

River Fowey historic upstream sea trout counts Restormel Weir, Cornwall.

The chart below shows the historic upstream counts for sea trout recorded by the Environment Agency fish counter at Restormel Weir (River Fowey, Cornwall). The figure above each bar is the total count for a complete run year i.e. March to February (inclusive) of the following year.

Note: – Figures/bars in red are provisional. All other figures are final (adjusted for fish pass and counter efficiencies). Please acknowledge the Environment Agency as the data source if quoting any of the above figures. The information provided is based on that currently available to the Environment Agency. The Environment Agency accepts no liability for any loss, damage, costs or claims arising either directly or indirectly from its use or interpretation.
