Chapter 1: Introduction

This document gives a comprehensive snapshot of the public bodies sponsored by DECC as at 31 March 2010.

A public body is not part of a government department, but carries out its function to a greater or lesser extent at arm's length from central government. Non-Ministerial departments (of which DECC has one – the Office of Gas and Electricity Markets) and executive agencies (of which DECC has none) are excluded from this directory.

Ministers are ultimately responsible to Parliament for the activities of the bodies sponsored by their department, and in almost all cases (except, for example, where there is separate statutory provision) Ministers make the appointments to their boards. Departments are responsible for funding and ensuring good governance of their public bodies.

The term 'public body' is a general one which includes Non-Departmental Public Bodies (NDPBs), Public Corporations, NHS Bodies and the Public Broadcasting Authorities BBC and S4C. As at March 2010, DECC was responsible for eleven public bodies – four executive NDPBs, six advisory NDPBs and one public corporation. Definitions of these are set out below:

Executive NDPBs – established in statute and carrying out administrative, regulatory and commercial functions, they employ their own staff and are allocated their own budgets.

Advisory NDPBs – provide independent and expert advice to ministers on particular topics of interest. They do not usually have staff but are supported by staff from their sponsoring department. They do not usually have their own budget, as costs incurred come within the department's expenditure.

Public Corporations – corporations which are formed to provide a government function or to operate under government control.

Chapter 2: Key to Directory Fields

Contact details

Address, phone, fax, e-mail and website details (where available).

Regulatory Function

Indicates where the body performs a Regulatory function. "Regulation" is defined as 'exerting powers over, or imposing burdens on, other organisations or individuals; by means of inspection, licensing, referral to another decision-maker (particularly with binding advice), accreditation or enforcement.'

Notes

Records the date the body was established and information clarifying other entries.

Chair (or equivalent title)

Shows the name of the Chair as at 31 March 2010

Chair's Remuneration

Remuneration figures are generally rounded to the nearest pound and do not include normal expenses, such as travel and subsistence. An entry of zero may mean that the post is unpaid, or that the post holder does not claim the remuneration (aside from normal expenses) to which he or she is entitled. Amount shown will be the per annum remuneration unless otherwise stated.

Chief Executive/Secretary

Shows the name of the Chief Executive/Secretary as at 31 March 2010.

Chief Executive/Secretary's Remuneration

Chief Executive remuneration totals comprise the basic salary plus:

- geographical allowances such as London Weighting;
- performance related bonuses;
- any employer's contributions paid in respect of the Chief Executive under the pension scheme;
- the estimated monetary value of any other benefits receivable by the Chief Executive otherwise than in cash; and
- any agreed sum on taking up appointment.

Amount shown will be the per annum remuneration unless otherwise stated. Otherwise, as for 'Chair's Remuneration' (above)

Members

Indicates the number and gender of board members (M = male; F = female).

Public meetings

Indicates whether any of the body's meetings are open to the public: does not necessarily relate specifically to public access to the body's board meetings.

Public minutes

Indicates whether minutes or summary reports of board meetings and other meetings are made publicly available, via a website or otherwise.

Register of Interests

Indicates whether a Register of Interests for Board members is maintained and available for public scrutiny.

Ombudsman

Shows the Ombudsman within whose remit the body falls. 'PCA' is the Parliamentary Commissioner for Administration (the Parliamentary Ombudsman). Advisory NDPBs do not usually fall within an Ombudsman's jurisdiction.

Annual Report

Shows the year of the body's latest published Annual Report.

Last Review

Shows the year in which the body was last reviewed.

Audit arrangements

Shows the audit arrangements/external auditor for Executive NDPBs, Nationalised Industries and Public Corporations only. Under an agreement between the Comptroller and Auditor General (C&AG) and HM Treasury, the NAO is either the auditor of, or has inspection rights to, all Executive NDPBs.

Expenditure information

Expenditure information is for 2009-10 unless otherwise indicated. This will be audited data unless otherwise shown in the Notes box. Advisory NDPBs do not normally have their own budgets (but see 'Government Funding' below).

Government Funding

Generally represents grant or grant-in-aid from Government, but in the case of Advisory NDPBs represents the secretariat costs borne by the parent department, where identifiable.

Total Gross Expenditure

Shows the public body's total gross expenditure for the financial year (the 'bottom' line expenditure figure in their income and expenditure account). It will reflect, where appropriate, income from sources other than Government funding e.g. fees, levies etc. Not applicable for Advisory NDPBs.

Staff employed

Shows the full-time equivalent number of employees (rounded to the nearest whole number) as at 31 March of the reporting year. This figure does not include staff of the parent department providing a secretariat for executive bodies but does include civil servants temporarily seconded into the body itself, and paid for from the body's funds. **BUT** for Advisory NDPBs which generally do not employ their own staff the figure shown is the number of WTE (Whole Time Equivalent) secretariat staff supplied by the parent department, where identifiable.

Appointments and Remuneration:

Appointments to public bodies (excluding Tribunal and Independent Monitoring Board NDPBs) which are made by Ministers (including the Prime Minister, and the Crown on the advice of Ministers) are normally regulated by the Office of the Commissioner for Public Appointments. For bodies which fall outside the Commissioner's remit departments may choose to apply the provisions of the OCPA Code to their appointments process as an indication of best practice.

Appointments

Shows details as at 31 March 2010. Post holders who do not claim the remuneration (aside from normal expenses) to which they are entitled are shown as unpaid.
