Vendor test data

Search by property description

Version 1.0

Information Systems
Seaton Court
2 William Prance Road
Plymouth
Devon
PL6 5WS

www.landregistry.gov.uk

Note: All tests require the basic minimum data items (as per the schemas).

This will actually be ignored by the system but is needed to pass xml validation.

Items highlighted in **red** in the test documentation are needed for the test to return the correct response.

1a. Undertake a search using the property description – Single Result

| Field group | Field name | Input | Expected output |
|------------------|---------------------------|------------------------|--|
| Login Details | User ID | BGUser001 | TypeCode = '30' Generation of the following information: - external reference number - title number - tenure - building name and/or building number - street name - city name - postcode for each matching result is returned to the CMS. |
| | Password | landreg001 | |
| | User locale ¹ | en | |
| | Message ID ¹ | any schema valid input | |
| Property Address | Building name / house | | |
| | Building number / flat | 99 | |
| | Street name | | |
| | City Name | | |
| | Postcode | TQ56 4HY | |
| | External reference number | any schema valid input | |
| | Customer reference number | any schema valid input | |

1. These details are mandatory and are required by the system

1b. Out of hours using Building Number, Street and City Name

| Field group | Field name | Input | Expected output |
|------------------|---------------------------|------------------------|---|
| Login Details | User ID | BGUser001 | TypeCode = 10 |
| | Password | landreg001 | |
| | User locale ¹ | en | Unique id |
| | Message ID ¹ | pollST500681 | |
| Property Address | Building name / house | | ExpectedResponseDateTime Message Description “ Service is not currently available.System has queued your request,please poll at specified time. ” returned. |
| | Building number / flat | 99 | |
| | Street name | Flake Avenue | |
| | City Name | Torquay | |
| | Postcode | | |
| | External reference number | any schema valid input | |
| | Customer reference number | any schema valid input | |

1. These details are mandatory and are required by the system

1c. Poll success for search using Building Number, Street and City Name

| Field group | Field name | Input | Expected output |
|---------------|--------------------------|--------------|---|
| Login Details | User ID | BGUser001 | TypeCode = '30' Generation of the following information: <ul style="list-style-type: none"> - external reference number - title number - tenure - building name and/or building number - street name - city name - postcode for each matching result is returned to the CMS |
| | Password | landreg001 | |

| | | | |

1. These details are mandatory and are required by the system

3. Undertake a search using the property description – Multiple Results

| Field group | Field name | Input | Expected output |
|------------------|---------------------------|------------------------|--|
| Login Details | User ID | BGUser001 | TypeCode = '30' Generation of the following information: - external reference number - title number - tenure - building name and/or building number - street name - city name - postcode for each matching result is returned to the CMS. |
| | Password | landreg001 | |
| | User locale ¹ | en | |
| | Message ID ¹ | any schema valid input | |
| Property Address | Building name / house | | |
| | Building number / flat | 27 | |
| | Street name | Church Road | |
| | City Name | Exeter | |
| | Postcode | | |
| | External reference number | any schema valid input | |
| | Customer reference number | any schema valid input | |

1. These details are mandatory and are required by the system

4. Search against address with no properties

| Field group | Field name | Input | Expected output |
|------------------|---------------------------|------------------------|---|
| Login Details | User ID | BGUser001 | TypeCode = 20 |
| | Password | landreg001 | |
| | User locale ¹ | en | External Reference |
| | Message ID ¹ | any schema valid input | |
| Property Address | Building name / house | any schema valid input | bg.properties.nopropertyfound Message: “No title number has been identified from the data supplied. This does not necessarily mean that a register of a title does not exist but only that insufficient data has matched.” returned. |
| | Building number / flat | any schema valid input | |
| | Street name | any schema valid input | |
| | City Name | Bristol | |
| | Postcode | any schema valid input | |
| | External reference number | any schema valid input | |
| | Customer reference number | any schema valid input | |

1. These details are mandatory and are required by the system

5. Too many properties found

| Field group | Field name | Input | Expected output |
|------------------|---------------------------|------------------------|---|
| Login Details | User ID | BGUser001 | TypeCode = '20' |
| | Password | landreg001 | |
| | User locale ¹ | en | External Reference |
| | Message ID ¹ | any schema valid input | |
| Property Address | Building name / house | any schema valid input | bg.properties.toomanyproperties |
| | Building number / flat | any schema valid input | |
| | Street name | any schema valid input | |
| | City Name | Cardiff | |
| | Postcode | any schema valid input | |
| | External reference number | any schema valid input | Message: "The property address you entered has matched with a large number of properties on our database. Please request again with refined address details." returned. |
| | Customer reference number | any schema valid input | |

1. These details are mandatory and are required by the system

6. Search using Schema Invalid postcode

| Field group | Field name | Input | Expected output |
|------------------|---------------------------|--------------------------------|-----------------------|
| Login Details | User ID | BGUser001 | Schema fault returned |
| | Password | landreg001 | |
| | User locale ¹ | en | |
| | Message ID ¹ | any schema valid input | |
| Property Address | Building name / house | any schema valid input | |
| | Building number / flat | any schema valid input | |
| | Street name | any schema valid input | |
| | City Name | any schema valid input | |
| | Postcode | Invalid format postcode | |
| | External reference number | any schema valid input | |
| | Customer reference number | any schema valid input | |

1. These details are mandatory and are required by the system

7. Search using Invalid postcode

| Field group | Field name | Input | Expected output |
|------------------|---------------------------|------------------------|---|
| Login Details | User ID | BGUser001 | TypeCode = '20' |
| | Password | landreg001 | |
| | User locale ¹ | en | External reference |

| Property Address | Building name / house | | bg.invalid.property.search.criteria Message: “Insufficient address details. Please provide flat/house and postcode OR flat, street and town OR house, street and town” returned. |
| | Building number / flat | | |
| | Street name | any schema valid input | |
| | City Name | any schema valid input | |
| | Postcode | any schema valid input | |
| | External reference number | any schema valid input | |
| | Customer reference number | any schema valid input | |

1. These details are mandatory and are required by the system

9. Access denied – Locked password

| Field group | Field name | Input | Expected output |
|------------------|---------------------------|------------------------|--|
| Login Details | User ID | BGUser002 | FaultCode – ‘soapenv:Server’ Message “ You account is locked. Please reset your password using Portal. ” returned. |
| | Password | landreg001 | |
| | User locale ¹ | en | |
| | Message ID ¹ | any schema valid input | |
| Property Address | Building name / house | any schema valid input | |
| | Building number / flat | any schema valid input | |
| | Street name | any schema valid input | |
| | City Name | any schema valid input | |
| | Postcode | any schema valid input | |
| | External reference number | any schema valid input | |
| | Customer reference number | any schema valid input | |

1. These details are mandatory and are required by the system

10. Access denied – Account not activated

| Field group | Field name | Input | Expected output |
|------------------|---------------------------|------------------------|---|
| Login Details | User ID | BGUser006 | FaultCode – 'soapenv:Server' Message “ Please activate your account using Portal. ” returned. |
| | Password | landreg001 | |
| | User locale ¹ | en | |
| | Message ID ¹ | any schema valid input | |
| Property Address | Building name / house | any schema valid input | |
| | Building number / flat | any schema valid input | |
| | Street name | any schema valid input | |
| | City Name | any schema valid input | |
| | Postcode | any schema valid input | |
| | External reference number | any schema valid input | |
| | Customer reference number | any schema valid input | |

1. These details are mandatory and are required by the system

11. Poll Out of Hours

| Field group | Field name | Input | Expected output |
|---------------|--------------------------|----------------|---|
| Login Details | User ID | BGUser001 | TypeCode = 10 |
| | Password | landreg001 | |
| | User locale ¹ | en | Unique id |
| | Message ID ¹ | polloutofhours | |
| | | | |
| | | | ExpectedResponseDateTime |
| | | | Message Description “ Service is not currently available.System has queued your request,please poll at specified time. ” returned. |

1. These details are mandatory and are required by the system
