(4) A supported self-assessment may be carried out if the individual concerned is a child and—

(b) has the capacity, and is competent, to take part in a supported self-assessment; and
(c) the local authority believes it appropriate for a self-supported assessment to be carried out having regard to all the circumstances.

(5) To facilitate the carrying out of the assessment a local authority must provide an individual taking part in a supported self-assessment with any relevant information it may have—

(a) the adult or child needing care has capacity or is competent to agree to the information in paragraph (5)(b) being provided and does so agree, or

(7) The information must be provided in a format which is accessible to the individual to whom it is given.

Assessment – general requirements

3.—(1) A local authority must carry out an assessment in a manner which—
(a) is appropriate and proportionate to the needs and circumstances of the individual to whom it relates; and

(4) A local authority must give information about the assessment process—
(a) to the individual whose needs are being assessed; or
(b) in the case of a child’s needs assessment or a young carer’s assessment, if the child or young carer is not competent or lacks capacity to understand the assessment process, to all parents(†) of that child or young carer.

Regulation 2 makes provision for supported self-assessment, where the individual to whom the assessment relates and the local authority carry out the assessment jointly. Regulation 3 makes provision about the manner in which assessments are carried out, and regulation 4 imposes requirements on local authorities relating to persons involved in the care of the individual whose needs are being assessed, including where it appears that any child is involved in providing care to any individual.

(2) The local authority must reduce the amount of adult’s notional capital by the difference between—

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations make provision under the Care Act 2014 (“the Act”) for the limitations on the local authority powers to make a charge for meeting needs under section 14 of the Act (Part 2) and in relation to financial assessments for the purposes of section 17 of the Act (Parts 3 to 5 and Schedules 1 and 2). The duty to carry out a financial assessment under section 17 of the Act applies where the local authority thinks that if it were to meet an adult’s needs for care and support, or a carer’s needs for support, it would charge the adult or carer under section 14(1) of the Act.

Section 14 of the Act (power of local authority to charge) provides that a local authority may make a charge for meeting needs under sections 18 to 20 of the Act. Regulation 3 specifies the services which are to be provided free of charge. These are community equipment (aids and minor adaptations) and, for the first 6 weeks only, intermediate care and reablement support services. Regulation 4 provides that adults suffering from variant Creutzfeld-Jakob disease are to be provided with any services free of charge. Regulation 5 provides that where a local authority is meeting needs because either Condition 2 in section 18 of the Act or Condition 2 or 4 in section 20 of the Act is met, a charge for putting in place the arrangements to meet needs must be no more than the cost incurred by a local authority.

(A) 2004 c.10.
(B) S.I. 2005/1983.
(C) Section 7 was amended by S.I. 2013/1442.
Section 14(7) of the Act provides that a local authority may not make a charge for services under section 14(1) of the Act if the adult or carer’s income would, after deduction of the amount of the charge, fall below the amount specified in regulations. Regulations 6 and 7 specify the personal expenses allowance for residents or temporary residents provided with accommodation in a care home and the minimum income guaranteed amount for other adults and carers provided with care and support, or support. The personal expenses allowance is £24.40 for each week. The minimum income guaranteed amount in relation to adults who have needs for care and support other than the provision of accommodation in a care home, or a carer who has needs for support, is the aggregate of the amounts set out in regulation 7(1). The amounts reflect the applicable amounts for income support and an additional amount in respect of each child for whom the adult is responsible together with any applicable premiums, in each case together with a buffer of 25%. Applicable premiums include carer premiums and disability premiums payable under the Income Support Regulations. The local authority can also include the listed premiums where it is satisfied that a person would be in receipt of the premium were they to be in receipt of income support. Regulation 8 gives local authorities a power to charge and financially assess short-term residents – persons who are provided with accommodation in a care home for a period not exceeding 8 weeks – as if they are in receipt of care and support in their own homes.

Part 3 makes provision in relation to the assessment of financial resources. Financial assessments must be carried out in accordance with Parts 3 to 5 of these Regulations. In some circumstances an authority is to be treated as having carried out a financial assessment in an adult’s case and being satisfied on that basis that their financial resources exceed, or as the case may be, do not exceed the financial limit (regulation 10). This includes where the authority, with the consent of the adult, has not carried out a financial assessment but is nevertheless satisfied from the evidence available to the authority that the adult’s resources do not exceed the financial limit. For example, where the adult is in receipt of income support. Regulation 12 specifies the financial limit for the purposes of section 17 of the Act. If the financial resources of an adult who is provided with accommodation in a care home (a permanent resident) exceed (in terms of capital) £23,250, the local authority is not permitted to pay towards the cost of the provision of that accommodation. In any other case where the financial limit exceeds (in terms of capital) £23,250, the authority may (but need not) pay towards the cost of care and support.

Part 4 and Schedule 1 make provision for the treatment and calculation of income. Schedule 1 sets out the income that must or may be disregarded by the local authority.

Part 5 and Schedule 2 make provision for the treatment and calculation of capital. Schedule 2 sets out the capital sums that must or may be disregarded by the local authority.

A separate impact assessment has not been prepared for these Regulations. These Regulations are part of a package of legislative measures and the relevant impact assessment can be requested via careactconsultation@dh.gsi.gov.uk or the Department of Health, Richmond House, 79 Whitehall, London, SW1A 2NS and is available online at http://www.gov.uk/government/organisations/department-of-health.

(b) the adult and the local authority agree to enter into a deferred payment agreement in accordance with the Care and Support (Deferred Payment) Regulations 2014(B) in respect of the additional cost.

For the purposes of this regulation the additional cost that is to be met by the payer may be less than the full amount of the additional cost referred to in section 30(3) of the Act, if the local authority agrees that a lesser amount should be paid.

EXPLANATORY NOTE

(This note is not part of the Regulations)

Under Part 1 of the Care Act 2014 (“the Act”) a local authority may meet care and support needs by providing accommodation, for example in a care home. Regulations under section 30 of the Act may provide that where an adult’s needs are to be met by the provision of specified types of accommodation, and the adult has expressed a preference for particular accommodation of that type, the local authority must meet the adult’s preference, provided that specified conditions are met. These Regulations make such provision.

Regulations 2, 6, 7 and 8 of these Regulations specify the types of accommodation to which the obligation to meet the adult’s preference applies.

Regulation 3 specifies the conditions which must apply in order for the local authority to be required to meet the adult’s preference for accommodation.

Regulation 4 requires a local authority, which in discharging its duty to provide or arrange for the provision of mental health after-care under section 117 of the Mental Health Act 1983, is providing or arranging for the provision of a specified type of accommodation to an adult, to provide or for arrange the provision of the adult’s preferred accommodation of that type, if specified conditions are met.

Regulation 5 sets out the “additional cost condition”. Where the cost of an adult’s preferred accommodation is more than the amount specified for the accommodation in the adult’s personal budget (under section 26 of the Act), the local authority is not required to provide that accommodation unless the additional cost condition is met.

Regulation 9 provides that a local authority must give written reasons for a refusal to provide preferred accommodation.
A separate impact assessment has not been prepared for these Regulations. These Regulations are part of a package of legislative measures and the relevant impact assessment can be requested via careactconsultation@dh.gsi.gov.uk or from the Department of Health, Richmond House, 79 Whitehall, London SW1A 2NS and is available online at https://www.gov.uk/government/organisations/department-of-health.
The Secretary of State makes the following Regulations in exercise of the powers conferred by sections 34(1), (2) and (4) to (8), 35 and 125(7) and (8) of the Care Act 2014(a).

Citation, commencement and interpretation

1. (1) These Regulations may be cited as the Care and Support (Deferred Payment) Regulations 2014 and come into force immediately after sections 34(1) and 35(1) of the Care Act 2014 are both fully in force(b).

(2) In these Regulations—

“the Act” means the Care Act 2014 and a reference to a section is a reference to a section of the Act;
“care home” means a care home, within the meaning given in section 3 of the Care Standards Act 2000(c), in respect of which a person is registered under the Health and Social Care Act 2008(d) for the regulated activity of the provision of accommodation together with nursing or personal care;
“long tenancy” is a tenancy granted for a term of years certain exceeding twenty one years, whether or not the tenancy is, or may become, terminable before the end of that term by notice given by or to the tenant or by re-entry, forfeiture or otherwise and includes a lease for a term fixed by law under a grant with a covenant or obligation for perpetual renewal unless it is a lease by sub-demise from one which is not a long tenancy;
“specified time” means the time specified in regulation 7;
“supported living accommodation” has the meaning in regulation 3(2);
“the 2011 Act” means the Budget Responsibility and National Audit Act 2011(e).

Local authority required to enter into a deferred payment agreement

2. (1) A local authority(f) is required to enter into a deferred payment agreement with an adult if—

(a) the powers to make regulations are exercisable by the Secretary of State; see section 125(1).
(b) Sections 34(1) and 35(1) have been commenced for the purpose of making regulations by S.I. 2014/2473.
(c) 2000 c.14.
(d) 2008 c.14.
(e) 2011 c.4.
(f) See section 1(4) of the Act as to the meaning of “local authority”; the definition in section 1(4) is limited to local authorities in England.
(a) paragraph (2) applies to the adult;
(b) the condition in regulation 4 is met; and
(c) the adult agrees to all the terms and conditions included in the agreement in accordance with regulation 11.

(2) This paragraph applies to an adult if—
(a) the adult’s needs for care and support—
(i) are being met or are going to be met under section 18 or section 19(1) or (2) and the care and support plan for the adult specifies that the local authority is going to meet the adult’s needs by the provision of accommodation in a care home; or
(ii) are not being or going to be met by the local authority and the local authority considers that if it had been asked to meet the adult’s needs it would have done so under section 18 or section 19(1) or (2) and it would have met the adult’s needs by the provision to the adult of accommodation in a care home; and
(b) the local authority is satisfied that the adult has a legal or beneficial interest in a property which is the adult’s main or only home, and
(i) where a financial assessment within the meaning of section 17(5) has been carried out in respect of the adult, that—
(aa) the value of that interest has not been disregarded for the purposes of calculating the amount of the adult’s capital; and
(bb) the adult’s capital less the value of that interest does not exceed £23,250; or
(ii) where such a financial assessment has not been carried out in respect of the adult that sub-paragraph (i) would be satisfied if such an assessment were carried out.

(3) But a local authority is only required to enter into a deferred payment agreement with an adult for amounts due from the adult to the authority under section 14, or for costs of care and support the provision of which the local authority considers to be necessary to meet the adult’s needs.

Local authority permitted to enter into a deferred payment agreement

3.—(1) A local authority is permitted to enter into a deferred payment agreement with an adult if—
(a) the adult’s needs for care and support—
(i) are being met or are going to be met under section 18 or section 19(1) or (2) and the care and support plan for the adult specifies that the local authority is going to meet the adult’s needs by the provision to the adult of accommodation in a care home or supported living accommodation; or
(ii) are not being or going to be met by the local authority and the local authority considers that if it had been asked to meet the adult’s needs it would have done so under section 18 or section 19(1) or (2) and it would have met the adult’s needs by the provision to the adult of accommodation in a care home or supported living accommodation;
(b) the condition in regulation 4 is met; and
(c) the adult agrees to all the terms and conditions included in the agreement in accordance with regulation 11.

(2) For the purpose of paragraph (1), “supported living accommodation” means accommodation which is not a care home and is—
(a) in premises which are specifically designed or adapted for occupation by adults with needs for care and support to enable them to live as independently as possible; or
(b) provided—

(*) See section 25 for the definition of “care and support plan”.
(**) See section 17(11)(b) which provides that regulations under that section must make provision for calculating capital.
(i) in premises which are intended for occupation by adults with needs for care and support
(whether or not the premises are specifically designed or adapted for that purpose); and
(ii) in circumstances in which personal care is available if required.

(3) For the purposes of paragraph (2)(b)(ii), personal care may be provided by a person other than the
person who provides the accommodation.

(4) The accommodation referred to in paragraph (2) does not include premises—
(a) in respect of which the adult is for the time being entitled to dispose of the fee simple, whether
or not with the consent of other joint owners; or
(b) which the adult occupies other than under a licence or tenancy agreement.

(5) In paragraph (4) “tenancy” means a tenancy which is not a long tenancy.

Adequate security

4.—(1) The local authority must obtain—
(a) adequate security for the payment of the adult’s deferred amount(A) and any interest or
administration costs which are treated in the same way as the adult’s deferred amount; and
(b) the consent referred to in paragraph (4), if the authority considers it is necessary to do so.

(2) For the purposes of regulation 2, “adequate security” is a charge by way of legal mortgage for an
amount which is at least equal to the deferred amount and any interest or administration costs which are to
be treated in the same way as the adult’s deferred amount and which is capable of being registered as a first
legal charge in favour of the local authority in the land register(B).

(3) For the purposes of regulation 3, “adequate security” is—
(a) a charge by way of legal mortgage for an amount which is at least equal to the adult’s deferred
amount and any interest or administration costs which are to be treated in the same way as the
adult’s deferred amount and which is capable of being registered as described in paragraph (2); or
(b) any other security which the local authority considers is sufficient to secure payment of the
defferred amount and any interest and administration costs which are to be treated in the same
way as the adult’s deferred amount.

(4) The consent required by paragraph (1) is consent which in the opinion of the local authority is
genuine and informed consent given in writing to the matters specified in paragraph (5) by any person—
(a) who the authority considers has an interest in the land or other asset in respect of which a
charge will be obtained; and
(b) whose interest the authority considers may prevent it from exercising a power of sale of the
land or asset or recovering the deferred amount.

(5) The matters specified are—
(a) the creation of a charge; and
(b) the charge taking priority to and ranking before any interest the person has in the land or other
asset which will be the subject of the charge.

Deferred amount and equity limit

5.—(1) Subject to paragraph (3), the deferred amount is the sum which is specified or determined in
accordance with paragraph (2).

(2) The sum is—
(a) The lower of—

(A) See section 34(6) for the meaning of “deferred amount”.
(B) See the Land Registration Act 2002 (c.9), section 132(1) for the meaning of “charge”, “legal
mortgage”, “register”.

37
(i) 100% of the amount due from the adult under section 14 or, as the case may be, section 30(2) for the provision of care and support in a care home or supported living accommodation, less any amount which the local authority requires the adult to contribute under regulation 6;

(ii) such lesser part of the amount due under section 14, or as the case may be, section 30(2) as the adult requests, less any amount which the local authority requires the adult to contribute under regulation 6;

(iii) the amount deferred in accordance with sub-paragraphs (i) or (ii), less any amount which, during the time the agreement is in force and in accordance with the terms and conditions of the agreement, the authority does not agree to defer payment of until the specified time; or

(b) 100% of the loan made for the purpose of assisting the adult to obtain care and support in a care home or, as the case may be, supported living accommodation.

(3) But—

(a) the deferred amount and any interest and administration costs which have been treated in the same way as the deferred amount must not exceed the equity limit and the authority must not agree to defer payment of an amount if to do so would exceed the equity limit; unless

(b) at the relevant time, the deferred amount and any interest and administration costs which have been treated in the same way as the deferred amount exceeds the equity limit, in which case the local authority must defer payment of those amounts if paragraph (4) applies.

(4) This paragraph applies if the equity limit was not exceeded at the time when payment of an amount due to the authority under section 14 or 30(2) was last deferred or an instalment under the loan agreement was last advanced to the adult.

(5) The equity limit is 90% of the value of the asset (that is, its current market or surrender value at the relevant time) which the local authority obtains as security for the deferred amount and any interest and administration costs which are to be treated in the same way as the deferred amount, less £14,250 and the amount of any encumbrance secured on it which ranks in priority to the authority’s charge.

(6) For the purposes of paragraphs (3) and (5), the relevant time is the time that—

(a) an amount under section 14 or 30(2) is due to the authority; or

(b) the local authority is due to advance an instalment of the loan to the adult under the loan agreement.

(7) Any interest and administration costs may continue to be treated in the same way as the deferred amount even after the equity limit is reached.

Adult’s contribution

6.—(1) If in any week during which the agreement is in force the adult’s weekly income exceeds £144, a local authority is permitted not to—

(a) defer an amount due to the authority under section 14 or 30(2) for meeting the adult’s needs for that week by the provision of accommodation in a care home or supported living accommodation; or

(b) advance an instalment or part of an instalment under the loan agreement for the purpose of assisting the adult to obtain for that week the provision of care and support in a care home or supported living accommodation.

(2) But the amount which under this regulation the local authority may decide not to defer or advance in respect of that week may not exceed the amount by which the adult’s income in that week exceeds £144.

(3) Where the local authority decides not to defer an amount or advance an instalment or part of an instalment under paragraph (1), it may include a term in the agreement to require the adult to pay or ensure payment of the amount due to the authority or the provider of the care and support in a care home or supported living accommodation.

(4) In paragraph (3) the amount due to the authority or provider of care and support is the amount which, in accordance with this regulation, the authority decides not to defer.
The amount of the adult’s weekly income must be calculated in accordance with regulations made under section 17.

**Time for repayment of the deferred amount**

7. The specified time for repayment of the deferred amount and any interest and administration costs which have been treated in the same way as the deferred amount is the sooner of—
   (a) the date of sale or disposal of the land or other asset in respect of which the authority has a charge; or
   (b) 90 days after the date of the death of the adult with whom the agreement is made or such longer time as the authority may permit.

**Termination**

8. The adult may terminate the deferred payment agreement at any time prior to the specified time by giving the authority reasonable notice in writing and paying to the local authority the deferred amount and any interest and administration costs which have been treated in the same way as the deferred amount.

**Interest**

9.—(1) A local authority may charge interest on an adult’s deferred amount and any amounts which are treated in the same way as the deferred amount provided that, before entering into the agreement, it informs the adult that it proposes to do so and of the rate at which interest will be charged.

(2) The interest may be treated in the same way as the adult’s deferred amount, unless the adult requests to pay the interest separately.

(3) The interest rate is a rate that does not exceed the relevant rate for the relevant period plus 0.15%.

(4) The relevant rate is the weighted average interest rate on conventional gilts specified for the financial year in which the relevant period starts in the most recent report published before the start of the relevant period by the Office of Budget Responsibility(4) under section 4(3) of the 2011 Act(5).

(5) The relevant period is the period starting on—
   (a) 1st January and ending on 30th June in any year; or
   (b) 1st July and ending on 31st December in any year.

(6) “Financial year” has the meaning given in section 25(2) of the 2011 Act.

**Administration costs**

10.—(1) The local authority may charge the adult its administration costs in accordance with paragraph (3) or (4) provided that it informs the adult that it proposes to do so, before entering into the agreement, and complies with sub–paragraphs (a) to (c) of paragraph (5).

(2) The administration costs may be treated in the same way as the adult’s deferred amount, unless the adult requests to pay them separately.

(3) In this paragraph the administration costs are the total of any costs incurred by the authority in relation to the adult’s deferred payment agreement including but not limited to—
   (a) the costs of postage, printing and photocopying;
   (b) the costs of time spent by persons in relation to the agreement;
   (c) the costs of overheads, such as computer equipment and utility charges (to the extent that they are not already included in the costs of time spent by persons in relation to the agreement);
(d) the costs incurred for the purpose of ascertaining the value of the adequate security;
(e) the costs incurred in registering the charge on the land or land charges register;
(f) the costs incurred in perfecting the security obtained in respect of the deferred amount;
(g) the costs incurred in discharging or redeeming the security obtained in respect of the deferred amount; and
(h) the costs which are incurred by the authority for the purpose of ensuring compliance by the parties of the terms and conditions in the agreement.

(4) In this paragraph the administration costs are—

(a) the average cost to the local authority incurred in relation to deferred payment agreements generally, having regard to the costs and fees referred to in sub-paragraphs (a) to (c) of paragraph (3), and for these purposes the local authority may provide for different average costs for different situations;
(b) the costs incurred for the purpose of ascertaining the value of the adequate security;
(c) the costs incurred in registering the charge on the land or land charges register;
(d) the costs incurred in perfecting the security obtained in respect of the deferred amount;
(e) the costs incurred in discharging or redeeming the security obtained in respect of the deferred amount; and
(f) the costs which are incurred by the authority for the purpose of ensuring compliance by the parties of its terms and conditions.

(5) But the local authority must—

(a) before entering into the agreement, give the adult an estimate of the amount of any charge it envisages levying in respect of making the agreement and registering any charge;
(b) before entering into the agreement give the adult an indication of its current charges for, and the matters in respect of which, it considers it may impose a charge under the agreement and information to enable the adult to ascertain the charges if they change during the period during which the agreement is in force;
(c) before requesting payment of any charge, or treating it in the same way as the deferred amount, provide the adult with a statement which sets out the amount of the charge—

(i) which, in a case where the administration costs are calculated in accordance with paragraph (3), is attributable to each of the items referred to in paragraph (3); or
(ii) which, in a case where the costs are calculated in accordance with paragraph 4, is attributable to the costs referred to in paragraph (4)(a) and each of the items referred to in sub-paragraphs (b) to (f) of that paragraph.

Terms, conditions and information

11.—(1) The deferred payment agreement must include any terms, conditions and information, without which the adult is unable to ascertain his or her rights and obligations under the agreement including—

(a) in the case of an agreement under which a local authority agrees to defer until the specified time the repayment of the part of the loan specified in regulation 5, a term to make clear that the local authority will make advances of that loan to the adult in instalments and when those instalments will be made;
(b) a term to explain that the local authority must cease to defer amounts due to the authority under section 14 or 30(2) or advance instalments under the loan agreement if the adult is no longer receiving care and support in a care home or supported living accommodation or if the local authority no longer considers that the adult’s needs should be met by the provision of such accommodation;
(c) a term to explain any other circumstances in which the local authority will or may cease to defer amounts due to it under sections 14 or 30(2) or advance instalments under the loan agreement;
(d) a term which requires the local authority to produce a written statement—
(i) which is provided to the adult—

(aa) at the end of the period of six months beginning with the date on which the agreement is entered into;

(bb) every six months after that; and

(cc) within 28 days of a request made by the adult; and

(ii) which shows—

(aa) the amount that the adult would have to pay to the local authority in order to terminate the agreement on the date on which the statement is sent by the authority to the adult or such later date as is requested by the adult; and

(bb) the amount of interest and administration charges which have accrued on the amounts deferred under section 14 or 30(2) or the loan instalments since the commencement of the loan;

(e) a term which requires the local authority to give the adult 30 days written notice of the date on which the equity limit and, if different, the amount which the parties have agreed to defer is likely to be reached;

(f) if the interest is to be treated in the same way as the adult’s deferred amount, a term to explain how the interest will compound;

(g) information as to administration costs which the authority may charge under the agreement;

(h) in the case of a loan, a term to make clear that its purpose is to pay the costs of care and support in a care home or supported living accommodation, as the case may be, and that the adult must pay those costs as and when they fall due;

(i) a term which explains that, subject to regulation 5(3), the maximum amount which may be deferred is the equity limit in regulation 5(5), and that this is likely to vary over the term of the agreement;

(j) a term which describes the adequate security accepted by the local authority;

(k) a term requiring the adult to obtain the consent of the local authority for any person to occupy the property; and

(l) a term to explain how the adult may exercise his or her right to terminate the agreement.

(2) The deferred payment agreement may include such other terms and conditions as the local authority considers appropriate.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations make provision for local authorities to enter into a deferred payment agreement with an adult and specify the amount of the agreement and conditions which relate to the agreement.

Regulation 2 sets out the circumstances in which a local authority must enter into a deferred payment agreement.

Regulation 3 sets out the circumstances in which a local authority may enter into a deferred payment agreement.

Regulation 4 provides that a local authority must not enter into a deferred payment agreement unless it obtains adequate security for the payment of the deferred amount. It sets out that, for cases where a local
authority is required to enter into a deferred payment agreement, the adequate security must be a charge by way of legal mortgage for an amount which is at least equal to the adult’s deferred amount and any interest and administration costs which are treated in the same way as the adult’s deferred amount and which is capable of being registered as a first legal charge in favour of the local authority in the land register. In the case of a deferred payment agreement which the authority is permitted to enter into, paragraph (3) provides that adequate security is such a charge or such other security as the authority considers will secure payment of the deferred amount.

The regulation also provides that if the authority considers that it is necessary to do so it must also obtain written consent to the matters specified in paragraph (5) from a person who has an interest in the asset over which it has obtained the charge.

Regulation 5 makes provision as to the amount which is deferred under the agreement. Regulation 5(1) provides that, subject to paragraph (3), the deferred amount is the sum in paragraph (2).

Regulation 5(2) provides in effect that, in cases where the adult is required to pay charges for the costs of their care and support to the authority, the amount is 100% of the amount due to the authority from the adult under section 14 (power of local authority to charge) or the amount due to the authority under section 30(2) (additional costs in cases where the adult expresses a preference for particular accommodation) or such lesser amount as the adult requests. In either case these amounts may be reduced by the amount by which the local authority is permitted not to defer under regulation 6 or in accordance with terms and conditions of the agreement.

In the case of a loan, regulation 5(2)(b) provides that the deferred amount is the whole of the loan made to the adult to obtain accommodation in a care home or supported living accommodation.

Regulation 5(3)(a) provides in effect that apart from in the circumstance described in sub-paragraph (b) the deferred amount and interest and costs which have been added to it must not exceed the equity limit specified in paragraph (5). Paragraph (b) of regulation 5(3) requires the authority to defer payment of an amount which exceeds the equity limit if regulation 5(4) applies. Regulation 5(4) applies if the equity limit was not exceeded when amounts were last deferred. This may arise if the value of the adequate security has fallen since the date of the last deferral. Regulation 5(7) makes clear that interest and administration costs can continue to be added to the deferred amount even after the equity limit is reached.

Regulation 6(1) and (2) provides in effect that the local authority does not have to defer an amount, where, after payment by the adult of the amounts due to the authority, or payment by the adult of the charges due to the provider of care and support in a care home or supported living accommodation, the adult would retain at least £144 of his or her weekly income.

It also provides, by paragraphs (3) and (4), that the local authority may include a term in the agreement to require the adult to pay, or ensure payment of, the amounts which in accordance with the regulation the adult has decided not to defer.

Regulations 7 and 8 make provision as to the time for repayment of the deferred amount and the adult’s right to terminate the deferred payment agreement.

Regulations 9 and 10 make provision as to the payment of interest and administration costs.

Regulation 11 details terms and conditions which must or may be in the agreement.

Citation, interpretation and commencement

1.—(1) These Regulations may be cited as the Care and Support (Personal Budget: Exclusion of Costs) Regulations 2014 and come into force immediately after section 26(4) of the Care Act comes fully into force.

(2) In these Regulations—

“the Act” means the Care Act 2014;

“intermediate care and reablement support services” means care and support or support provided to an adult by a local authority(\textsuperscript{B}) under section 18, 19 or 20 of the Act which—

(a) consists of a programme of care and support or support;

(b) is for a specified period of time; and

(c) has as its purpose the provision of assistance to an adult to enable the adult to maintain or regain the ability needed to live independently in their own home.

Costs excluded from a personal budget

2.—(1) The costs to which paragraph (2) applies are costs which must be excluded from a personal budget(\textsuperscript{C}).

(2) This paragraph applies to the costs to a local authority of meeting needs where it meets those needs by the provision of intermediate care and reablement services if—

(a) by regulations under section 14 of the Act it is not permitted to make a charge for meeting needs by the provision of such services; or

(b) it is permitted to make a charge but nevertheless it does not make a charge to any adult to whom it provides such services.

(This note is not part of the Regulations)

These Regulations provide that a local authority must exclude costs of meeting needs from a person’s personal budget in certain circumstances if the costs are incurred in meeting needs by the provision to the person of intermediate care and reablement support services.

Regulation 2 provides that in cases where intermediate care and reablement support services are provided, the costs of doing so must be excluded from the adult’s personal budget if the local authority is not permitted to make a charge for providing the services by regulations made under section 14 of the Care Act 2014, or, if it is permitted to make a charge, it does not do so.

(b) information to be provided to the authority—
(i) more frequently and in more detail than is reasonably required by the authority for the purpose of enabling it to ascertain that—
(aa) making direct payments is an appropriate way to meet the needs in question, or

Steps which a local authority must take before making a direct payment under section 32 of the Act

**Maximum periods of accommodation in a care home which may be secured by means of a direct payment**

6.—(1) A local authority may not make a direct payment for the provision of accommodation in a care home for an adult for a period of more than 4 consecutive weeks in any 12 month period, unless the local authority is one that is mentioned in Schedule 2.

(2) In calculating the period of 4 weeks mentioned in paragraph (1), a period of accommodation in a care home of less than 4 weeks shall be added to any succeeding period in such accommodation where the two periods are separated by a period of less than 4 weeks but not otherwise.

**Review of direct payments**

7.—(1) A local authority must conduct a review for the purpose of ascertaining whether the making of direct payments is an appropriate way to meet the adult’s needs—

(a) at least once within the first 6 months of the direct payment being made and at intervals not exceeding 12 months thereafter;

(b) if it considers that there has been a breach of a condition and that it may exercise its discretion under section 33(5) of the Act (power to terminate payments or require repayment) in respect of that breach;

(c) in the case of a direct payment made to meet the needs of an adult under section 31 of the Act, whenever the local authority considers that—

(i) the adult no longer has the capacity to request it to meet any of those needs by the making of direct payments to the adult; or

(ii) condition 3 (adult or nominated person is capable) or 4 (making direct payments to adult or nominated person is appropriate) of section 31 of the Act is no longer met;

(d) in the case of a direct payment made to meet the needs of an adult under section 32 of the Act, whenever the local authority—

(i) considers that the adult no longer lacks the capacity to request the local authority to meet any of those needs by the making of direct payments to the adult; or

(ii) is notified by any person of concerns that the direct payment may not have been used to meet the needs for which the payment was made; or

(iii) considers, or is notified by any person of concerns, that condition 3, 4 or 5 of section 32 of the Act is no longer met.

(2) When complying with its duty in paragraph (1) the local authority must involve—

(a) the adult;

(b) any carer\(^{(A)}\) that the adult has;

(c) the authorised person to whom the direct payment is being made (in the case of direct payments made under section 32 of the Act);

(d) any person who is providing administrative or management support or services in accordance with regulation 3(2)(b); and

(e) either—

(i) any person whom the adult asks the authority to involve, or

\(^{(A)}\) See section 10(3) of the Act as to the meaning of “carer”.

(ii) if the adult lacks the capacity to do that—
   (aa) the person who is authorised under the Mental Capacity Act 2005 to make decisions about the adult’s needs for care and support (if different to the person in paragraph (c)), or
   (bb) if there is no such person, any person who appears to the authority to be interested in the adult’s welfare.

(3) The local authority must take all reasonable steps to reach agreement as to the outcome of the review with—
   (a) the adult concerned; or
   (b) if the adult lacks capacity to reach such agreement—
      (i) the person who is authorised under the Mental Capacity Act 2005 to make decisions about the adult’s needs for care and support, or
      (ii) where there is no such person, any person who appears to the authority to be interested in the adult’s welfare.

Making of direct payments for an adult who no longer has capacity to request the making of direct payments

8.—(1) For the purpose of ascertaining whether section 33(4) (termination of direct payments) of the Act applies, an adult who lacks capacity to request the making of direct payments may nonetheless be regarded by a local authority as having capacity to do so in the circumstances in paragraph (2).

(2) The circumstances are that—
   (a) the authority is satisfied that the adult’s lack of capacity to make the request is temporary; and
   (b) another person who appears to the authority to be capable of managing a direct payment is prepared to accept and manage such payments on behalf of the adult during the period of the adult’s incapacity.

Making of direct payments for an adult who no longer lacks capacity to request the making of direct payments

9.—(1) For the purpose of ascertaining whether section 32(1)(b) of the Act ceases to apply, an adult who no longer lacks capacity to request the making of direct payments may nonetheless be regarded by a local authority as lacking capacity to do so in the circumstances in paragraph (2).

(2) The circumstances are that—
   (a) the authority is satisfied that the adult’s capacity to request the authority to meet the needs to which the adult’s personal budget(\(^A\)) relates by making a direct payment is temporary; and
   (b) the direct payments made during the period that the adult has the capacity to make such a request are made subject to an additional condition that the authorised person shall allow the adult to manage the direct payments themselves for any period in respect of which the authority is satisfied that the adult has the capacity to request the making of direct payments.

Harmonisation with payments made under other legislation

10. Where a direct payment is made for an adult for whom payments are made under section 12A (direct payments for health care) of the National Health Service Act 2006(\(^B\)) (“the 2006 Act”), the local authority must take reasonable steps to co-ordinate the systems, processes and requirements which it applies or imposes in relation to the direct payment with those which apply in relation to the payments made under the 2006 Act with a view to minimising the administrative or other burdens which they place on the adult for whom, or the nominated or authorised person to whom, the local authority makes the direct payment.

(\(^A\)) See section 26 of the Act as to the meaning of “personal budget”.

(\(^B\)) 2006 c.41; section 12A was inserted by the Health Act 2009 (c.21), section 11 and amended by the Health and Social Care Act 2012 (c.7), Schedule 4,paragraph 10 and S.I. 2013/1563.

(This note is not part of the Regulations)

These Regulations make provision for local authorities to meet a person’s needs by the making of a direct payment in accordance with sections 31 to 33 of the Care Act 2014 (“the Act”).

Regulation 2 prohibits a local authority from meeting needs by making a direct payment in the case of a person to whom Schedule 1 applies.

Regulations 3 and 4 set out conditions which may or must be imposed in respect of direct payments.

Regulation 5 sets out steps which a local authority must take in order to be satisfied that making direct payments under section 32 of the Act to an authorised person is an appropriate way to meet the needs in question.

Regulation 6 sets out the maximum periods of accommodation in a care home which may be secured by means of a direct payment in cases where the needs are met by a local authority that is not a local authority in Schedule 2.

Regulation 7 requires the authority to review the making of direct payments in certain circumstances.
Regulations 8 and 9 provide for the circumstances where a local authority is not required to terminate the making of direct payments in respect of people who no longer have capacity or no longer lack capacity to request a direct payment.

Regulation 10 applies in cases where a direct payment is made to a person who is in receipt of direct payments under section 12A of the National Health Service Act 2006 (“the 2006 Act”) and requires local authorities to take reasonable steps to co-ordinate its systems and processes in respect of the direct payment with those in place for the direct payment made under the 2006 Act.

Regulation 11 applies these Regulations with modifications to cases where a direct payment is made under section 117 of the Mental Health Act 1983.

(a) a decision as to eligibility for NHS Continuing Healthcare; or
(b) the contribution of a relevant body or local authority to a joint package of care for a person who is not eligible for NHS Continuing Healthcare,

the local authority must, having regard to the National Framework, agree a dispute resolution procedure with the relevant body, and resolve the dispute in accordance with that procedure.

Transitional provisions

5.—(1) This paragraph applies in a case where, immediately before the coming into force of these Regulations, a local authority—

(a) was, in accordance with any directions issued in exercise of the powers conferred by section 7A of the Local Authority Social Services Act 1970\(^{(b)}\)—

(i) providing advice and assistance to a relevant body which had consulted it pursuant to regulation 22(1)(a) of the Standing Rules Regulations (duty of relevant bodies: joint working with social services authorities); or

(c) was in dispute with a relevant body about—

(i) a decision as to eligibility for NHS Continuing Healthcare; or

(ii) the contribution of a relevant body or local authority to a joint package of care for a person who is not eligible for NHS Continuing Healthcare,

\(^{(4)}\) 1983 c.20. Section 117 is prospectively amended from a date to be appointed by section 75 of the Act.

\(^{(b)}\) 1970 c.42. Section 7A was inserted by the National Health Service and Community Care Act 1990 (c.19) section 50. The NHS Continuing Healthcare (Responsibilities of Social Services Authorities) Directions 2013 were issued by the Secretary of State for Health under the powers conferred by section 7A of the Local Authority Social Services Act 1970 on 27th March 2013.

with any directions issued in exercise of the powers conferred by section 7A of the Local
Authority Social Services Act 1970, or had agreed such a dispute resolution procedure with the
relevant body but had not yet resolved the dispute in accordance with that procedure.

(2) Where—
(a) paragraph (1)(a) applies, the local authority is required to continue providing advice and
assistance to the relevant body or cooperating with the relevant body as though such obligation
had arisen under these Regulations;
(b) paragraph (1)(b) applies, the local authority is required to nominate a person to be appointed as a
local authority member of a review panel as though the obligation to nominate such a person had
arisen under these Regulations;
(c) paragraph (1)(c) applies, the local authority is required to—
(i) if necessary, agree a dispute resolution procedure, and
(ii) resolve the dispute in accordance with any procedure agreed with the relevant body,
as though the obligation to agree such procedure and to resolve the dispute had arisen under these
Regulations.

EXPLANATORY NOTE
(This note is not part of the Regulations)

These Regulations make provision in respect of three different issues, all of which concern the relationship
between, on the one hand, local authorities and, on the other, clinical commissioning groups or, in certain
cases, the National Health Service Commissioning Board ("NHS bodies") at the boundary between their
respective areas of responsibilities: the issue of consent to arranging the provision of nursing care by a
registered nurse; the issue of joint working between local authorities and NHS bodies and the issue of
resolving disputes between local authorities and NHS bodies.

Local authorities are prohibited by section 22 of the Care Act 2014 from meeting needs under the Act by
providing or arranging for the provision of services or facilities that it is the responsibility of the National
Health Service to provide. However, local authorities are permitted, despite this prohibition, to arrange for
the provision of accommodation together with the provision of registered nursing care by a registered
nurse if they have obtained consent to arrange for the provision of such nursing care from whichever
clinical commissioning group ("CCG") regulations require.

Regulation 2 imposes a requirement to obtain such consent from the CCG which has the responsibility for
arranging for the provision of nursing care by a registered nurse in respect of the person concerned.

That responsibility is established by reference to certain provisions of the National Health Service Act
2006 ("the 2006 Act") and regulations made under the 2006 Act.

Regulation 3 makes provision about how local authorities must work with NHS bodies in the processes for
assessing a person’s needs for health care and for deciding how those needs must be met. It includes
requirements regarding participation in review panels. These provisions mirror similar requirements
regarding joint working that are imposed on such NHS bodies by the National Health Service
Commissioning Board and Clinical Commissioning Groups (Responsibilities and Standing Rules)
Regulations 2012 (as amended) ("the Standing Rules Regulations").

Regulation 4 imposes requirements on local authorities to make arrangements for determining any disputes
between themselves and NHS bodies about whether or not something should be provided by the NHS as
part of the health service. Again, these requirements mirror similar requirements imposed on NHS bodies by the Standing Rules Regulations.

Regulation 5 makes transitional provisions to provide for continuity in those cases where (in accordance with directions issued under the provisions of section 7A of the Local Authority Social Services Act 1970) the local authority is already working jointly with NHS bodies in a particular case, or is already in receipt of a request to nominate a member to a review panel or is already working with an NHS body to settle a dispute.

A separate impact assessment has not been prepared for these Regulations. These Regulations are part of a package of legislative measures and the relevant impact assessment can be requested via careactconsultation@dh.gsi.gov.uk or Department of Health, Richmond House, 79 Whitehall, London SW1A 2NS and is available online at https://www.gov.uk/government/organisations/department-of-health.

7.—(1) Subject to paragraph (2), a notice withdrawing a discharge notice must be given where the NHS body responsible for the patient considers that it is no longer likely to be safe to discharge the patient on the proposed discharge date.

(2) Paragraph (1) does not apply where the only reason that the NHS body considers that it is no longer likely to be safe to discharge the patient on the proposed discharge date is that the relevant authority has—
   (a) not discharged its duty to carry out a needs assessment or (where applicable) a carer’s assessment in relation to the patient; or
   (b) not put in place arrangements for meeting some or all of those needs that it proposes to meet under sections 18 to 20 in the case of the patient or (where applicable) the patient’s carer.

---

\(^a\) See section 9(2).
\(^b\) See section 10(2).

9.—(1) The specified period for the purposes of paragraph 4(6) of Schedule 3 is to be determined in
accordance with this regulation.
(2) The specified period begins on the day after the day which is the relevant day(\(^a\)) in relation to that
discharge notice.
(3) The specified period ends with the earliest of the days on which any of the following first occur—
   (a) the NHS body responsible for the patient withdraws the assessment notice or discharge notice
       relating to that patient;
   (b) the relevant authority gives notice to the NHS body responsible for the patient that it has—
       (i) carried out a needs assessment and (where applicable) a carer’s assessment in relation to the
           patient to whom the notice relates; and
       (ii) put in place arrangements for meeting some or all of those needs that it proposes to meet
           under sections 18 to 20 in the case of the patient or (where applicable) the carer;
   (c) the relevant authority is no longer required to put in place arrangements to meet the needs of the
       patient and (where applicable) the carer under sections 18 to 20 because—
       (i) the patient informs the relevant authority that they have arranged their own care or other care
           is arranged for the patient; and
       (ii) where applicable the carer informs the relevant authority that they have arranged their own
           support or other support is arranged for the carer;

   (e) the NHS body responsible for the patient decides that the patient needs to remain in hospital for a
       further course of treatment; or
   (f) the patient dies.
(4) A day is not to be treated as a day of the specified period in the following circumstances—
   (a) the relevant authority has by 11am on that day put in place arrangements for meeting some or all
       of the needs that it proposes to meet under sections 18 to 20 in the case of the patient or (where
       applicable) the carer; or
   (b) the NHS body responsible for the patient considers that the patient is not able to be discharged due
       to a deterioration on that day.

Delayed discharge payment

10. For the purposes of paragraph 4(6) of Schedule 3 (amount to be paid for each day of delayed
discharge period), the amount specified is—
   (a) £155 where the relevant authority is—
       (i) a London borough council, or
       (ii) the Common Council of the City of London; and
   (b) £130 in any other case.

Day on which assessment and discharge notice is to be regarded as given

11. An assessment notice or a discharge notice which is given after 2pm on any day is to be treated as
having been given on the following day.

\(^a\) See paragraph 2(5) of Schedule 3 for the definition of “relevant day”. 
Ordinary residence

12.—(1) Subject to paragraph (2), a local authority to which an assessment notice has been given must accept that notice and carry out the duties of a relevant authority arising from it even though it may wish to dispute that it was the correct authority to which to give the notice.

(2) Where for a reason set out in paragraph (3), it is agreed or determined that the patient to whom the notice relates is ordinarily resident in the area of another local authority then that local authority is to become the relevant authority in the patient’s case.

(3) The reasons referred to in paragraph (2) are that—
   (a) the other local authority agrees that it is the correct authority; or
   (b) a determination is made under section 40 to the effect that the patient is ordinarily resident in the area of the other local authority.

(4) Where paragraph (2) applies, the local authority to which the notice was given may recover from the local authority which is the correct authority in relation to that case any expenditure it has incurred in relation to making a payment under paragraph 4 of Schedule 3 (delayed discharge payment) in that case.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations make provision for the details of the scheme for the discharge of hospital patients with care and support needs set out in section 74 of, and Schedule 3 to, the Care Act 2014 (“the Act”). Schedule 3 to the Act makes provision for co-operative working to secure the safe discharge of patients in England from NHS, or NHS arranged, hospital care to local authority care and support and enables a relevant NHS body to seek reimbursement from a relevant local authority where a patient’s discharge has been delayed due to a failure of the local authority either to arrange for relevant assessments or meet a patient’s or (where applicable) that patient’s carer’s needs which the local authority proposes to meet.

Regulation 2 requires that all notices which the NHS body gives the local authority under Schedule 3 to the Act must be in writing and contain the date upon which it is given.

Regulation 3 sets out the details which an assessment notice must contain and regulation 4 sets out the circumstances under which an NHS body must withdraw an assessment notice.

Regulation 5 specifies that a discharge notice may not be given less than one day in advance of the proposed discharge date. Regulation 6 sets out the details which a discharge notice must contain and regulation 7 sets out the circumstances under which an NHS body must withdraw a discharge notice. Regulation 8 specifies that the minimum period for which a discharge notice may remain in force (unless withdrawn by the local authority) is two days after the date on which an assessment notice is given or treated as being given in accordance with regulation 11.

Regulation 9 sets out how the period for which the local authority may be liable to the NHS for reimbursement for the costs of the patient’s care is to be determined and regulation 10 specifies the daily amount the local authority may be required to pay the NHS body in the event that the local authority has not assessed the patient and put in place arrangements to meet some or all of those needs that it proposes to meet.

Regulation 11 provides for the day on which an assessment and discharge notice is to be regarded as given.

Regulation 12 requires a local authority to which an assessment notice is given to accept that notice and be required to undertake the duties in relation to that patient notwithstanding that it may dispute that patient’s
ordinary residence. It also allows a local authority which has wrongly been given an assessment notice to claim reimbursement for any delayed discharge payment it has paid in that case from the local authority in whose area the patient is later agreed or determined to be ordinarily resident.

A separate impact assessment has not been prepared for these Regulations. These Regulations are part of a package of legislative measures and the relevant impact assessment can be requested via careactconsultation@dh.gsi.gov.uk or the Department of Health, Richmond House, 79 Whitehall, London SW1A 2NS and is available online at https://www.gov.uk/government/organisations/department-of-health.

(\textsuperscript{A}) 2000 c.14; section 3 was amended by the Health and Social Care Act 2008 (c.14), section 95 and paragraph 4 of Schedule 5.

(\textsuperscript{B}) See section 2(8) of the Act for the meaning of “adult”.

(\textsuperscript{C}) See section 1(4) of the Act for the meaning of “local authority”; the definition is limited to local authorities in England.
Section 39 of the Care Act 2014 ("the Act") makes provision for establishing an adult’s ordinary residence. Section 39(1) makes provision about an adult’s ordinary residence in a case where an adult is living in accommodation of a specified type.

These Regulations specify and define three types of accommodation for these purposes: care home accommodation, shared lives scheme accommodation and supported living accommodation.

Where an adult has needs for care and support which can be met only by living in accommodation of a specified type and is living in accommodation of a specified type in England, the adult is to be treated (by virtue of section 39(1) of the Act) as ordinarily resident in the area in which the adult was ordinarily resident immediately before the adult began to live in the specified type of accommodation. If the adult was of no settled residence immediately before beginning to live in a specified type of accommodation, the adult is treated as ordinarily resident in the area in which the adult was present at that time.

A separate impact assessment has not been prepared for these Regulations. These Regulations are part of a package of legislative measures and the relevant impact assessment can be requested via careactconsultation@dh.gsi.gov.uk or from the Department of Health, Richmond House, 79 Whitehall, London SW1A 2NS and is available online at https://www.gov.uk/government/organisations/department-of-health.
The Secretary of State makes these Regulations in exercise of the powers conferred by sections 40(4) and 125(7) and (8) of the Care Act 2014.

**Citation, commencement and interpretation**

(3) References in these Regulations to the date on which a dispute arises are references to the first date on which a written communication is sent by one of the local authorities (“the first authority”) to another of the local authorities (“the second authority”) which (as the case may be)—

(a) asserts that, in the first authority’s view, the adult to whom the dispute relates is not ordinarily resident in its area for the purposes of Part 1 of the Act, or that that adult is ordinarily resident in the second authority’s area for those purposes;

(b) raises an issue about the application of section 37 of the Act; or

(c) raises an issue about the application of section 48 of the Act.

(4) In these Regulations, a reference to “the authorities” is a reference to the local authorities who are parties to a dispute and includes (where different) a reference to the lead authority in relation to that dispute.

Responsibility for meeting needs whilst dispute is unresolved

2.—(1) The authorities must not allow the existence of the dispute to prevent, delay, interrupt or otherwise adversely affect the meeting of the needs of the adult or carer to whom the dispute relates.

(2) The local authority which is meeting the needs of the adult or carer on the date on which the dispute arises must continue to meet those needs until the dispute is resolved.

(3) If no local authority is meeting the needs on the date on which the dispute arises—

(a) the local authority in whose area the adult needing care is living; or

(b) if the adult needing care is not living in the area of any local authority, the local authority in whose area that adult is present,

must, until the dispute is resolved, perform the duties under Part 1 of the Act in respect of the adult or carer as if the adult needing care was ordinarily resident in its area.

(4) If the duty under paragraph (3) falls to be discharged by a local authority (“A”) which is not one of the authorities already party to the dispute, those authorities must, without delay, bring to A’s attention—

(a) A’s duty under that paragraph; and

(b) A’s status as the lead authority for the purposes of these Regulations.

(5) A is not under the duties in these Regulations until the date on which it is aware of, or could reasonably be expected to have been aware of, its status as the lead authority.

(6) Where the dispute is about the application of section 37 (continuity of care), the authorities must perform their duties under sections 37 and 38 notwithstanding the existence of the dispute.

Steps to be taken prior to referral of a dispute

3.—(1) The authorities must, prior to the referral of the dispute, take the steps specified in this regulation.

(2) As soon as reasonably practicable after the date on which the dispute arises—

(a) the lead authority must seek to identify all the other authorities concerned in the dispute and co-ordinate discussions between those authorities in an attempt to resolve the dispute; and

(b) each of the authorities must nominate an individual who will act as the point of contact within that authority in relation to the dispute, and provide the other authorities with the contact details of that individual.

(3) The lead authority must—

(a) co-ordinate the discharge, by the authorities, of their duties under this regulation;

(b) take steps to obtain from the other authorities information which may be relevant to the determination of the dispute;

(c) disclose that information to the other authorities; and

(d) disclose to the other authorities any information the lead authority itself holds that may help to resolve the dispute.
(4) The authorities must—
   (a) take all reasonable steps to resolve the dispute between themselves; and
   (b) co-operate with each other in the discharge of their duties under this regulation.

(5) Each of the authorities must—
   (a) engage in a constructive dialogue with the other authorities, with a view to bringing about the
       speedy resolution of the dispute;
   (b) comply, without delay, with any reasonable request for relevant information made by the lead
       authority; and
   (c) keep the other authorities informed of any developments which appear to it to be relevant to the
       determination of the dispute.

(6) The lead authority must provide to the adult or carer to whom the dispute relates, or to that person’s
    representatives, such information as appears to it to be appropriate about progress in resolving the dispute.

(7) If the authorities cannot resolve the dispute between themselves within four months of the date on
    which it arose, the lead authority must refer it to the appropriate person.

Referral: disputes about ordinary residence or continuity of care

4.—(1) The referral must include the following documents—
   (a) a letter signed by the lead authority in relation to the dispute, stating that the dispute is being
       referred;

       specified in paragraph (2); and
   (c) copies of all correspondence between the authorities which relates to the dispute.

(2) The specified information is—
   (a) an explanation of the nature of the dispute;
   (b) a chronology of the events leading up to the referral of the dispute, including the date on which
       the dispute arose;
   (c) details of the needs of the adult (“the relevant adult”) or carer to whom the dispute relates from
       the beginning of the period to which the dispute relates;
   (d) a statement as to which local authority has met those needs since then, how those needs have been
       met and the statutory provisions under which they have been met;
   (e) details of the relevant adult’s place of residence, and of any former places of residence which are
       relevant to the dispute;
   (f) where the person to whom the dispute relates is a carer, details of the place of residence of the
       adult needing care, and of any former places of residence that are relevant to the dispute;
   (g) in a case where the relevant adult’s capacity to decide where to live is relevant to the dispute,
       either—
           (i) a statement that the authorities agree that the adult has, or lacks, such capacity; or
           (ii) information which appears to any of the authorities to be relevant to the question of whether
               the adult has, or lacks, such capacity;
   (h) a statement as to any other steps taken by the authorities in relation to the relevant adult or carer
       which may be relevant to the dispute;
   (i) details of the steps that the authorities have taken to resolve the dispute between themselves; and
   (j) any other information which appears to any of the authorities to be relevant to the determination
       of the dispute.

(3) The authorities must submit any legal arguments they rely on in relation to the dispute within 14 days
    of the date on which the dispute is referred.

(4) If a local authority submits legal arguments, it must—
(a) send a copy of those arguments to the other authorities; and
(b) provide evidence to the appropriate person that it has done so.

(5) If the appropriate person asks any of the authorities to provide further information, the local authority to which the request is made must comply without delay.

(4) The duty under paragraph (3) must be discharged until the dispute in question is resolved.

(D) 2000 c.16.

(E) 2006 c.42.
Schedule 1 to the Care Act 2014 (“the Act”) makes provision to ensure that where a local authority in England, Wales or Scotland, or a Health and Social Care trust in Northern Ireland (“an HSC trust”) places an adult in residential accommodation in another of those territories, in general, this does not result in the transfer of that authority’s responsibility for that adult. The relevant provisions are to be found in paragraphs 1 to 4 of Schedule 1.

Sections 48 to 52 of the Act impose duties on local authorities in England and Wales, and on HSC trusts, to meet needs of individuals in circumstances where registered providers of care are unable to carry on because of business failure.

These Regulations make further provision in relation to the resolution of disputes between authorities about the application of paragraphs 1 to 4 of Schedule 1, or of sections 48 to 51 of the Act (save for disputes between English local authorities about the application of section 48 which are not dealt with in these Regulations).

Regulation 2 sets out who is to determine disputes. The effect of this is that where the adult or carer in question (“the relevant person”) is living (or, in a case where the adult is homeless, is physically present) in the same territory as that in which an authority which is party to a dispute is situated, the dispute is to be determined by the Responsible Person in relation to that authority. In other cases, regulation 2(6) provides for the relevant Responsible Persons (i.e. persons who are Responsible Persons in relation to the authorities in dispute) to agree between themselves as to who is to determine the dispute. The Responsible Person in relation to an authority is: in relation to a local authority in England, the Secretary of State, in relation to a local authority in Wales, the Welsh Ministers, in relation to a local authority in Scotland, the Scottish Ministers and in relation to an HSC trust, the Department of Health, Social Services and Public Safety in Northern Ireland.

Regulation 3 sets out who the “lead authority” is for the purposes of duties imposed on such an authority under the Regulations. The lead authority is the authority in whose area the relevant person is living (or physically present) as at the date on which the dispute arises.

Regulation 4 imposes duties to be discharged by Responsible Persons upon receipt of a referral of a dispute. This includes a duty to consult other persons who are Responsible Persons in relation to the authorities in dispute when determining the dispute and to send on a referral to the appropriate Responsible Person where this has not been sent to the correct Responsible Person.

Regulation 5 sets out duties on authorities in dispute in relation to the meeting of needs until a dispute is determined. This includes a requirement, in the case of certain disputes, for the authority in whose area the person is living (or physically present) to meet an adult’s needs for accommodation in circumstances where no authority is meeting such needs as at the date on which the dispute arises. This does not affect the liability of that authority or any other authority for meeting those needs.

Regulation 6 sets out steps which authorities in dispute have to take before referring a dispute for determination.

Regulation 7 requires the lead authority to send a copy of the referral of a dispute to relevant Responsible Persons and sets out what must or may be included with a referral. The documents to be included are a letter from the lead authority, a statement of facts and copies of relevant correspondence. The authorities may also submit supporting legal arguments. Where a dispute solely concerns the recovery of costs or a duty to co-operate, regulation 7 omits the requirement to submit certain information and, in the case of a dispute solely concerning the recovery of costs, includes a requirement to submit information concerning the costs being sought to be recovered.

Regulation 8 sets out a duty to refer disputes if they cannot be resolved within a specified time.

Regulation 9 makes transitory provision in respect of the period before Part 4 of the Social Services and Well-being (Wales) Act 2014 is commenced.

EXPLANATORY NOTE
(This note is not part of the Regulations)

Schedule 1 to the Care Act 2014 makes provision to ensure that where a local authority in England, Wales or Scotland, or a Health and Social Care trust in Northern Ireland makes arrangements for the provision to an adult of residential accommodation in another of those territories, in general, this does not result in the transfer of that authority’s responsibility for that adult. The relevant provisions are to be found in paragraphs 1 to 4 of Schedule 1.

These Regulations make provision to specify circumstances in which, in the case of arrangements for the provision of accommodation in Scotland, specified duties of Scottish local authorities under Part 2 of the Social Work (Scotland) Act 1968 (“the 1968 Act”) are nonetheless to apply in the case of the adult concerned.

Regulation 3 sets out that the circumstances are that the care provider with whom the arrangements have been made is unable to continue to provide the care service in respect of which those arrangements have been made and this inability arises following any of the events set out in regulation 4. The duties are to continue to be discharged for so long as the local authority considers necessary.

Regulation 5 sets out the duties under the 1968 Act which are to apply.

EXPLANATORY NOTE
(This note is not part of the Regulations)

Section 67 of the Care Act 2014 (“the Act”) imposes a duty on local authorities to arrange for an independent advocate to be available to represent and support certain persons for the purpose of facilitating those persons’ involvement in the exercise of functions by local authorities. The persons in question are those whom the local authority considers would otherwise experience significant difficulty in doing certain things such as understanding information. These Regulations make provision in connection with the making of such arrangements.

Regulation 2 makes provision regarding the requirements that a person must meet in order to be an independent advocate.

Regulation 3 makes provision about matters to which a local authority must have regard when deciding whether a person would experience substantial difficulty in doing certain things as mentioned in section 67(4) of the Act.

Section 67(5) of the Act sets out circumstances in which the duty to make arrangements for an independent advocate under section 67(1) of the Act does not apply. Regulation 4(1) sets out circumstances in which the exception in section 67(5) of the Act does not apply (and hence the duty to make arrangements for an independent advocate does apply).

Regulation 5 makes provision about the manner in which independent advocates must perform their functions.

Regulation 6 makes provision about how a local authority is to work with an independent advocate.
Regulation 7 makes provision about circumstances in which if an assessment under Part 1 of the Act is combined with an assessment under that Part that relates to another person, each person may be represented and supported by the same independent advocate or must be represented and by supported different independent advocates.

Regulation 8 revokes the Care and Support (Independent Advocacy Support) Regulations 2014 which contained an error.
