Claremorris
Co. Mayo
Ireland

Authorisation is hereby given by the Secretary of State for Business, Innovation & Skills for the following certificate of approval relating to a pattern of a liquid flow meter to be amended as described below.

This Approval is extended to include the addition of the following authorised alternatives: -

Alternative POS PCs: Fujitsu TP-Trio & FEC Katana

Alternative Software: The version number is shown at the top of the login screen at start up.

Winepos4 - 1.440.1.1.10 & Forecourt Service - 1.4.0

In the CBE Software Development Process Control, there are two types of modification categories.

1. A change request (CR) identifies features or modifications made after release.
2. A software fault form (SFF) identifies bugs discovered during the quality control phase of a CR.

Winepos4 - 1.440.1.1.10

4 = Major, 440 = CR, 1 = Magellan Scales, 1 = Fuel, 10 = SFF

Forecourt Service - 1.4.0

1 = Major, 4 = Changes or features after release, 0 = Faults discovered in testing a change or feature.
