Subject: [REDACTED] Malabu oil deal

Colleagues,

Good to see you today. I won't record full details at this classification, but this was the summary of our discussion today. If anyone has comments, I am happy to incorporate them and re-circulate, but it would be useful to have an agreed record by the time I send the response to GW.

1. We should fulfil our legal obligation by conducting a thorough investigation (Action POCU - ongoing)
2. [REDACTED]
3. We will answer Global Witness's letter to the PM [REDACTED] confirming there is an ongoing investigation following the complaint that GW made. (Action FCO - draft for clearance by cop 2 July) [REDACTED]
4. [REDACTED]
5. There will be other meetings, including the with the AG and Shell in coming weeks.

*Regards*
