ESF Programme Summary – Skills Support for Work Programme Participants in Employment

Overview

Skills Support for Work Programme Participants in Employment (SSWP) provides an individual programme of skills support to newly employed adults, aged 19 or over, who have progressed into employment following engagement in the Work Programme. The programme will equip individuals with the right level of skills support to sustain employment and provide a progression route to further in-work skills training.

The programme also provides bespoke training support to SME employers to enable them to fully support the individual in the workplace.

The programme operates across England, and is available to employed individuals who are 19 years and over, and have gained employment in the last 6 months following the Work Programme.

All of these contracts will end by 31 July 2015.
