OME/OME/07-14/1

Thank you for your email dated 19th June 2014 requesting information under the FOI Act from the Office of Manpower Economics, Doctors' & Dentist' Review Body & NHS pay review body.

You asked for the following to be released:

Itemised expenses claims for your chief executive and senior management team for the last three full financial years. I would prefer to receive this in the form of an excel spread sheet file if possible”.

If time constraints make it challenging for you to provide information for the last three years I respectfully request that you focus on providing information for the 2013-14 financial year. Similarly, if you are only able to release some of the information I would ask that you release this data rather than withhold the entire set.

The Office of Manpower Economics is an independent, non-statutory body which provides the Secretariat to the Doctors' & Dentist' Review Body & NHS pay review body and to other Pay Review Bodies.

It provides an independent Secretariat to the Review Bodies and Police Boards, free from Government direction as to the advice and support we offer. The OME is staffed by around 30 civil servants organised into Secretariat teams supporting each of the bodies, and a cross-cutting Research and Analysis Group (RAG).

OME is funded by the Department for Business, Innovation and Skills, which meets the costs of the Review Bodies and The Police Boards (with the exception of pay costs) which are funded by the Home Office.

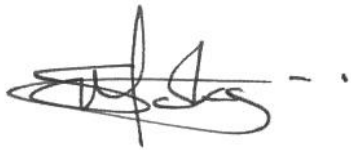

Your request asked for expense claims for the Chief Executive and senior management team within OME, Doctors' & Dentist' and the NHS pay review bodies. The expenses for the OME Director and senior management team can be viewed on the Department of [Business Innovation & Skills](#) website.

The review bodies are made up of members and an appointed Chair and as such do not have Chief Executives or a senior management team. Expenses for review body members can be found on the [OME website](#)
