

POST ADOPTION STATEMENT

**ANNOUNCEMENT OF ADOPTION OF THE NATIONAL FLOOD AND COASTAL EROSION RISK
MANAGEMENT STRATEGY FOR ENGLAND
(SI 2004 1633 (England) Regulation 16 1(b) & 2)**

**The national flood and coastal erosion risk management strategy for England
The Environmental Assessment Regulations (Si 2004 1633)**

The Environment Agency gives notice that The national flood and coastal erosion risk management strategy for England was adopted on the 18th July 2011. It is available for inspection alongside its Environmental Report and a Statement of Environmental Particulars (in line with Regulation 16(4)) at the locations set out below.

The national flood and coastal erosion risk management strategy for England shows how communities can be more involved in local flood and erosion risk management. It also emphasises the need to balance national and local activities and funding.

In setting out future approaches to FCERM, this strategy considers the level of risk and how it might change in the future, the risk management measures that may be used, roles and responsibilities, future funding and the need for supporting information.

Members of the public may inspect a printed copy (**inspection is free**) from the following address:

Environment Agency, Horizon House, Deanery Road, Bristol, BS1 5AH
Open: Monday – Friday: 9am – 5pm
