

ECO Brokerage Contract Report

Please fill in this report as appropriate and return via email to the Crown Commercial Service (CCS) at eAuctionsecobrokerage@crowncommercial.gov.uk. This form should be used to report on delivery under an ECO Brokerage contract or when a contract is terminated.

Information to be provided where the ECO Brokerage contract was terminated:

Energy Company Name	
Green Deal Provider Name	
Auction Date that the Lot was Bought	
ECO Lot Commodity Type (e.g. AW, AWBR, CSC, CSCR, CSCSW, CSO, CSOSW)	
Band (e.g. Band 1/2/3/4/5/6/7)	
Contract Term (e.g. 3/6/12 months)	
Lot Number (e.g. 15245 or 17040 etc.)	
Actual Offering (tCO2 or £bill saving)	
Reason why the contract was terminated early (please tick the appropriate box):	
<p>Seller does not provide signed Bid Confirm Letter: Clause 7 of the ECO Platform Provider Terms and Conditions was not met and the contract was treated as terminated. For lots sold from Auction 76 onwards, this will result in a reduction of the seller's performance rating</p>	
<p>Seller does not provide notice of intended sub-contractors and monitoring percentages: Clause 1A of the Bi-Lateral Off-Take Contract was not met and the contract was terminated. For lots sold from Auction 76 onwards, this will result in a reduction of the seller's performance rating</p>	
<p>Buyer terminated following the optional due diligence checks: Clause 1B of the Bi-Lateral Off-Take Contract was triggered and the contract was terminated.</p>	
<p>Other Reason: For example, the occurrence of an Event of Default (Clause 14) or a No-Fault Termination Event (Clause 15).</p>
