

Route 39 Academy: Impact Assessment

School	Distance from free school (miles)	School type	Capacity	Attainment in 2011/12 - % of pupils achieving 5A*-C inc E&M	Ofsted grade	Impact rating
Bideford College	5.4	11-18 Foundation School	1,854 school places. 16% surplus and was undersubscribed in 2011/12	Below average - 51.5%	Satisfactory	<p>Minimal</p> <p>The school is not high performing, so is likely to lose some prospective students to the Free School. However, it is a very large school and should be able to function with fewer students.</p> <p>The Free School is unlikely to affect the long term financial viability of the school.</p>
Great Torrington School	8.7	11-16 Academy Converter	900 school places. 6% surplus and was undersubscribed in 2011/12	Below average - 50.6%	Good	<p>Moderate</p> <p>The school is likely to lose some prospective students to the Free School.</p> <p>The Free School may affect the long term financial viability of the school.</p>
Braunton School and Community College	11.3	11-16 Academy Converter	750 school places. 7% surplus and was undersubscribed in 2011/12	Below average - 57.6%	Good	<p>Minimal</p> <p>The school might lose some prospective students to the Free School. But the number is likely to be relatively small as the school is good and the best performer of the schools in the area.</p> <p>The Free School is unlikely to affect the long term financial viability of the school.</p>
Holsworthy Community College	11.8	11-16 Foundation School	750 school places 12% surplus and was undersubscribed in 2011/12	Below average - 57%	Satisfactory	<p>Moderate</p>

						Although a similar distance to the Free School as Brauton, the school's performance isn't a strong, so might feel a greater impact than that school. The Free School may affect the long term financial viability of the school
Pilton Community College	13.5	11-16 Academy Converter	1,431 school places 12% surplus and was undersubscribed in 2011/12	Well below average - 48.6%	Good	Minimal The school is not high performing, so might lose some prospective students to the Free School. However, it is a very large school and should be able to function with fewer students. The Free School is unlikely to affect the long term financial viability of the school.

College	Distance from free school (miles)	College type	Capacity	Attainment in 2011/12	Ofsted grade	Impact rating
Petroc	13.0	Further Education college	6,118 learners 60% of learners are aged 16-18 This is a large college	Well above average - the average points score at level 3 in 2012 is 900	Good	Minimal The college is likely to lose some prospective students to the Free School. But the number is likely to be relatively small given the size (200 places) of the Free School's Sixth Form compared to this large college. The Free School will not affect the long term financial viability of the college.
Exeter College	38.8	Further Education	6621 learners 70% of learners	Average or close to average - the	Good	Minimal

		college	are aged 16-18 This is a large college	average points score at level 3 in 2012 is 699.6		Despite the distance from the Free School, some north Devon students do travel to Exeter, so it is possible that the college will lose some prospective students to the Free School, but the number is very likely to be very small. The Free School will not affect the long term financial viability of the college.
City College Plymouth	42.6	Further Education college	4984 learners 50% of learners are aged 16-18 This is a large college	Well below average - the average points score at level 3 in 2012 is 568.6	Satisfactory	Minimal Despite the distance from the Free School, some north Devon students do travel to Plymouth, so it is possible that the college will lose some prospective students to the Free School, but the number is very likely to be very small. The Free School will not affect the long term financial viability of the college.
