To all local authorities in England

Dear Colleagues,

Re: S31 Special Educational Needs and Disability (SEND) Implementation Grant (New Burdens) Determination Letter 2014-2015 [DfE CSDSD2/2014] [31/2376]

This Determination is made between:

- (1) **The Secretary of State for Education** and
- (2) **The local authorities listed at Annex A**

Purpose of the Grant

The purpose of this grant is to provide support to local authorities in England towards additional expenditure lawfully incurred or to be incurred by them in implementing the SEND reforms, including in transferring children and young people from statements and young people in further education or training who had Learning Difficulty Assessments to Education, Health and Care plans. The funding is **£45.2million** for 2014-15 and an indicative amount of **£31.7 million** for 2015-16. This additional funding to support the implementation of the reforms is in addition to the £70 million SEN Reform Grant already provided to local authorities in 2014-15.

Local authorities can spend this grant to help with the additional costs associated with the implementation of the SEND reforms. They may, however, choose how to spend the money in order to best meet local need.

The Children and Families Act introduces new duties on local authorities in order to improve outcomes for children and young people with SEN or who are disabled, increase choice and control for parents, and promote a less adversarial system. Local authorities are undertaking a range of activities to prepare for these changes, which will be implemented from September 2014.

Signed by authority of the Secretary of State

Yours sincerely,

Ann Gross
Director, Special Needs and Children's Services Strategy
