SPLESS

<IF FF9S > NEWS>

INTERVIEWER: SHOW SCREEN
Here is a list of reasons why people might do less sport and physical recreational activity. Just thinking about the time since your last interview, why are you doing less?

<Responses from LSTAGE1 and LSTAGE2>

I had less free time
Childcare responsibilities took priority over it
There were other things I preferred to do in my leisure time
I didn’t get on with the people who did it
Everyone I used to do it with had given it up
I stopped enjoying or didn’t enjoy the activity
It was/became too difficult
I felt out of place
Once I stopped doing it, it was easier not to do it again
I developed health problems or a disability
I didn’t feel I was good enough
Once I was out of practice, it was too hard to get back into it
I was worried that I would get injured if I carried on doing it
I had to give up due to an injury (sustained from sport)
I had to give up due to an injury (not sustained from sport)
It became too expensive
The classes / sessions changed to an inconvenient time
A course, class or club finished/not available anymore
I was training for an event
It was difficult to get to via the transport options available to me
The facilities got worse
The venue/facilities closed down
I had trouble accessing the place it was held
Don’t have a dog anymore
