

The following tables give the rates of vehicle tax from 1 April 2014. Please refer to your Registration Certificate (V5C) or new keeper details section (V5C/2) for the technical details of your vehicle. From 1 November 2014 you can pay by Direct Debit for certain vehicles, either annually, six monthly or monthly. Where Direct Debit is available the rates are shown.

**Standard Rates** – The following table contains the rates of vehicle tax for already registered cars.

Use the tables below to determine the total VED and levy payable for your vehicle based on the revenue weight and axle configuration e.g. A two axle rigid weighing 14,500 kgs pays B2 i.e. an annual rate of £210.

**Note** – Where a vehicle exceeds 44,000kgs the VED paid is equal to that for special types vehicles (£1,585 annual/£792.50 six months), levy band G applies (£1000/£600) and where applicable the maximum RPC grant is allocated (£500/£250).

### Rigid vehicles pulling trailers of over 4,000kg – Tax Class 02 (trailer) and 46 (RPC)

A rigid HGV of 12,000kg and over pulling a trailer over 4,000kg must pay a higher rate of tax and levy.

To calculate the amount, first look up the **levy band** for the vehicle in **table T1**. Then, look up the **VED band and amount payable in table T3**. To do so, you need to know whether the vehicle has **road friendly suspension**, the **number of axles on the HGV** (not on the trailer), the **levy band**, the **trailer weight category**, and the **total weight of the HGV and the trailer**. (Please note: If pulling a trailer of **4,000kg and under** please use the tables on page 2).

**Note** – Where a table does not specify a VED rate for a particular vehicle combination, the maximum VED rate applies (£609 annual/£304.50 six months). The levy band and (where applicable) the RPC grant are as set out in tables T1 and T2.

**Note** – Where the total weight of the vehicle plus the trailer exceeds the maximum weights shown below, then VED, levy and RPC grant are all calculated based on the highest weight shown. This will be 40,000kg for a vehicle without road friendly suspension, or when the rigid HGV has two axles, and 44,000kg for other vehicle combinations. For these vehicles (ie rigid vehicles pulling trailers where the total weight exceeds maximum weights in the table), **unlike for other HGVs**, keepers must contact DVLA or DVA NI directly to tax the vehicle, otherwise incorrect VED/levy may be applied.
