Exhibit Section / P number reference	Exhibit Title	Date of Change	Summary of changes
Exhibit W	Exhibit W Wendover Further Noise Mitigation Report UPDATE		Since this Report was first issued, HS2 Ltd has reviewed the noise tables in Appendix 1 and made various corrections to accurately reflect the up-to-date assessment. Results for receptors in Bacombe Lane have also been added to these tables. Hs2 Ltd has also produced an updated noise contour plan which is provided in Appendix 1. In addition to this, a description of the improvement in modelling for the assessment of LAMax which has influenced the results reported in Appendix 1 has also been included. There have also been various minor changes to the text for clarity.
