## Experts and reviewers involved in the work

The Office of Science and Technology would like to acknowledge the following individuals who contributed to or reviewed the work of Phase 3 of the project. Experts who led the main packages of work are listed in bold:

Experts who performed the work and reviewers		
Prof Nigel Arnell	Tyndall Centre for Climate Change Research	University of Southampton
<b>Prof Richard Ashley</b>	School of Engineering, Design and Technology	Pennine Water Group, University of Bradford
Prof David Ball	School of Health and Social Sciences	Middlesex University
Prof David Balmforth	Knowledge Management Services	Montgomery Watson Harza
Douglas Benwell	Engineering Systems Management	HR Wallingford
Dr Frans Berkhout	Science Policy Research Unit	University of Sussex
John Blanksby	School of Engineering, Design and Technology	Pennine Water Group, University of Bradford
Amanda Bodily	GIS analyst	Halcrow Group Ltd
Steven Bowley	Coastal Team	Formerly of Halcrow Group Ltd
Dr Simon Brown	Manager of Extreme Events	Met Office Hadley Centre
Prof David Butler	Department of Civil and Environmental Engineering	Imperial College, London
Adrian Cashman	Department of Civil and Structural Engineering	Pennine Water Group, University of Sheffield
Dr Matt Charlton	School of Geography	University of Nottingham
Dr John Chatterton	Consultant	John Chatterton Associates
Ian Clifforde	Technical Director	Black and Veatch Consulting Ltd
Prof Ian Cluckie	Department of Civil Engineering	University of Bristol
Annabel Coker	School of Health and Social Sciences	Middlesex University
Dr Kieran Conlan	Consultant	Cascade Consulting
Dr Nick Cooper	Head of Coastal Processes Team	ABP Marine Environmental Research
Dr Sarah Cornell	Tyndall Centre for Climate Change Research	University of East Anglia
Prof David Crichton	Consultant	Independent Research Consultant

Experts who performed the work and reviewers ( <i>continued</i> )		
Rob Deakin	Market Sector Manager (GIS)	Halcrow Group Ltd
Craig Elliott	Associate	CIRIA
<b>Prof Edward Evans</b>	Visiting Professor, School of Civil Engineering, University of Glasgow	Lead technical consultant to the project
Dr Richard Fenner	Department of Engineering	University of Cambridge
Mark Fletcher	Associate Director	Arup Consulting
Dr Govert Geldof	Consultant	TAUW
Dr Jim Hall	Department of Civil Engineering	University of Bristol
Prof John Handley	Director of Centre for Urban and Rural Ecology	University of Manchester
Dr Richard Harpin	Market Sector Director (Water Management and Planning)	Halcrow Group Ltd
Dr Peter Hawkes	Coastal Group Project Manager	HR Wallingford
Julia Hertin	Science Policy Research Unit	University of Sussex
Dr Joe Howe	School of Planning and Landscape	University of Manchester
Dr Stephen Huntington	Managing Director	HR Wallingford
Dr Lynne Jack	Department of Civil Engineering	Heriot-Watt University
Dr Andrew Jordan	School of Environmental Sciences	University of East Anglia
Richard Kellagher	Water Management Department	HR Wallingford
Prof Stuart Lane	School of Geography	University of Leeds
Ian Lang	Consultant	Montgomery Watson Harza
Peter von Lany	Principal Consultant, (Decision and Risk Analysis)	Halcrow Group Ltd
Laure Ledoux	Director	Environmental Futures
Harry van Luijtelaa	Consultant	TAUW
Prof Glenn Lyons	Centre for Transport and Society	University of the West of England
Prof Cedo Maksimovic	Department of Civil and Environmental Engineering	Imperial College, London
Prof Ian Marshall	Computing Laboratory	University of Kent
Prof Joe Morris	Institute of Water & Environment	Cranfield University
Alastair Moseley	Technical Director	Hyder Consulting
Prof Robert Nicholls	School of Civil Engineering and the Environment	University of Southampton
Prof Enda O'Connell	Water Resources Engineering	University of Newcastle
Dr Crina Oltean-Dumbrava	School of Engineering, Design and Technology	Pennine Water Group, University of Bradford
Dr Christian Onof	Department of Civil and Environmental Engineering	Imperial College, London

<b>Experts who performed the work and reviewers (continued)</b>		
Prof Julian Orford	Department of Geography	Queens University, Belfast
John Palmer	Associate Director	Halcrow Group Ltd
Mike Panzeri	Senior Environmental Informatics Scientist	HR Wallingford
Prof Edmund Penning-Rowse	Professor and Pro Vice-Chancellor (Research), Head of Flood Hazard Research Centre	Middlesex University
Andy Pepper	Consultant	Independent consultant
Dr Paul Quinn	School of Civil Engineering and Geosciences	University of Newcastle
David Ramsbottom	Technical Director, Rivers and Flood	HR Wallingford
Prof Keith Richards	Department of Geography	University of Cambridge
Prof Adrian Saul	Department of Civil and Structural Engineering	Pennine Water Group, University of Sheffield
<b>Paul Sayers</b>	Group Manager	HR Wallingford
Dr Elizabeth Sharp	Department of Geography and Environmental Science	Pennine Water Group, University of Bradford
Jonathan Simm	Technical Director, Engineering	HR Wallingford
Stuart Suter	Chief Engineer, (Irrigation and Drainage)	Halcrow Group Ltd
Sue Tapsell	Principal Lecturer, Flood Hazard Research Centre	Middlesex University
<b>Prof Colin Thorne</b>	Chair of Physical Geography	University of Nottingham
Dr Robert Tinch	Director	Environmental Futures
Ian Townend	Managing Director	ABP Marine Environmental Research
Prof Kerry Turner CBE	School of Environmental Sciences	University of East Anglia
<b>Prof Andrew Watkinson</b>	Tyndall Centre for Climate Change Research	University of East Anglia
Prof Alan Werritty	Department of Geography	University of Dundee
Prof Howard Wheeler	Head of Environmental and Water Resource Engineering	Imperial College, London
<b>Science Editor</b>		
Michael Kenward	Science editor	Kenward Words Ltd

The Office of Science and Technology would also like to acknowledge contributions made by the members of the High-Level Stakeholder Group led by Elliot Morley MP, specifically:

<b>High Level Stakeholder Group – members and deputies</b>	
Elliot Morley MP – Chair	Minister for Environment and Agri-Environment
Sir David King	Chief Scientific Adviser to HM Government
Richard Bird	Director, Water Directorate, Defra
Mridul Brivati	Team Leader, Environment, Food and Rural Affairs Team, HM Treasury
Noel Cleary	Head of the Flood Management Strategy Unit, Defra
Alasdair Coates	Operations Director, Halcrow Group Ltd
Sir Martin Doughty	Chair, English Nature
Professor Chris Fleming	Group Board Director, Halcrow Group Ltd
Sir Edward Greenwell	Former President, Country Land and Business Association
Brian Hackland	Director, Town and Country Planning, ODPM
Judicaelle Hammond	Environment, Food and Rural Affairs Team, HM Treasury
Sir John Harman	Chairman, Environment Agency
Lester Hicks	Divisional Manager, Minerals and Waste Planning Division, ODPM
Antonia King	Team Leader, Environment, Food and Rural Affairs Team, HM Treasury
Anna Longman	Team Leader, Environment, Food and Rural Affairs Team, HM Treasury
Cheryl Miller	Chief Executive Officer, East Sussex County Council representing the Local Government Association
Sarah Mullen	Team Leader, Environment, Food and Rural Affairs Team, HM Treasury
David Noble OBE	Chief Executive, Association of Drainage Authorities
John Parker	Head of General Insurance, Association of British Insurers
Donald Ritchie	Deputy Chairman, Environment Agency
Bill Stow	Director General, Environment, Defra
Anna Walker	Director General, Land Use and Rural Affairs, Defra
Chris Walker	Assistant Director, Operations, East Sussex County Council representing the Local Government Association
Peter Watts	Chair, Severn Trent Regional Flood Defence Committee

The Office of Science and Technology would also like to acknowledge the contributions of the group of expert technical advisors, specifically:

Expert advisors and deputies	
Dr Mervyn Bramley	Policy Manager, Environment Agency
Dave Brook OBE	Head of Branch, Mineral and Waste Planning, ODPM
Dr Simon Brown	Manager of Extreme Events, Hadley Centre
Alan Burdekin	The Scottish Executive Environment and Rural Affairs Department
Dr Ann Calver	Head of Hydrological Risks Division, Centre for Ecology and Hydrology
John Clarke	Rivers Agency, Department of Agriculture and Rural Development, Northern Ireland
Phil Gelder	Sewer Flooding Manager, Severn Trent Water
Andrew Jackson	Deputy Director, Foresight Directorate, Office of Science and Technology
Dr Geoff Jenkins	Technical Director, Hadley Centre
Dr Peter Jones	Department for Environment, Planning and Countryside, Welsh Assembly Government
James Marsden	Head of Policy, English Nature
Ian Meadowcroft	Risk Analyst, Environmental Policy – Risk and Forecasting, Environment Agency
Reg Purnell	Chief Engineer, Defra
Dr Suresh Surendran	Risk Analyst, Environmental Policy – Risk and Forecasting, Environment Agency
David Withrington	Senior Freshwater Officer, English Nature

Flood and Coastal Defence project team	
Robert Bernard	Project co-ordinator
Derek Flynn	Project leader
Jon Parke	Project manager
Neil Pitter	Project administrator
Robert Thornes	Project co-ordinator

### **List of project reports:**

The following project reports and documents are available from the OST or from the Foresight website – [www.foresight.gov.uk](http://www.foresight.gov.uk) :

1. *Executive Summary*
2. *Key messages for stakeholders*: this is a series of information sheets for researchers, skills providers, local and regional government, and the insurance and financial services.
3. An overview of the science used may be found in:  
*Scientific Summary: Volume I – Future risks and their drivers*  
*Scientific Summary: Volume II – Managing future risks*
4. *Scotland*. This is a detailed technical report analysing the extent and nature of future risks specifically for Scotland.
5. A series of technical papers detailing the underlying work of the project.
6. *'Flood Ranger'* flooding simulator: this computer-based educative tool enables the operator to explore the interaction of many issues relating to future flood defence for an imaginary part of the UK – including climate change, planning, infrastructure provision and flood defences. It is of potential interest to educators and professionals interested in flooding and its interaction with society, the environment and the economy. Further details of Flood Ranger are available from the developers: [www.discoverysoftware.co.uk](http://www.discoverysoftware.co.uk)
