Section 7: GENERAL NOTES TO ACCOMPANY TABLES

UK Regular Forces includes all trained and untrained personnel. Gurkhas, Full Time Reserve personnel, and mobilised reservists are excluded.

Data are taken from the Joint Personnel Administration (JPA) system. Location data are based on the stationed location of the individual as recorded in the 'Assignment Location' field of the JPA system. Personnel deployed on operations to an area away from their stationed location are shown against their most recent stationed location.

UK stationed personnel with an unknown postcode, but for whom country data can be derived, are included in the total for that country. As a result, totals may not always equal the sum of the parts. Additionally, the grand total in section 1 includes centrally administered personnel and personnel with no known location.

Naval Service personnel on sea service are included against the local authority containing the home port of their ship.

Royal Air Force Other Ranks serving in the South Atlantic are shown against the location containing their home base.

Only countries with 20 or more stationed personnel are shown individually.

Deployment statistics showing actual location are currently under development.

Due to the rounding methods used, figures may not always equal the sum of the parts. When rounding to the nearest 10, numbers ending in 5 have been rounded to the nearest 20 to prevent systematic bias.

Due to ongoing validation of data from the new Personnel Administration System (JPA), all location data are provisional and subject to review.

- denotes zero or rounded to zero.
