## CYCLING DELIVERY PLAN – CONSULTATION DETAILS

The Department for Transport published a draft Cycling Delivery Plan on 16th October for informal consultation.

An important series of six events across England starts 23 October in Manchester, to give delegates the opportunity to engage with the Department on the Cycling Delivery Plan. The engagement events will end with a [web chat hosted by the Department for Transport on 12 November at 11am](#).

The events will include an overview of current policy, an outline of the Cycling Delivery Plan, and interactive engagement sessions. The event will finish with a question and answer session with DfT officials.

Space is limited and with places being allocated on a first come, first served basis, please register as soon as possible by emailing [walking.cycling@dft.gsi.gov.uk](mailto:walking.cycling@dft.gsi.gov.uk). Places are strictly limited, therefore we ask that a maximum of two representatives per organisation should apply for a place. If there is particularly high demand for one particular event this may have to be restricted to one representative per organisation. Your attendance will be confirmed prior to the event.

*Book your place as soon as possible to attend one of these important, free, engagement events in October and November 2014 across England. Dates and locations of the events are as follows:-*

1. North West  
**23 October 2014, 1400-1600**
