

## Shareholder Executive - Portfolio Businesses

The Shareholder Executive is responsible for a portfolio of government owned or part-owned businesses. The businesses include those where we have a clear shareholding mandate or a seat on the board and our involvement in each business varies depending on our agreed role and ability to have the greatest impact:

- executive role - where we are accountable to ministers directly
- joint team role - where we work alongside shareholder teams within departments
- advisory role - where we advise shareholder teams within departments

Our portfolio consists of the following businesses:
