the end of the investment date.
- (4) For this purpose “repayment arrangements” means arrangements which provide –
 - (a) for a repayment by the social enterprise or any subsidiary of the social enterprise (whether or not it is such a subsidiary at the time the arrangements are made), or
 - (b) for anyone to be entitled to such a repayment,
 at any time in the longer applicable period.

257QL Amount of repayments etc if there is more than one issue of shares

- (1) This section applies if, in relation to the same repayment, section 257QJ(2) applies to SI relief attributable to two or more issues of shares.
- (2) Section 257QJ(3) has effect in relation to the shares included in each of those issues as if the amount referred to as A were reduced by multiplying it by the fraction –

$$\frac{I}{T}$$

where –

I is the amount on which SI relief was obtained by the individuals in respect of shares which are included in the issue and to which SI relief is or, but for section 257QJ(2)(b), would be attributable, and

T is the total of that amount and the corresponding amount or amounts in respect of the other issue or issues.

257QM Single issue affecting more than one individual

- (1) This section applies if, in relation to the same repayment, section 257QJ(2) applies to SI relief attributable to shares held by two or more individuals.

- (2) Section 257QJ(3) has effect in relation to each individual as if the amount referred to as A were reduced by multiplying it by the fraction—

$$\frac{I}{T}$$

where—

I is the amount on which the individual obtains SI relief in respect of shares which SI relief is or, but for section 257QJ(2)(b), would be attributable, and

T is the total of that amount and the corresponding amount or amounts on which the other individual or individuals obtain SI relief in respect of such shares.

257QN Single issue treated as made partly in previous tax year

- (1) This section applies if—
- (a) section 257QJ(2) applies to SI relief attributable to shares held by an individual, and
 - (b) part of the issue of shares has been treated as issued to the individual in a previous tax year for the purposes of section 257JA(1) and (2).
- (2) This subsection explains how the calculation under section 257QJ(3) is to be made.

Step 1

Apportion the amount referred to as A between the tax year in which the shares were issued and the previous tax year by multiplying that amount by the fraction—

$$\frac{I}{T}$$

where—

I is the amount on which the individual obtains SI relief in respect of the shares treated as issued in the tax year in question, and

T is the total of that amount and the corresponding amount in respect of the shares treated as issued in the other tax year.

Step 2

In relation to each of the amounts (“A1” and “A2”) so apportioned to the two tax years, calculate the amounts (“X1” and “X2”) that would be given by the formula if there were separate issues of shares in those tax years.

In calculating amounts X1 and X2, apply section 257QO if appropriate but do not apply section 257QL or 257QM.

Step 3

Add amounts X1 and X2 together.

The result is the required amount.

257QO Maximum relief not obtained for share issue

- (1) This section applies if section 257QJ(2) applies to SI relief attributable to shares held by an individual and—

- (a) the amount of the reduction (“D”) in the individual’s liability to income tax for any tax year in respect of the shares, is less than
- (b) the amount given by –
- $$I \times R$$
- where –
- I is the amount on which the investor claims SI relief in respect of the investment, and
- R is the SI rate for the tax year for which the SI relief was given.
- (2) Section 257QJ(3) has effect as if the amount referred to as A were reduced by multiplying it by the fraction –
- $$\frac{D}{I \times R}$$
- (3) If the amount of SI relief attributable to any of the shares has been reduced before the SI relief was obtained, the amount referred to in subsections (1) and (2) as D is to be treated for the purposes of those subsections as the amount it would have been without that reduction.
- (4) Subsection (3) does not apply to a reduction of SI relief by virtue of section 257N(5) (attribution of SI relief where there is a corresponding issue of bonus shares).

257QP Repayment of authorised minimum within 12 months

- (1) This section applies if –
- (a) a company issues share capital (“the original shares”) of nominal value equal to the authorised minimum (within the meaning of the Companies Act 2006) for the purposes of complying with section 761 of that Act (public company: requirement as to minimum share capital), and
- (b) the registrar of companies issues the company with a certificate under that section.
- (2) Section 257QJ(2) does not apply in relation to any redemption of the original shares within 12 months of the date on which they were issued.

Miscellaneous

257QQ Acquisition of a trade or trading assets

- (1) Any SI relief attributable to the investment is withdrawn if –
- (a) at any time in the longer applicable period, the social enterprise or any qualifying subsidiary –
- (i) begins to carry on as its trade, or as part of its trade, a trade which was previously carried on at any time in that period otherwise than by the social enterprise or any qualifying subsidiary, or
- (ii) acquires the whole, or the greater part, of the assets used for the purposes of a trade previously so carried on, and

- (b) the investor is a person, or one of a group of persons, to whom subsection (2) or (3) applies.
- (2) This subsection applies to any person or group of persons –
 - (a) to whom an interest amounting in total to more than a half share in the trade (as previously carried on) belonged at any time in the longer applicable period, and
 - (b) who is or are a person or group of persons to whom such an interest in the trade carried on by the social enterprise belongs or has, at any such time, belonged.
- (3) This subsection applies to any person or group of persons who –
 - (a) control or, at any time in the longer applicable period, have controlled the social enterprise, and
 - (b) is or are a person or group of persons who, at any such time, controlled another company which previously carried on the trade.
- (4) For the purposes of subsection (2) –
 - (a) for the purpose of determining the person to whom a trade belongs and, if a trade belongs to two or more persons, their respective shares in that trade –
 - (i) apply section 941(6) of CTA 2010, and

255A Hold-over relief for gains re-invested in social enterprises

Schedule 8B to this Act (which provides relief in respect of gains re-invested in social enterprises) has effect.

255B Gains and losses on investments in social enterprises

- (1) For the purpose of determining the gain or loss on any disposal of an asset by an individual where –
- (a) an amount of SI relief is attributable to the asset, and
 - (b) apart from this subsection there would be a loss,

treat the consideration given by the individual for the acquisition of the asset as reduced by the amount of the SI relief.

- (2) If—
 - (a) an individual disposes of an asset,
 - (b) an amount of SI relief is attributable to the asset,
 - (c) the disposal takes place after the end of the 3 years beginning with the day when the individual acquired the asset, and
 - (d) apart from this subsection, there would be a gain on the disposal,the gain is not a chargeable gain, subject to section 255C.
- (3) Despite section 16(2), subsection (2) above does not apply to a disposal on which a loss accrues.
- (4) Any question as to—
 - (a) which of any assets acquired by an individual at different times a disposal relates to, being assets to which SI relief is attributable, or
 - (b) whether a disposal relates to assets to which SI relief is attributable or to other assets,is to be determined for the purposes of capital gains tax as provided by section 257TA of ITA 2007.
- (5) Chapter 1 of this Part has effect subject to subsection (4).
- (6) Sections 104, 105 and 106A do not apply to assets to which SI relief is attributable.
- (7) There are to be made all such adjustments of capital gains tax, whether by way of assessment or by way of discharge or repayment of tax, as may be required in consequence of SI relief being given or withdrawn.
- (8) In this section and sections 255C to 255E “SI relief” means relief under Part 5B of ITA 2007 (income tax relief for investments in social enterprises).
- (9) That Part applies for the purposes of this section and sections 255C to 255E to determine whether SI relief is attributable to any asset and, if so, the amount of SI relief so attributable.

255C Application of section 255B(2) where maximum SI relief not obtained

- (1) Subsection (2) applies if—
 - (a) an individual’s liability to income tax has been reduced (or treated by virtue of section 257T of ITA 2007 (spouses or civil partners) as reduced) for any tax year under section 257JA of ITA 2007 (SI relief) in respect of the acquisition of an asset,
 - (b) the amount of the reduction (“D”) is less than the amount given by—

$$I \times R$$

where—

I is the amount on which the individual has SI relief in the case of the asset, and

R is the SI rate for the tax year for which the SI relief was obtained, and

- (c) D is not within paragraph (b) solely by virtue of section 29(2) and (3) of ITA 2007.
- (2) If the individual disposes of the asset and there is a gain on the disposal, section 255B(2) has effect in relation to the gain as if it were reduced by multiplying it by –
- $$\frac{D}{I \times R}$$
- (3) In this section “SI rate” has the meaning given by section 257JA(5) of ITA 2007.

255D Application of section 255B(2) where SI relief has been reduced

- (1) Subsection (2) applies if before a disposal of an asset –
- (a) value is received in circumstances where SI relief attributable to the asset is reduced by an amount under section 257Q(1)(a) of ITA 2007, or
 - (b) there is a repayment, redemption, repurchase or payment in circumstances where SI relief attributable to the asset is reduced by an amount under section 257QJ(2)(a) of ITA 2007, or
 - (c) paragraphs (a) and (b) both apply.
- (2) If section 255B(2) applies on the disposal but section 255C does not, section 255B(2) applies only to so much of the gain as remains after deducting so much of it as is found by multiplying it by the fraction –

$$\frac{A}{B}$$

where –

- A is equal to the amount by which the SI relief given in respect of the asset is reduced as mentioned in subsection (1) above, and
- B is equal to the amount of the SI relief given in respect of the asset.
- (3) If sections 255B(2) and 255C apply on the disposal, section 255B(2) applies only to so much of the gain as is found by –
- (a) taking the part of the gain found under section 255C, and
 - (b) deducting from that part so much of it as is found by multiplying it by the fraction mentioned in subsection (2).
- (4) If the SI relief given in respect of the asset is reduced as mentioned in subsection (1) by more than one amount, the amount referred to as A in subsection (2) is to be taken to be equal to the aggregate of those amounts.
- (5) The amount referred to in subsection (2) as B is to be found without regard to any reduction mentioned in subsection (1).

255E Reorganisations involving shares to which SI relief is attributable

- (1) Subsection (2) applies if an individual holds shares which form part of the ordinary share capital of a company and include shares of more than one of the following kinds—
 - (a) shares to which SI relief is attributable and to which subsection (3) applies,
 - (b) shares to which SI relief is attributable and to which subsection (3) does not apply, and
 - (c) shares to which SI relief is not attributable and to which subsection (3) does not apply.
- (2) If there is a reorganisation within the meaning of section 126 affecting the shares listed in subsection (1), section 127 applies separately to those shares so that shares of each kind are treated as a separate holding of original shares and identified with a separate new holding.
- (3) This subsection applies to any shares if—
 - (a) expenditure on the shares has been set under Schedule 8B to this Act against the whole or part of any gain, and
 - (b) in relation to the shares there has been no chargeable event for the purposes of that Schedule.
- (4) If—
 - (a) an individual holds shares (“the existing holding”) which form part of the ordinary share capital of a company,
 - (b) there is, by virtue of any such allotment for payment as is mentioned in section 126(2)(a), a reorganisation affecting the existing holding, and
 - (c) immediately following the reorganisation, SI relief is attributable to the existing holding or the allotted shares,sections 127 to 130 do not apply in relation to the existing holding.
- (5) Subject to subsection (6), sections 135 and 136 do not apply in respect of shares to which SI relief is attributable.
- (6) Subsection (5) does not have effect to disapply section 135 or 136 if—
 - (a) the new holding consists of new ordinary shares which meet conditions A and B of section 257L of ITA 2007,
 - (b) the new shares are issued after the end of three years beginning with the day on which the original shares were acquired,
 - (c) before issuing the new shares, the company had issued shares which met conditions A and B of section 257L of ITA 2007, and
 - (d) the company issued a compliance certificate in relation to those earlier shares for the purposes of section 257PA(1) of ITA 2007 and in accordance with sections 257PB and 257PC of ITA 2007.
- (7) In this section—

“new holding” is to be construed in accordance with sections 126, 127, 135 and 136;

“ordinary share capital” has the meaning given in section 989 of ITA 2007;

“ordinary shares”, in relation to a company, means shares forming part of its ordinary share capital.”

Interpretation of Schedule

- 3 (1) In the following provisions of this Schedule –
- “the amount invested” means, in a case where this Schedule applies because of paragraph 1, the consideration mentioned in paragraph 1(1)(b),
 - “the investor” means the individual mentioned in paragraph 1(1)(a) or, as the case may be, paragraph 2(1)(a),
 - “the original gain” means the chargeable gain mentioned in paragraph 1(1)(a) or, as the case may be, paragraph 2(1)(a), and
 - “the social holding” means the asset or assets mentioned in paragraph 1(1)(b) or, as the case may be, paragraph 2(1)(d).

- (2) In this Schedule, a “disposal within marriage or civil partnership” is a disposal to which section 58 (certain disposals between spouses or civil partners) applies.

Claim to hold gain over while invested in a social enterprise

- 4 (1) The investor may make a claim for the original gain to be reduced –
- (a) in a case within paragraph 1, by the amount invested, or by a part of that amount specified in the claim, or
 - (b) in a case within paragraph 2, to the extent specified in the claim,
- but, in either case, subject as follows.
- (2) The reduction may not be more than the original gain or, if the original gain has already been reduced under one or more of the listed provisions, the reduction may not be more than the reduced gain.
- (3) In a case within paragraph 1, the claim may not relate to any part of the amount invested that under any of the listed provisions has already been set against a chargeable gain.
- (4) The “listed provisions” are –
- (a) sub-paragraph (1),
 - (b) Schedule 5B, and
 - (c) paragraph 1(5) of Schedule 5BB.
- (5) The total of all reductions claimed by the investor under sub-paragraph (1) in any tax year must not be more than £1,000,000.
- (6) If there is relief by way of a reduction under sub-paragraph (1) then, for the purposes of this Schedule, that relief –
- (a) is attributable to the asset or assets that form the social holding, but
 - (b) ceases to be attributable to any particular asset, or to any particular part of a particular asset, when –
 - (i) a chargeable event occurs in relation to that asset or part, or
 - (ii) the person holding the asset or part dies.

Held-over gain treated as accruing on disposal etc of the qualifying investment

- 5 (1) This paragraph applies if there has been a reduction under paragraph 4(1).
- (2) A chargeable gain equal to the amount of the reduction is treated as accruing when a chargeable event occurs in relation to the social holding without any chargeable event having previously occurred in relation to any of the holding.
- (3) When a chargeable event occurs in relation to part only of the social holding without any chargeable event having previously occurred in relation to any of that part, a chargeable gain calculated in accordance with sub-paragraph (4) is treated as accruing.

- (4) The calculation is –

Step 1

Subtract from the amount of the reduction any chargeable gains previously treated as accruing as a result of the operation of sub-paragraph (3).

Step 2

Attribute a proportionate part of the amount calculated at Step 1 to each part of the social holding held, immediately before the occurrence of the chargeable event in question, by the investor or a person who has acquired any part of the holding from the investor on a disposal within marriage or civil partnership.

Step 3

The amount attributed at Step 2 to the part of the social holding in relation to which that chargeable event occurs is the chargeable gain treated as accruing as a result of the operation of sub-paragraph (3) on the occurrence of that event.

Chargeable events

- 6 (1) A chargeable event occurs in relation to an asset that forms the whole or any part of the social holding if (after the acquisition of the holding) –
- (a) the investor disposes of the asset otherwise than by way of a disposal within marriage or civil partnership,
 - (b) the asset is disposed of, otherwise than by way of a disposal to the investor, by a person who acquired the asset on a disposal made within marriage or civil partnership,
 - (c) the asset is cancelled, extinguished, redeemed or repaid, or
 - (d) any of the conditions in Chapters 3 and 4 of Part 5B of ITA 2007 for the investor’s eligibility for SI relief under that Part in respect of the amount invested fails to be met.

In this sub-paragraph “asset” includes part of an asset.

- (2) In the event of the death of –
- (a) the investor, or
 - (b) a person who, on a disposal within marriage or civil partnership, has acquired the whole or any part of the social holding,
- nothing which occurs at or after the time of death is a chargeable event in relation to any part of the holding held by the deceased person immediately before the time of death.
- (3) If a person makes a disposal of assets of a particular class while retaining other assets of that class –
- (a) assets of that class acquired by the person on an earlier day are treated for the purposes of this Schedule as disposed of before assets of that class acquired by the person on a later day, and
 - (b) assets of that class acquired by the person on the same day are treated for the purposes of this Schedule as disposed of in the following order –

-
- (i) first, any to which neither relief under this Schedule, nor SI relief under Part 5B of ITA 2007, is attributable,
 - (ii) next, any to which SI relief under this Schedule, but not relief under that Part, is attributable,
 - (iii) next, any to which SI relief under that Part, but not relief under this Schedule, is attributable, and
 - (iv) finally, any to which both SI relief under that Part, and relief under this Schedule, are attributable.
 - (4) For the purposes of sub-paragraph (3), assets –
 - (a) to which relief under this Schedule is attributable, and
 - (b) which have not been held continuously by the investor since the social holding was acquired,are treated as having been acquired when the social holding was acquired if SI relief under Part 5B of ITA 2007 is not also attributable to them.
 - (5) For the purposes of sub-paragraph (3), assets –
 - (a) to which SI relief under Part 5B of ITA 2007 is attributable, and
 - (b) which were transferred to an individual as mentioned in section 257T of ITA 2007 (transfers between spouses or civil partners),are treated as having been acquired when the social holding was acquired.
 - (6) Chapter 1 of Part 4 of this Act has effect subject to sub-paragraphs (3) to (5).
 - (7) Sections 104, 105 and 106A do not apply to assets to which relief under this Schedule is attributable if SI relief under Part 5B of ITA 2007 is not also attributable to them.
 - (8) Where, at the time of a chargeable event, an asset that formed the whole or any part of the social holding is treated for the purposes of this Act as represented by assets which consist of or include assets other than that asset –
 - (a) so much of the original gain as is attributable to the asset is treated, in determining for the purposes of this paragraph the amount of the original gain to be treated as attributable to each of those assets, as apportioned in such manner as may be just and reasonable between those assets, and
 - (b) as between different assets treated as representing the same asset, sub-paragraphs (3) to (5) apply with the necessary modifications in relation to those assets as they would apply in relation to the asset.
 - (9) In order to determine, for the purposes of sub-paragraph (8), the amount of the original gain attributable to any asset, a proportionate part of the amount of the original gain is to be attributed to each asset that forms the whole or any part of so much of the social holding as is held, immediately before the occurrence of the chargeable event in question, by the investor or

a person who has acquired any part of the social holding from the investor on a disposal within marriage or civil partnership.

- (10) In subsections (8) and (9) references to the original gain are to so much of the original gain as remains after deduction from it of the amount of any chargeable gain treated as accruing as a result of the previous operation of paragraph 5.

Person to whom held-over gain is treated as accruing

- 7 (1) This paragraph applies where a chargeable gain is treated as accruing as a result of the operation of paragraph 5.
- (2) If the chargeable event is a disposal, that chargeable gain is treated as accruing to the person who makes the disposal.
- (3) If the chargeable event occurs –
- (a) when an asset, or part of an asset, is cancelled, extinguished, redeemed or repaid, or
 - (b) when a condition, for eligibility for relief in respect of the consideration given for the acquisition of an asset, fails to be met,
- that chargeable gain is treated as accruing to the person who holds the asset, or part, when the chargeable event occurs.

Claims: procedure

- 8 (1) Sections 257P(1), 257PA(1) and 257PB to 257PD of ITA 2007 –
- (a) apply in relation to a claim under this Schedule in respect of the social holding as they apply in relation to a claim under Part 5B to ITA 2007 in respect of an investment, and
 - (b) as they so apply, have effect as if any reference to the requirements for relief under that Part were a reference to the conditions for the application of this Schedule.
- (2) In section 257PE(2) of ITA 2007 (power to make consequential amendments etc when amending provision about claims for SI relief) “enactment” includes (in particular) sub-paragraph (1).

EXPLANATORY NOTE**TAX RELIEF FOR SOCIAL INVESTMENT****SUMMARY**

1. Section X and Schedule X introduce a range of income and capital gains tax reliefs to encourage individuals to invest in qualifying social enterprises. Investments may be in shares or by way of certain types of debt, and the reliefs will be available in respect of investments made on or after 6 April 2014.

DETAILS OF THE SCHEDULE*Part 1*

2. Paragraph 1 inserts new Part 5B into the Income Tax Act 2007 ('ITA'). Part 5B is subdivided into several Chapters.

Chapter 1

3. Chapter 1 contains sections 257J to 257JC which introduce the income tax relief available to individuals who invest in social enterprises.
4. New sections 257J(2) to (3) define "social enterprise" as: community interest company, community benefit society or charity, and provide that this definition may be further extended by Treasury order to include other types of body. Any such order may have retrospective effect. No definitions are provided for community interest company or charity, which are defined in other Acts: Part 2 of the Companies (Audit, Investigation and Community Enterprise Act 2004 in the case of Community Interest Companies and Schedule 6 to Finance Act 2010 in the case of charities. "Community benefit society" is explained further at new section 257B.
5. New section 257JA quantifies the amount of the income tax reduction to which an individual is entitled if a claim to relief is made for a tax year.
6. Subsection 257JA(1) provides that an individual may choose to claim relief in respect of some, but not all, of the investment in relation to which the individual is eligible for relief.
7. Subsections 257JA(2) and (3) are expressed in terms of the individual's entitlement to a reduction in tax liability, as a percentage of the amount invested. Relief is given effect in accordance with Chapter 3 of Part 2 ITA, with the reduction being included at Step 6 of section 23.

8. Subsection (2)(b) provides that there is an upper limit on the amount of an individual's entitlement to relief rather than an upper limit on the amount of investment in respect of which the relief can be claimed.
9. Subsection 257JA(4) provides that an individual may elect to have some or all of the investment treated as though made in the tax year preceding that in which it was made, with relief being given accordingly.
10. New section 257JB describes what is meant by a "community benefit society". The Co-operative and Community Benefit Societies Acts are in the process of consolidation so section 257B ensures that that definition applies irrespective of which Act is in force at the relevant time.
11. New section 257JC provides that for the purposes of this Part, charitable trusts are to be treated in the same way as companies which are charities.

Chapter 2

12. Chapter 2 sets out some key terms used in determining eligibility.
13. New section 257K(1) sets a limit of five years on the lifespan on the social investment tax relief scheme, but provides that this lifespan may be extended by Treasury order.
14. New section 257K(2) provides that the investor is not eligible for SI relief if the investor has otherwise obtained relief on the investment via the Enterprise Investment Scheme, Seed Enterprise Investment Scheme or the Community Investment tax relief scheme.
15. New section 257K(3) makes it clear that the conditions for relief apply equally whether individuals make the investment on their own behalf or whether the investment is made or held for them by a nominee.
16. Tax relief is contingent upon the individual making an investment, and the timing of the making of that investment determines the tax year for which relief will be due. New section 257KB explains when the investment is to be considered to be "made". In the case of an investment in shares or loan stock where the enterprise makes an issue to the investor, the investment will be considered to be made at the point of issue.
17. New section 257KC explains the terms "shorter applicable period" and "longer applicable period". Many of the eligibility conditions relating to the investor, the investment and the investee enterprises have to be met for a continuous period of time rather than merely at the point of investment, for the tax relief to continue to be available. In the case of some conditions, that continuous period of time runs from the date of investment. In the case of other conditions, it runs from an earlier date – either the date of incorporation or, if later, twelve months before the date of investment. In all cases the continuous period ends with the third anniversary of the investment date. Investors are not required to wait until the end of the relevant applicable period before claiming tax relief (see new section 257PA) but if any of

the conditions are breached before the end of the applicable period, relief which has been given may be withdrawn or reduced (see [Chapter 7](#)).

Chapter 3

18. [Chapter 3, sections 257L to 257LH](#), sets out eligibility conditions relating to the investor and the investment.
19. [New section 257L](#) describes the types of investment which may qualify for relief. Investments may be in shares, or in debt instruments including simple loans. The section ensures that either type of investment must be the lowest-ranking of its type in the event of a winding up and therefore exposed to the greatest degree of risk for investors. Investments in shares may not carry any right to an amount of dividend which is fixed absolutely; or whose rate is fixed either by reference to the amount invested or by reference to some other factor which is not contingent upon the enterprise's financial success. Irrespective of the nature of the investment, any right of return must not be greater than a reasonable commercial rate. No definition is provided for "reasonable commercial rate".
20. [New section 257LA](#) ensures that income tax relief will only be available where the amount in respect of which relief may be claimed has been paid over in cash to the enterprise when the investment is considered to have been made. This means, for instance, that where an investor has undertaken to provide the enterprise with an amount but the enterprise has not drawn down some or all of the amount committed, then relief will be due only on the drawn down amount.
21. [New section 257LB](#) ensures both that the investor has no right to have the investment redeemed, repaid or repurchased during the shorter applicable period; and that the investment is not made with the benefit of any arrangement which might guarantee an exit from the investment.
22. [New section 257LC\(1\)](#) prevents the investment from qualifying if at any time in the shorter applicable period, there exist arrangements aimed at protecting the investor's capital, or otherwise protecting the investor from the risks attached to making the investment. This would include, for example, schemes which insure investors against making a loss, and schemes to maintain the value of the investment artificially.
23. [Subsection \(2\)](#) provides an exception for ordinary commercial matters such as insurance by the enterprise against normal trading risks.
24. [New section 257LD](#) denies relief if in the longer applicable period, the investor, or any associate, receives a loan from any person which would not have been made, or would not have been made on the same terms, were it not for the making of the relevant investment. This includes cases where credit is given or a debt due from the investor or associate is assigned. This section mirrors the equivalent Enterprise Investment Scheme provision at section 164 ITA. HMRC has published an interpretation of that provision in Statement of Practice SP6/98 and it is anticipated

that that interpretation is likely to apply equally here, providing that the Statement of Practice is still in existence.

25. New section 257LE prevents the investment from qualifying unless it is made for a genuine commercial reason and not as part of a scheme or arrangement whose purpose is tax avoidance.
26. New section 257LF prevents individuals from qualifying for relief if they are, or their associates are, employees, partners, remunerated directors or trustees of the enterprise, or of other bodies which have certain relationships with the enterprise. Those restrictions apply throughout the longer applicable period described in section 257KC, and therefore exclude individuals who have had (or whose associates have had) one of the relationships mentioned with the enterprise before the date the investment is made, even if that relationship has ended by the time the investment is made. The term “associate” is defined in new section 257TC as including spouse, civil partner, ancestor or lineal descendant, business partner and certain trustee relationships.
27. Subsection (3) provides definitions of some terms used in section 257LF. The definition of “related person” includes a person connected with the social enterprise or a linked company. In this context, “connected” is as defined by section 993 ITA, as provided by section 1021 ITA. This subsection also defines “subsidiary” as a 51% subsidiary, which is further explained in section 989 ITA.
28. Subsection (4) explains what is meant by a “remunerated director” in this context. A director is “remunerated” if during the longer applicable period he or a partnership of which he is a member receives, or is entitled to receive, a payment from a “related person” as defined in subsection (3). “Director”, for the purpose of Part 5B, takes its meaning from section 452 Corporation Tax Act 2010, modified so that references to companies in that section are to be read as including charities which are trusts. See new section 257TE.
29. Subsection (5) provides that certain types of payment are not taken into account in determining whether the director is “remunerated”. These are mostly payments of various types which do not constitute payments for services rendered as a director. However, reasonable payments which are for services rendered as a director may also be ignored, if one of two further conditions is met.
30. The first of these conditions is at subsection (6). This is that the investment was made at a time when the investor met the requirements of section 257LF, 257LG and 257LH, and also had never been involved in carrying on the whole or any part of the trade, business or profession carried on by the social enterprise or a subsidiary.
31. The second of the conditions is at subsection (7). This is that if the first condition is not met, the investment is made before the third anniversary of the last investment made by the director at a time when the investment met the first condition.

32. Subsection (8) provides that in cases where a director is also an employee of an enterprise, for the purposes of new section 257LF the employee relationship is to be disregarded.
33. New section 257LG prevents individuals from qualifying for relief if they, or their associates, have a certain level of interest in the capital of the enterprise or of a 51% subsidiary of the enterprise. This restriction applies throughout the longer applicable period, and it applies in respect of an interest in a company which is a 51% subsidiary at any time in that period, even if it is not such a subsidiary at the time of investment.
34. Subsection (3) prevents an individual from qualifying if that individual or an associate controls the enterprise or a 51% subsidiary. "Control" for this purpose is defined at new section 257TD and takes the meaning in section 450 and 451 of the Corporation Tax Act 2010, expanded so that references to company in those sections are to be read as including references to charitable trusts. Trustees who alone, or together with another person connected with them, have the power to exercise certain trustee functions, are regarded as controlling an enterprise in this context.
35. Subsection (4) prevents an individual from qualifying for relief if at any time in the longer applicable period, that individual or an associate has directly or indirectly more than 30% of any of the following:
- the issued share capital of an enterprise or its 51% subsidiary (as defined in section 989 ITA);
 - the aggregate of the loan capital and the issued share capital of the enterprise or its 51% subsidiary (and for the purpose of this sub-subsection, "issued share capital" means the amount raised by the issue - including any share premium - rather than the nominal value of the shares);
 - the voting power of an enterprise or its 51% subsidiary.
36. Subsection (5) disapplies subsection (3) and (4) in respect of any shareholdings at a time when the enterprise has issued only subscriber shares, and has not yet started its business or any preparations for its business. This prevents an individual from being disqualified merely by virtue of having taken shares in a company for the purpose of registering that company with Companies' House but where it is intended that there will be other investors in due course.
37. Subsection (6) defines "loan capital" for the purpose of subsection (4) as including any debt incurred by the relevant enterprise for any money borrowed or capital asset acquired by it; for any right to receive income created in favour of it; or for consideration the value of which to the enterprise was (at the time the debt was incurred) substantially less than the amount of the debt (including any premium on the debt). But loan capital is treated as excluding debts arising on a normal bank overdraft.
38. New section 257LH imposes a requirement that there must be no "reciprocal" arrangement allowing individuals to circumvent the restrictions in sections 257LF

and LG by investing in each other's social enterprises. This provision would apply, for example, where A, B and C are each directors of community interest companies A Ltd, B Ltd and C Ltd respectively, and A invests in B Ltd, B in C Ltd and C in A Ltd.

Chapter 4

39. Chapter 4, sections 257MA to 257MV, describe the eligibility conditions relating to the social enterprises.
40. New section 257MA sets a limit on the amount of tax-advantaged investment which an enterprise may receive in a rolling three year period. This limit is imposed by the need to comply with the European Commission's regulations on de minimis State aid, which restrict such aid to an amount not exceeding €200,000 in a three year period. The guidelines also require de minimis aid to be transparent (i.e. ascertainable) at the point at which it is given. As it is not possible to determine at the time of investment what tax reliefs may actually be claimed, the limit is therefore calculated by reference to the maximum amount of tax relief which an investment would be capable of attracting, rather than by reference to amounts of tax relief ultimately claimed.
41. New section 257MB grants a power for Treasury to amend by order the enterprise size and investment limits, or other matters needed in connection with an application for State aid approval.
42. New section 257MC sets out the limits that apply to the value of an enterprise's gross assets before and after an investment. The limits are £15m immediately before investment and £16m immediately after. The requirement differentiates between a singleton enterprise and one which is the parent of a group. Where the latter is the case, it is the value of the group assets which has to be taken into account.
43. Subsection (3) provides that for this purpose, no account is taken of any assets which consist in rights against another member of the group, or any shares in, or securities of, another such group member.
44. Section 257MC mirrors an equivalent provision in the Enterprise Investment Scheme legislation, at section 186 ITA. HMRC has published a Statement of Practice SP2/06 in relation to that provision, indicating that ordinarily the value of a company's assets will be determined by reference to the values shown on its balance sheets as explained in the Statement. It is anticipated that similar considerations are likely to apply for this new relief, subject to that Statement of Practice still being in existence.
45. New section 257MD provides that when the investment is made, none of the enterprise's shares, stocks, debentures or other securities may be listed on a recognised stock exchange or other designated exchange as defined, and there must be no arrangements in place for that to happen. This restriction applies in respect of all such instruments issued by the enterprise, not only those in respect of which tax relief may be claimed.

46. New section 257ME contains two tests, each of which must be met for the duration of the shorter applicable period. Both tests rely on the definition of “control” to be found at section 257T, which in turn relies on the definition at sections 450 and 451 of the Corporation Tax Act 2010, modified to take account of charitable trusts. Both tests also rely on the definition of “connection” in section 993 ITA, which applies by virtue of section 1021 ITA.
47. The first test, at subsection (1), prevents an enterprise from qualifying if it controls (either on its own or together with any person connected with it) any company which is not a qualifying subsidiary. “Qualifying subsidiary” for this purpose is as defined at section 257MU.
48. The second test, at subsection (2), prevents an enterprise from qualifying if it is either a 51% subsidiary of another company, or is under the control of another company (or another company and any person connected with that company) without being a 51% subsidiary of that company.
49. New section 257MF provides that any subsidiary which the enterprise has during the shorter applicable period, must be a qualifying subsidiary. The definition of “qualifying subsidiary” for this purpose is to be found at section 257MU.
50. New section 257MG requires that if the enterprise has a subsidiary whose business consists wholly or mainly of holding or managing land, or property deriving its value directly or indirectly from land, that subsidiary (termed a ‘property managing subsidiary’) must be a qualifying 90% subsidiary of the company. The legislation does not define what is meant by “property deriving its value ... indirectly from land”, but examples might include the enterprise having shareholdings in a company deriving its value directly or indirectly from land; having any interest in settled property deriving its value directly or indirectly from land; or having any option, consent or embargo affecting the disposition of land. For the definition of ‘qualifying 90% subsidiary’ see section 257MV.
51. New section 257MH requires that at the time of investment, either the enterprise or the group of which it is a parent, as appropriate, must have fewer than 500 full-time equivalent employees. Part-time employees are to be included on any basis which is “just and reasonable”. For the purpose of this section, the term “employee” includes directors, but not employees who are on maternity or paternity leave or students who are on vocational training.
52. New section 257MI provides that neither the enterprise, nor any of its qualifying 90% social subsidiaries, may be a member of a partnership at any time during the shorter applicable period. “Partnership” for this purpose will include a limited liability partnership, by virtue of section 863(2) Income Tax (Trading and Other Income) Act 2005.
53. New section 257MJ describes what is termed the “trading requirement”. Despite the title, this is not a requirement that the enterprise must either be trading at time of investment or must trade for any specified period of time. Rather, it is a

requirement as to the primary purpose of the enterprise or of the group of which it is a parent. It must be met throughout the shorter applicable period.

54. Subsection (2) provides that the trading requirement can be met in one or other of two ways, depending on whether the enterprise is a single entity or whether it is the parent of a group. A single enterprise must exist essentially for the purpose of carrying on one or more qualifying trades. A single enterprise which is a charity is treated for the purpose of this section as fulfilling this condition, although charities will by their nature exist for a charitable purpose rather than for a trading purpose. An enterprise which is the parent company of a group will fulfil the condition if the business of the group as a whole does not substantially involve non-qualifying activities. Subsection (7) defines “non-qualifying activities” for this purpose as excluded activities (see section 257MQ), or activities (other than carried on by a charity) which are carried on otherwise than in the course of a trade.
55. Subsection (3) treats an enterprise as a parent company if it intends that one or more companies will become its qualifying subsidiaries to carry on one or more trades which qualify for the purpose of Part 5B. Once it ceases to have this intention, however, it is no longer to be regarded as a parent company for the purpose of this section.
56. To enable a determination of whether the parent company of a group meets the trading condition as outlined above, subsection (4) provides that it is the business of the whole group taken together which is to be considered.
57. Subsection (5) provides that incidental activities carried on by a subsidiary which otherwise exists wholly to carry on a qualifying trade, are to be ignored.
58. Subsection (6) provides that the following types of activity are ignored altogether:
- holding shares in a qualifying subsidiary,
 - making loans to a subsidiary, and making loans to the parent company,
 - holding and managing property used by any group company for the purpose of one or more qualifying trades
59. A company which goes into administration or receivership will tend to fail the trading requirement at section 257MJ. New section 257MK provides that that will not be the case because of anything done as a result of the company being in administration or receivership providing that the entry into administration or receivership, and any subsequent actions, are undertaken for genuine commercial purposes and not for reasons of tax avoidance. Section 257TB explains further what is meant by a company going into administration or receivership.
60. New section 257ML provides that the enterprise must be party to the relevant investment for the purpose of raising money for a “funded purpose”.
61. Subsection (1) provides that a funded purpose can be either a qualifying trade carried on at the time of investment by the enterprise or a qualifying 90% social

subsidiary; or activities preparatory to a qualifying trade which the enterprise intends will be carried on either by the enterprise itself, or by a 90% social subsidiary. If it relates to the preparatory activities, then the relevant trade must begin within two years of the date of the investment.

62. New section 257MM imposes requirements on the enterprise as to how it uses the monies raised by the investment, and as to a minimum period of trading.
63. Subsection (1) provides that the monies raised by the investment must be employed wholly for the funded purpose (see section 257ML) within 28 months of the date of the investment. Insignificant uses of the money for other purposes are ignored, by virtue of subsection (4).
64. Subsection (2) provides that the relevant qualifying trade must have been carried on for a period of at least 4 months by either the investee enterprise, or a 90% social subsidiary. This subsection works in conjunction with section 257PB(3) to ensure that an enterprise is not eligible to submit a compliance statement to HMRC until it has completed at least 4 months of trading activity. Subsection (5) and (6) act to ensure that this requirement will still be regarded as having been met if either the enterprise or a qualifying subsidiary is wound up or dissolved, or put into administration or receivership before the end of the 4 month period, providing that such events occur for genuine commercial purposes and not for reasons of tax avoidance.
65. Subsection (3) provides that employing money on the acquisition of shares or stock in a company does not of itself amount to employing the money for the purposes of the funded purpose. This restriction should not prevent the money being used to acquire shares in a subsidiary company, providing that after the share issue the subsidiary is a qualifying 90% social subsidiary (see section 257MV) and that subsidiary then goes on to use the money for a funded purpose carried on by it (which will exclude the acquisition of shares or stock in another company).
66. New section 257MN provides that at no time during the shorter applicable period must relevant preparation work or the relevant qualifying trade be carried on by someone other than the investee enterprise or one of its 90% social subsidiaries.
67. Subsection (2) provides that this rule does not act to deny relief where an existing trade is carried on by another company and making of the investment is preparatory to the carrying of a qualifying trade by the investee enterprise or one of its 90% social subsidiaries.
68. Subsections (3) to (5) further provide that this rule does not act to deny relief in cases in which the investee enterprise (or any other company) goes into liquidation, administration or receivership provided that these actions are entered into and carried out for genuine commercial reasons.
69. New section 257MP explains what is meant by “qualifying trade” for the purpose of Part 5B.

70. Subsection (1) says that for a trade to be a qualifying trade, it must be conducted on a commercial basis and with a view to the realisation of profits. In addition, the trade must not consist wholly or as to a substantial part in the carrying on of ‘excluded activities’ as defined in section 257MQ.
71. Subsection (2) provides that what the company does must come within the ordinary meaning of ‘trade’; that is, it must not count as a trade merely because of the extension of the meaning of that word in section 989 ITA to include ‘any venture in the nature of trade’.
72. New section 257MQ provides a list of activities which are “excluded”. This list is needed to determine whether a trade is a qualifying trade and the extent to which the business of a group includes non-qualifying activities.
73. Some activities are necessarily excluded in order to comply with the European Commission’s regulations on de minimis State aid. These include fishery and aquacultural production activities; the primary production of agricultural products (which includes both livestock and crops as well as the production of alcohol from plants and fruit); and road freight haulage.
74. In addition to the exclusions made for State aid purposes, the following are also listed in subsection (1) as excluded: dealing in certain types of assets and commodities; certain financial activities; property development; certain subsidised generation or export of electricity; and the provision of certain services to another enterprise in common ownership where that enterprise’s trade is excluded.
75. Subsection (2) provides that lending money to a social enterprise is not “excluded”. “Social enterprise” for this purpose bears the same meaning as in section 257J.
76. New section 257MR supplements section 257MQ(1)(c) by explaining what is meant by “property development”.
77. Subsection (1) explains that property development for this purpose is defined as the development of land in which the enterprise has, or has had, an interest, with the object of realising a gain from the disposal of the land when developed.
78. Subsection (2) provides that for this purpose, ‘interest in land’ is defined in the legislation as any estate, interest or right over land including any right affecting the use or disposition of land; or any right to obtain such an estate, interest or right from another person, which is conditional upon the other person’s ability to grant it.
79. Subsection (3) makes it clear that references to an interest in land for this purpose do not include mortgage creditors or (in Scotland) the interest of a creditor in a charge or security of any kind over land.
80. New section 257MS supplements section 257MQ(1)(e) to exclude the generation or export of electricity in respect of which any person (whether the enterprise

undertaking the generation or export or any other person) receives a feed-in tariff under a UK government scheme to encourage small-scale low-carbon generation of electricity or a financial incentive granted under a similar overseas scheme.

81. New section 257MT supplements section 257MQ(1)(h). Together these sections explain that providing services or facilities for any business comprising a trade, profession or vocation carried on by another person (other than the parent of the company) is an excluded activity, where that other business consists to a substantial extent of any activities listed in section 257MQ as excluded, and a controlling interest in that other business is held by a person who also has a controlling interest in the business carried on by the company.
82. Subsection (2) defines a controlling interest in a business as follows. A person has a controlling interest in a business if, in the case of a business carried on by a company, he controls the company, or the company is a close company and he (or an associate of his) is both a director of it and the beneficial owner of, or able directly or through the medium of other companies (or by any other indirect means) to control, more than 30% of its ordinary share capital, or he owns at least one-half of the business by reference to the tests of ownership set out in sections 941 and 942 CTA 2010.
83. Subsection (3) provides that in the case of a business carried on other than by a company, a person is regarded as having a controlling interest in that business if he is entitled to not less than half of the assets used for, or the income arising from, the business.
84. Subsection (4) provides that for these purposes, the rights or powers of any person's associate count as that person's rights and powers.
85. New section 257MU explains what is meant by a "qualifying subsidiary" of an enterprise for the purpose of the sections of Part 5B which use that term.
86. Subsection (1) provides that a company is a qualifying subsidiary if it is a 51% subsidiary of the investee company. The meaning of 51% subsidiary is the same as that given in CTA10/S1154. That is, the investee company must directly or indirectly hold more than 50% of the ordinary share capital. In addition in order to be a qualifying subsidiary, no other person other than the company issuing the shares, or one of its subsidiaries, must control the subsidiary, and there must be no arrangements by virtue of which these requirements could cease to be met. 'Control' for this purpose has the meaning given at section 257TD.
87. Subsections (2) and (3) provide that these conditions are not to be regarded as ceasing to be satisfied by reason only of a winding-up or dissolution of the subsidiary or its parent, or of the subsidiary or its parent going into receivership, or of a disposal of the shares in the subsidiary, provided in all cases that this occurs for genuine commercial reasons and not as part of a scheme or arrangement for the avoidance of tax.

88. New section 257MV explains what is meant by a “90% social subsidiary” of an enterprise.
89. Subsection (1) provides that, for a subsidiary to be a 90% social subsidiary, the following must apply:
- The subsidiary must be a social enterprise
 - The parent enterprise must own at least 90% of the subsidiary’s issued share capital and voting rights.
 - The parent enterprise must be beneficially entitled to at least 90% of the assets available for distribution to equity holders of the subsidiary
 - The parent enterprise must be beneficially entitled to at least 90% of any profits of the subsidiary which would be available for distribution to equity holders. “Equity holder” is to be given the same meaning as in Chapter 6 of Part 5 of CTA 2010, as explained at subsection (8) and (9).
 - In addition, no person other than the parent enterprise must have control of the subsidiary, and there must be no arrangements by virtue of which any of the above conditions would cease to be met.
90. Subsections (2) to (4) provide that a company is still to be treated as a 90% social subsidiary if it is held indirectly via a company which is a qualifying 100% subsidiary of the relevant company, (based on similar considerations to those above).
91. Subsections (5) and (6) provide that the winding up of a subsidiary, or the subsidiary entering into or being in administration or receivership, do not prevent this test from being regarded as met providing that those events take place for genuine commercial reasons and not for the purposes of tax avoidance.
92. Subsection (7) provides that arrangements for the disposal of the subsidiary do not prevent this test from being regarded as met, providing that the disposal is for genuine commercial reasons and not for the purposes of tax avoidance.

Chapter 5

93. Chapter 5, section 257N, deals with attribution of relief to investments.
94. New section 257N sets out how SI relief is to be attributed to investments where only one investment is made, or where several investments are made in the same tax year. This becomes significant if the investor later disposes of some but not all of the investment;
- for the purpose of determining what relief is to be withdrawn if the disposal takes place within the qualifying period for the investment;

- for the purpose of determining whether the disposal takes place after the end of the qualifying period relevant to that particular investment, and is therefore exempt from capital gains tax by virtue of section 255B TCGA

Chapter 6

95. Chapter 6, sections 257P to 257PD, explains the procedures for making claims.
96. New section 257P explains the time limits for making a claim to SI relief.
97. Subsection (1) says that the claim may not be made earlier than the end of the period of 4 months referred to in section 257MM(2), and not later than the fifth anniversary of the filing date for the tax year in which the investment was made. Note: this overrides the normal claim period provided for in section 43 Taxes Management Act 1970. This is to take account of the fact that the individual's eligibility to claim depends on the enterprise having met certain conditions which may take some time to fulfil.
98. Subsection (2) provides that if the individual has made an election under section 257JA(4) to have some or all of the investment treated as though made in an earlier tax year, then subsection (1) above applies separately to that part of the investment as though it had been made in the earlier tax year.
99. New section 257PA deals with an individual's entitlement to claim SI relief in respect of an investment in a social enterprise.
100. Subsection (1) provides that in order for an individual to be eligible to claim SI relief, the enterprise must provide the individual with a compliance certificate which can be provided to HMRC in support of a claim.
101. Subsections (2) and (3) provide that a claim to SI relief must have been made in order for the individual's PAYE coding to be amended to take account of the SI relief, or for the individual to make any application for tax to be postponed pending the outcome of an appeal made on the grounds that SI relief will be available.
102. New section 257PB provides more detail about the compliance statement referred to in section 257PC(2).
103. Subsection (1) provides that it is a statement to the effect that, in respect of an investment, the conditions for the relief to apply have so far been met (other than those which have to be met by the individual), and the enterprise's intention is that they will continue to be met for the duration of the relevant applicable period. It is therefore not possible for an enterprise to obtain authority to issue certificates under section 257PC once it has ceased to satisfy any condition. So for instance, coming under the control of another company would make the issue of certificates impossible.

104. Subsection (2) gives HMRC the power to prescribe the form and content of the compliance statement. The statement must include a declaration to the effect that the statement is correct to the best of the enterprise's knowledge and belief, as well as any other declarations which HMRC may require. It is anticipated that a declaration as to the quantum of de minimis State aid received by the enterprise (see section 257MA) will be required under this section.
105. Subsection (3) provides that an enterprise cannot submit a statement more than two years after the end of the year of assessment in which the investment was made, or more than two years after the end of the period of four months referred to in section 257MM(2).
106. New section 257PC explains in more detail the requirements for an individual to obtain the compliance certificate referred to in section 257PA(1).
107. Subsection (1) explains that a compliance certificate is a certificate issued by the investee enterprise to the individual. It must state that the requirements for SI relief have so far been met (other than those which have to be met by the individual), and it must be in a form prescribed by HMRC.
108. Subsection (2) and (3) provide that the enterprise may not issue a compliance certificate to an individual until it has provided HMRC with a compliance statement (see section 257PB), and before it has had authority to do so from HMRC.
109. Subsection (5) and (6) provides that HMRC must give a decision in respect of any application to it for authority to issue a compliance certificate, and that a refusal to give such authority is a matter against which the enterprise has the right of appeal as provided for in the Taxes Management Act 1970.
110. New section 257PE grants a power for the Treasury to amend by order the procedures relating to claims.

Chapter 7

111. Chapter 7, sections 257Q to 257RC describes the circumstances in which relief will be withdrawn or reduced.
112. New section 257Q provides for SI relief to be reduced or withdrawn if the investor receives value from the enterprise during the longer applicable period. See also section 257QG which extends the effect of this provision. Whether the relief will fall to be reduced or withdrawn completely depends on the amount of the value received in relation to the amount of relief given, as determined by the formula in subsection (2).
113. Subsection (3) lists provisions which supplement section 257Q.

114. Subsection (6) provides that for the purpose of the value received provisions, a spouse or civil partner who has acquired any part of an investment in the course of a transaction to which section 257T applies is to be treated as the investor.
115. New section 257QA provides that where the amount of the value received is ‘insignificant’ it is ignored. An amount is insignificant for this purpose if it does not exceed £1000, or if it exceeds £1000 it is insignificant in relation to the amount subscribed by the individual for the shares in question. ‘Insignificant’ is not defined for this purpose.
116. To ensure that this relaxation is not used for tax avoidance purposes, subsection (3) provides that the amount of any value is not to be regarded as insignificant if it is received under arrangements which exist at any time in the 12 months ending on the date of the investment. Subsection (6) extends this to include receipts by an associate of the investor, or provision of value by any person connected with the social enterprise. “Arrangements” is as defined in section 257TE.
117. Subsections (4) and (5) provide that where there is more than one receipt which, on its own, would be regarded as insignificant, the rule must be applied to the total amount received within the longer applicable period.
118. New section 257QB modifies the calculation given at subsections 257Q(1) and (2) for cases where there has been more than one issue of investment attracting SI relief.
119. New section 257QC modifies the calculation given at subsections 257Q(1) and (2) for cases where part of the investment is treated as though made in the tax year preceding that in which it was made (see section 257JA(4)).
120. New section 257QD modifies the calculation given at subsections 257Q(1) and (2) for cases where the investor has not been able to obtain the maximum amount of SI relief available in respect of the investment. This would be the case where the maximum amount of relief available exceeded the investor’s liability to income tax for the tax year in question.
121. New section 257QE explains when value is considered to have been received by an investor, for the purposes of sections 257Q and 257QB.
122. Subsections (2) to (6) list a wide range of types of payments, benefits and transactions which will give rise to a withdrawal or reduction of SI relief by virtue of the value received provisions. These will include any repayment or part repayment of the investment in respect of which SI relief has been obtained.
123. Subsection (7) provides that if SI relief is withdrawn because the investor has disposed of the investment within the relevant applicable period, the disposal proceeds are not treated as a receipt of value for the purposes of this section.
124. Subsection (8) provides that if the investor is a director of the enterprise, a payment of reasonable remuneration or the provision of a benefit for services

- provided in the capacity of director or employee, is not to be treated as value received for the purposes of this section.
125. New section 257QF contains a table setting out how the amount of any value received is to be calculated, depending on the nature of the value received.
126. New section 257QG supplements those sections dealing with receipt of value. It provides that those sections apply equally in cases where the value has been provided indirectly as well as directly to the individual; or where the value has been provided to the individual's associate; or where the value has been provided by a person connected with the social enterprise at any time during the longer applicable period.
127. New section 257QH provides that an individual can avoid the consequences of receiving value by returning the whole of the value to the person that gave it. The value may be returned in a number of ways, depending on the circumstances in which value was received. These may include a cash payment, the reversal of the waiver or discharge of a liability, or the transfer in reverse of an asset at under or over value corresponding to that in the original transaction giving rise to the receipt of value.
128. Subsection (5) lists a number of types of cash payment which are not to be treated as providing replacement value for the purpose of section 257QH. These consist broadly of payments at normal arm's length rates for goods or services received, for assets transferred, or representing interest on money lent..
129. New section 257QI supplements section 257QH.
130. Subsection (1) provides that replacement value cannot be used to offset the receipt of value to the extent that it has already previously been used to do so.
131. Subsection (2) deals with the time within which the replacement value must be given in order for the individual to be able to avoid the consequences of receiving value. The replacement value must be given without unreasonable delay. If the amount of the value received was the subject of appeal proceedings it must be given within 60 days after the final determination of the appeal. A payment made before the value was received may be taken into account as replacement value, provided it was not made before the beginning of the longer applicable period referred to in section 257KC.
132. New section 257QJ acts to ensure that tax relief is not available to the extent that an amount equivalent to any part of an individual's investment is used by the enterprise or by one of its subsidiaries to repay, redeem or repurchase any of that entity's share capital. The restriction applies in respect of any such repayment, redemption or repurchase within the longer applicable period referred to in section 257KC. The aim is to prevent tax advantaged funds from being used to provide an exit for earlier shareholders, rather than being used for the activities of the enterprise.

133. New section 257QK provides that a repayment of share capital falling within section 257QJ is ignored if both it and the market value of the share capital repaid are insignificant compared with the market value of the remaining issued share capital of the company. Note that, unlike section 257QA, this provision does not provide for a specified amount to be treated as insignificant.
134. To ensure that this relaxation is not subject to abuse, subsection (3) provides that the amount of any value shall not be regarded as insignificant if it is received under arrangements which exist at any time in the 12 months ending on the date of the share issue.
135. New sections 257QL to 257QO supplement section 257QJ by explaining how the tax reduction is to be calculated where there is more than one issue of shares; where more than one individual is involved; where a single issue of shares has been treated partly as made in the previous tax year by virtue of a claim under section 257JA(4); or where the maximum amount of relief was not obtained for the share issue.
136. New section 257QP provides an exception from section 257QJ, to take account of the fact that it is not uncommon for a company to be established via the issue of redeemable shares, which are then redeemed when the company is acquired by its intended permanent owners. No reduction is to be made where share capital has been issued of a nominal value equal to the authorised minimum required by the Companies Act 2006 for a public company to do business, the Registrar of Companies having issued the company with a certificate under that Section, and any of it is redeemed within 12 months of the date of its issue.
137. New section 257QQ acts to ensure that the legislation serves to encourage genuinely new investment in social enterprises by denying relief to anyone who directly or indirectly owned the trade before it came to be owned by the company.
138. The restriction has effect if at any time within the longer applicable period mentioned in section 257KC, either the individual or any group of persons to which he or she belongs either: has more than a half share interest in the trade or part of the trade as carried on by the social enterprise or its qualifying subsidiary, or controls the social enterprise. In the first case, the provision will apply if the individual or group also had such an interest in the trade, or a part of the trade, at some previous time in the same period when it was carried on by some person other than the social enterprise. In the second case, the restriction will apply if the individual or group, at some previous time in the same period, controlled another company which was then carrying on the trade or part of the trade. The persons to whom a trade belongs, or the extent of their interests in it, are to be determined in accordance with section 941 CTA 2010.
139. New section 257QR similarly acts to ensure that relief goes only in respect of genuine new investment, by denying relief to anyone who alone or together with others, controlled a company which then carried on the trade and that company has come to be owned by the social enterprise in which the individual has now invested. For this purpose, section 257TF provides that ‘control’ has the meaning given in section 450 CTA 2010.

140. New section 257QS provides for relief obtained by an investor to be withdrawn if it is subsequently found by HMRC not to be due. Where the reason for this is because the social enterprise does not meet, or has ceased to meet, any of the conditions specified in Chapter 4 of Part 5B, HMRC must give notice to the social enterprise before relief can be withdrawn. The purpose of this procedure is to allow the party to any appeal proceedings to be the social enterprise itself in cases where most of the relevant evidence lies within its own power, and to simplify the withdrawal process in cases where there is a large number of investors. See new section 257SA for further information about appeals, and new section 257SB for information about time limits.
141. New section 257R explains that if the investment is wholly or partly disposed of during the shorter applicable period other than to a spouse or civil partner – see section 257T, then relief is to be reduced or withdrawn.
142. Subsection (2) and (3) treat the disposal differently depending on whether it has been made by way of an arms' length bargain or not. Where the disposal is other than at arms' length, the relief is withdrawn entirely. Where it is an arms' length bargain, relief is reduced (including withdrawn completely) by the application of the formula at subsection (4).
143. New section 257RA supplements section 257R by explaining how the reduction or withdrawal of relief is to be calculated in cases where the investor did not receive the maximum amount of relief for the investment.
144. New section 257RB provides that if the investor grants a call option over any part of the investment, that part is treated as though it had been disposed of with the result that the provisions of section 257R will apply. A call option is defined by the legislation as an option granted by the investor which, if exercised, would bind the investor to sell the whole or part of the investment.
145. New section 257RC has a similar effect where at any time in the longer applicable period referred to in section 257KC, a person grants a put option to the investor. A put option is defined as an option granted to the investor by any person which, if exercised, would bind the grantor to purchase any of the investment.

Chapter 8

146. Chapter 8, sections 257S to 257SJ, explains the procedures for withdrawing or reducing SI relief, and deals with various information obligations and powers.
147. New section 257S provides that where any SI relief is to be reduced or withdrawn, that must be done by HMRC making an assessment to recover the relief.
148. New section 257SA provides that where HMRC has given a notice under section 257QS(3), this is to be treated as a decision disallowing a claim by the social enterprise. This has the effect of allowing the social enterprise to appeal against the decision, and for the appeal then to be dealt with in accordance to the legislation dealing with appeals in Taxes Management Act 1970.

149. New section 257SB explains the time limits within which HMRC may make an assessment to recover relief, or issue a notice under section 257QS(3).
150. New section 257SC explains the circumstances in which assessments are not to be made to recover tax relief once it has been given. The first of these is when the investor has died. The second is when all the investments have been disposed of before the end of the qualifying period, and relief has been partially recovered under section 257R(3). Any balance of relief remaining will be recovered only if the investor subsequently fails the requirements at sections 257LF, 257LG or 257LH.
151. Where SI relief falls to be withdrawn, new section 257SD prescribes the relevant date from which interest starts to run. This date will always precede the date when the SA return is amended or the assessment withdrawing relief is made. Normally the relevant date from which interest starts to run will be 31 January next following the tax year in respect of which the assessment is made.
152. New section 257SE places an obligation on an investor to notify HMRC of certain events relating to the investor which would result in relief falling to be withdrawn or reduced. Events listed include: where there is a loan linked to the investment (section 257LD); where the investor ceases to be a qualifying investor by virtue of being an employee, partner or director (section 257LF) or of having more than a 30% interest in the enterprise (section 257LG); where there is a reciprocal arrangement of the type prohibited by section 257LH; where the shares are disposed of (section 257R); where there are put or call options (section 257RB and 257RC); or where the investor or an associate has received value (section 257Q). The investor must make the notification within 60 days of becoming aware of it.
153. New section 257SF similarly places an obligation on a social enterprise to notify HMRC within 60 days of becoming aware of an event relating to the enterprise which would result in relief falling to be withdrawn or reduced. Events which would trigger this obligation include the enterprise ceasing to be a qualifying enterprise by reference to the requirements included in Chapter 4 of Part 5B; providing value to the investor within section 257Q; repaying share capital to other investors within section 257QJ; or where a trade or company previously owned by an individual or group of individuals come to be owned by the social enterprise, within section 257QQ or 257QR.
154. Where HMRC has reason to believe that a notification should have been made under either section 257SE or 257SF, but no such notification has been made, new section 257SG gives HMRC a power to require a person to provide the information that HMRC believes is reasonably required. HMRC has to give the person at least 60 days in which to provide the information.
155. Where HMRC has reason to believe that certain prohibited arrangements exist, new section 257SH gives HMRC power to require a person to provide the information which it may reasonably require. Again, HMRC must give the person at least 60 days in which to provide the information. In the case of this section, the persons which HMRC may require to provide information will vary as specified, depending on which type of prohibited arrangement exists.

Chapter 9

156. Chapter 9, sections 257T to 257TE contain miscellaneous and supplementary provisions, including definitions of key terms used in Part 5B.
157. New section 257T ensures continuity of tax treatment where shares are transferred between spouses or civil partners in the circumstances specified. No relief is withdrawn where one spouse or civil partner disposes of shares to which relief is attributable to the other. Following such a disposal, for the purposes of any subsequent disposal or other event, the shares are treated as if they had always been owned by the spouse or civil partner to whom they have been transferred.
158. An individual who owns investments to which relief is attributable (see section 257N) may also possess other investments in the same company of the same class. Also, investments to which relief is attributable may have been acquired at various times and at various prices. Consequently, new section 257TA explains how to identify which investments have been disposed of, where only part of an individual's holding is disposed of.
159. New section 257TB explains what is meant by a company being in administration or receivership, by reference to the Insolvency Act 1986, the Insolvency (Northern Ireland) Order 1989 and any corresponding legislation in a country or territory outside of the United Kingdom.
160. New section 257TC explains what is meant by an “associate” of a person in the context of Part 5B. It includes spouse, civil partner, ancestor or lineal descendant, business partner and certain trustee relationships.
161. New section 257TD explains the term “control” as used in Part 5B.
162. Subsection (1) provides that “control” should be defined in accordance with sections 450 and 451 Corporation Tax Act 2010, but with the modification that “company” in those sections should be read as though including a charitable trust.
163. Subsection (2) explains that if the trustees of a charitable trust (acting in their capacity as trustees) either individually or together control another person as defined by sections 450 and 451 CTA 2010, then the charitable trust of which they are trustees is to be regarded as controlling the other person for the purpose of Part 5B.
164. Subsection (3) describes the circumstances in which a person is to be regarded as controlling a charity which is a trust, whether or not a trustee. A trustee who, alone or together with other trustees who are connected with him, can exercise some or all of the powers of the trustees, is to be regarded as controlling the charity. A person who is not a trustee but who either alone or with others has the power to appoint or remove trustees, or to approve or direct the trustees' functions, is to be regarded as controlling the charity.

165. Subsection (4) explains that subsection (3) should be read as expanding upon subsection (1), rather than limiting it.
166. Subsection (5) provides that for the purposes of Part 5B, a regulator is to be treated as not having control of any company merely by virtue of the fact that that company is regulated by that regulator.
167. Subsection (6) disapplies the definition of “control” at section 995 for the purposes of Part 5B. That definition would otherwise apply by virtue of section 1021. Note: this is a departure from the Enterprise Investment Scheme legislation at Part 5 ITA which has been used as a broad model. The EIS legislation uses both the section 995 definition, and that at sections 450 and 451 CTA 2010, at different places.
168. New section 257TE provides minor definitions for various terms used in Part 5B, including what is meant by the term “market value” in relation to an asset.

Part 2

169. Part 2 contains various consequential amendments to the Income Tax Act 2007.

Schedule 2

170. Paragraphs 1 and 2 insert new sections 255A to 255E into the Taxation of Chargeable Gains Act 1992 (‘TCGA’). Section 255A directs the reader to new Schedule 8B TCGA where the details of the capital gains tax relief are found.
171. New section 255B provides for special treatment of capital gains and losses which accrue on disposals of assets to which SI relief is attributable.
172. Subsection (1) applies where there would be a loss on a disposal of an asset to which SI relief is attributable. The consideration given for the asset is treated as reduced by the amount of SI relief, so the loss is reduced or eliminated, or becomes a gain.
173. Subsection (2) provides that where an asset to which SI relief is attributable is disposed of three years or more after acquisition, any gain which accrues on the disposal is not a chargeable gain for TCGA purposes. This rule is subject to the effect of section 255C.
174. Subsection (3) disapplies the rule in TCGA which means that a loss is not an allowable loss if, in similar circumstances, a gain would not be a chargeable gain. So although a gain on an asset to which SI relief is attributable is not a chargeable gain, a loss may still be an allowable loss for capital gains tax purposes.
175. Subsection (4) applies the asset identification rules contained in the SI relief provisions for the purposes of deciding which assets have been disposed of from

- within a holding of social investments, and whether relief is attributable to the assets disposed of.
176. Subsection (5) gives priority to the identification rules in subsection (4) over the normal rules in TCGA.
177. Subsection (6) disapplies the normal asset ‘pooling’ and identification rules in the TCGA from assets to which SI relief is attributable.
178. Subsection (7) allows HMRC to adjust the capital gains tax due or repayable as necessary when SI relief has been allowed or withdrawn.
179. Subsection (8) defines ‘SI relief’ as the income tax relief for investments in social enterprises.
180. Subsection (9) states that Part 5B of the Income Tax Act 2007 (income tax relief for investments in social enterprises) applies to determine whether SI relief is attributable to any asset, and the amount of relief so attributable.
181. New section 255C modifies the tax exemption conferred by section 255B(2) in some circumstances. Where the maximum possible SI relief has not been given in respect of the investment in the assets disposed of (other than because the claimant did not have sufficient income tax payable to absorb the maximum relief), the total gain is apportioned and only an amount attributable to the assets on which SI relief was given is exempt from capital gains tax.
182. New section 255D modifies the tax exemption conferred by section 255B(2) where the SI relief originally given has been reduced eg because the investor has received value from the social enterprise or because the investment has been repaid, redeemed or repurchased.
183. Subsection (2) applies where the SI relief has been reduced but the maximum available relief was originally allowed. In these cases, the exemption only applies to a fraction of the total gain corresponding to the fraction of the original relief which has not been withdrawn by reduction.
184. Subsection (3) applies where the SI relief has been reduced and the relief originally given was less than the maximum available, that is to say where section 255C applies. In these cases, the restriction at subsection (2) applies to the reduced gain determined under section 255C.
185. Subsection (4) requires that the reduction in SI relief used in subsection (2) is the total of all reductions which have applied to SI relief in respect of the assets disposed of.
186. Subsection (5) requires that, when apportioning the total gain under subsection (2), the original SI relief is the relief allowed before any reductions.
187. Section 255E contains special rules which apply when shares to which SI relief is attributable are involved in transactions such as reorganisations of the issuer’s share capital, share-for-share takeovers and company reconstructions.

188. Subsections (1) and (2) mean that where a person has a holding of shares the normal TCGA rules which apply eg on a reorganisation of share capital will apply to shares in that holding which have:
- both SI relief and hold-over relief under Schedule 8B attributed to them
 - have SI relief but not hold-over relief attributed to them
 - have neither relief attributed to them as if those shares were in separate holdings.
189. Subsection (4) is a rule which applies when shares which are involved in a rights issue by the company which issued the shares. If after the rights issue SI relief is attributable either to the existing shares or to the new shares allotted then the normal TCGA treatment of the existing holding and the new shares will not apply: they will not be treated as the same asset, but rather actual disposals and acquisitions will be recognised for tax purposes.
190. Subsection (5) means that, except in the circumstances described by subsection (6), the normal TCGA rules which apply when shares are involved in a share-for-share takeover or a company reconstruction will not apply when SI relief is attributable to those shares. The new holding and the original shares they correspond to will not be treated as the same asset, but rather the actual disposals and acquisitions will be recognised for tax purposes.
191. Subsection (6) specifies the circumstances in which, exceptionally, the normal TCGA rules which apply when shares are involved in a share-for-share takeover or a company reconstruction will apply, notwithstanding subsection (5). Broadly,
- the company which issues new shares must have previously issued shares which met the conditions for SI relief to be attributable to them
 - that company must have issued compliance certificates to subscribers for those shares
 - the takeover or reconstruction must occur more than three years after the investor acquired the original shares, and
 - the shares which represent the original shares after the transaction must be new shares which meet the conditions for SI relief to be attributable to them.
192. Paragraph 3 of Schedule 2 inserts new Schedule 8B into the TCGA. Paragraph 1(1) of Schedule 8B applies the Schedule if an individual (the investor) has a chargeable gain and acquires specific assets known as ‘the social holding’, providing the investor is eligible for SI relief on the consideration paid for those assets. Five further conditions (A, B, C, D and E) must also be met. Where the Schedule applies, the individual may claim for the gain to be reduced as provided for in paragraph (4).
193. Paragraph 1(2) of Schedule 8B sets out the first of the five further conditions: condition A. This is that the gain must either accrue on the disposal of an asset, or

it must be a previously deferred gain which accrues when a chargeable event occurs in relation to an asset which is, or forms part of, a social holding (see new paragraph (6)(1), paragraph 182 below).

194. Paragraph 1(3) of Schedule 8B sets out the second of the five further conditions: condition B. This is that the gain must accrue on or after 6 April 2014 and before 6 April 2019. The Treasury may substitute a later date for the end of this period by means of a Treasury order (paragraph (1)(7)).
195. Paragraph 1(4) of Schedule 8B sets out the third of the five further conditions: condition C. This is that the investor must be resident in the United Kingdom both when the gain accrues and when the social holding is acquired.
196. Paragraph 1(5) of Schedule 8B sets out the fourth of the five further conditions: condition D. This is that the investor must be acting on his or her own behalf and not in any other capacity in making the investment. For instance, condition D will not be met if the individual makes the investment as a partner for the purposes of the Partnership Act 1890 or the Limited Partnership Act 1907, as a member of a Limited Liability Partnership, as a trustee or as a personal representative of a deceased person.
197. Paragraph 1(6) of Schedule 8B sets out the last of the five further conditions: condition E. This is that the investment must be made either in the three years beginning on the day the gain accrues or in the year ending at the beginning of that day.
198. Paragraph 2 of Schedule 8B specifies a second, alternative set of conditions, under which the Schedule applies. The effect is that a claim may be made for a chargeable gain which has been deferred, and is attributed to an asset within a social holding, to be further deferred if the asset is replaced by a second social holding issued by the same enterprise, even if no cash is given for the second holding. Without this paragraph the investor could not further defer the gain because he would not be eligible for SI relief on the amount invested in the second holding - section 257LA ITA 2007 and paragraph 1(1)(c) of Schedule 8B TCGA.
199. Paragraph 2(1) of Schedule 8B sets down the circumstances in which this continuing deferral is allowed. They are that
- the social enterprise which issued the first asset must reacquire it from the investor, or must cancel, redeem, extinguish or repay it, so that the deferred gain accrues
 - the investor must receive from the social enterprise assets in respect of which he would be eligible for SI relief but for the ‘cash investment rule’ at section 257LA ITA 2007
 - the investor gives nothing for his new assets other than the first asset, or suffers no loss other than the value of the first asset.

This subparagraph also applies four conditions which correspond to conditions B - E in paragraph 1 (see above).

200. Paragraph 2(2) to 2(5) of Schedule 8B specify the four conditions F, G, H and J which must be met for the Schedule to apply by virtue of paragraph 2. These correspond to conditions B, C, D and E in paragraph 1 (see paragraphs 168 - 171 of this Note).
201. Paragraph 3 of Schedule 8B defines certain terms used in the Schedule.
202. Paragraph 4(1) and 4(2) of Schedule 8B permit the investor to make a claim for the original chargeable gain to be reduced. Where paragraph 1 applies, the gain may be reduced by an amount specified in the claim, up to a sum equal to the amount invested in the social holding, but not by any excess over the amount of the gain (or over the gain net of reductions allowed under the provisions listed at paragraph 4(4)). Where paragraph 2 applies, the gain is reduced by the amount specified in the claim, regardless of the amount 'invested' in the second social holding, but again not by any excess over the amount of the gain (or over the gain net of reductions allowed under the provisions listed at paragraph 4(4)).
203. Where paragraph 1 applies, paragraph 4(3) of Schedule 8B prevents the amount invested or any part of it being used more than once to generate relief under any of the provisions listed at paragraph 4(4).
204. Paragraph 4(4) of Schedule 8B lists the provisions mentioned in paragraph 4(3). These are the hold-over relief under this Schedule 8B, enterprise investment scheme (EIS) deferral relief under Schedule 5B TCGA and seed enterprise investment scheme (SEIS) deferral relief under Schedule 5BB TCGA.
205. Paragraph 4(5) of Schedule 8B imposes an upper limit of £1 million on the gains which may be relieved under this Schedule by an individual in any tax year. This not the same as the limit which applies to the total amount which a single enterprise may receive under EU State aid rules (see paragraph 40 of this Note).
206. Paragraph 4(6) of Schedule 8B explains that when a gain is reduced in this way, the relief represented by the amount of the reduction is 'attributable to' the asset or assets which form the social holding. It also provides that when the person holding an asset dies, or a chargeable event occurs in relation to that asset, the relief ceases to be attributable to it. Paragraph (6)(1) explains what is meant by a 'chargeable event'.
207. Paragraph 5 of Schedule 8B provides for a gain equal to all or part of the reduction made under paragraph 4(1) to accrue and be taxable when a chargeable event occurs in relation to the social holding. If the chargeable event relates only to part of the social holding then a corresponding part of the gain accrues. The total gains which can accrue in relation to a social holding cannot exceed the total amount of the reduction.
208. Paragraph 6(1) of Schedule 8B lists the chargeable events which cause a relieved gain to accrue when they occur. These are:
- the investor disposing of an asset forming all or part of his social holding (but this does not include disposals to their spouse or civil partner)

- the disposal of an asset forming all or part of a social holding by a person who acquired it from their spouse or civil partner (but this does not include disposals back to the investor)
 - an asset forming all or part of the holding being cancelled, extinguished, redeemed or repaid
 - any of the conditions for eligibility to SI relief in Chapters 3 and 4 of Part 5B of the Income Tax Act 2007 failing to be met
209. Paragraph 6(2) of Schedule 8B means that the death of the investor, or of a person who acquired the social holding or any part of it from the investor as their spouse or civil partner, will not cause a deferred gain to accrue in relation to the assets in the social holding. Furthermore, nothing which happens at or after the time of death will be a chargeable event, so deferred gains will not accrue.
210. Paragraph 6(3) of Schedule 8B gives rules for identifying assets disposed of out of a holding of fungible assets (such as shares) some of which have one or more reliefs attributable to them. These rules are necessary because in many cases the TCGA 'pools' holdings of assets of the same class and treats them collectively as a single asset. Where some of those assets have relief attributable to them, and their disposal would have particular tax consequences, special rules are needed to identify which assets are disposed of from out of a 'pool'. Under paragraph 4(3)(a) the assets disposed of are identified with assets of the same class on a 'first-in, first-out' basis, taking the acquisitions on a daily basis. Assets acquired on the same day are treated as being disposed of in the following order:
- firstly, assets to which neither hold-over relief under this Schedule 8B nor SI relief under Part 5B of the Income Tax Act 2007 is attributable;
 - secondly, assets to which hold-over relief but not SI relief is attributable;
 - thirdly, assets to which SI relief but not hold-over relief is attributable
 - finally, assets to which both hold-over relief and SI relief are attributable.

Paragraph 4(6) explains what is meant by relief being attributable to an asset

211. Paragraph 6(4) of Schedule 8B ensures that when an asset to which hold-over relief under this Schedule (and not SI relief) is attributable is held by a person who received it as the spouse or civil partner of the investor, the identification rules in paragraph 6(3) apply as though he or she acquired the assets when the investor acquired them.
212. Paragraph 6(5) of Schedule 8B ensures that an asset to which SI relief is attributable is held by a person who received it as the spouse or civil partner of the investor, the identification rules in paragraph 6(3) apply as though he or she acquired the assets when the investor acquired them.
213. Paragraph 6(6) and 6(7) of Schedule 8B provides for the main asset identification rules in the TCGA to be subject to the special rules in paragraph 6, and for the

asset pooling and identification rules in sections 104, 105 and 106A not to apply to assets to which hold-over relief and not SI relief is attributable.

214. Paragraph 6(8), 6(9) and 6(10) of Schedule 8B provide rules for attributing the held-over chargeable gain to assets which are treated for tax purposes as representing, or being the same asset as, an asset in a social holding. The original gain, less any gains treated as accruing under paragraph 5, is to be apportioned between the assets which represent the social holding on a just and reasonable basis, and the asset identification rules in paragraph 6 apply to the latter assets as they would apply to the assets which comprised the social holding.
215. Paragraph 7 of Schedule 8B specifies to whom gains are treated as accruing when there is a chargeable event of one of the types given in paragraph 6(1).
216. Paragraph 8 of Schedule 8B specifies the procedure for making claims to hold-over relief under the Schedule. The procedure and requirements for claiming SI relief in ITA 2007 will apply, with the necessary adaptations, to claims to hold-over relief also. If the SI relief procedure is amended (as permitted by the ITA) by secondary legislation, the procedure for hold-over relief claims will be amended in the same way.

BACKGROUND NOTE

These tax reliefs have been introduced to incentivise investment by individuals in social enterprises, to support the Government's aim of stimulating the social enterprise sector.
