**Information released under the Freedom of Information Act**

**Title:** Local Enterprise Partnerships Funding from the Regional Growth Fund

**Date of release:** 14 November 2014

**Information request**

I am writing to ask what funding allocation each individual Local Enterprise Partnership (LEP) received from Waves 2,3 and 4 of the Regional Growth Fund (RGF)?

If this is not possible, I would like to know the amount of money from the RGF that has been allocated to LEPs as a whole since the Fund's inception.

The data is already partially published in NAO's Progress Report on the Regional Growth Fund (<http://www.nao.org.uk/wp-content/uploads/2015/02/Progress-report-on-the-regional-growth-fund.pdf> see page 30), with West of England LEP's and Greater Manchester LEP's funding published as part of a 'top 10' highest funding programmes.

**Information released**

The Department holds the information requested. This is contained in the following table that lists the amounts awarded to LEP led and delivered programmes and projects in Rounds 2, 3 and 4 of the Regional Growth Fund (RGF). This includes the LEPs listed in NAO report cited above. Information about the selection process is on the RGF website: <https://www.gov.uk/understanding-the-regional-growth-fund>
