

Copyright in this software rests with the Crown. It is issued to the recipient, for his own use on permanent loan from ETSU, Harwell, Oxon, OX11 0RA							
This programme should be used in conjunction with ETSU contractor report ETSU SSH 4063 P1, 2, 3, 'Small-scale hydro-electric generation potential in the UK', which is available from the Renewable Energy Enquiries Bureau at ETSU, Harwell, Oxon, OX11 0RA.							
The programme is, to the best of our knowledge and belief, based on information in the public domain and published therein. However, no warranty or representation is made that use of the programme will not infringe the rights of any third party.							
It is the responsibility of the User to verify any data presented by the programme. No warranty, either expressed or implied, is given with regard to the programme and neither ETSU, the Department of Trade and Industry, nor Salford Civil Engineering Ltd. shall be responsible for any error within, or failure of, the programme.							
All reasonable efforts have been made to check the computer disk provided. However, no guarantee that the disk is virus-free can be given. The User is therefore advised to make his own virus-check before operating the programme.							
The data provided in this spreadsheet is taken from the former Department of Energy report ETSU SSH 4063 'Small Scale Hydroelectric Generation Potential in the UK' (1989). No guarantees are placed on the accuracy of the data. The views and judgements expressed are those of the contractor, Salford Civil Engineering Ltd, and do not necessarily reflect those of ETSU or the Department of Trade and Industry.							
SMALL SCALE HYDROELECTRIC SALFORD STUDY ETSU SSH 4063 REJECTED SITE DATA							
		Code	Reason for Rejection				
		N	Reasonable potential but not practical for development				
		OP	Operating scheme				
		AR	Access for development restricted				
		H2	Head less than 2m				
		P25	Power less than 25kW				
		P50	Power less than 50kW, no on-site demand				
		PR	Prior use of water (fish farm, etc)				
		DIY	Power less than 25kW, but suitable for small development				
		NP	No potential				
		NC	Head less than 3m, no existing civils				
		W	Weir removed or breached
