

Successful bidders in EDR phase II auction

The second Electricity Demand Reduction (EDR) Pilot auction took place on 21 January 2016:

- Auction funding has been offered to 24 lead organisations with 37 individual projects across Great Britain, subject to state aid approval and signature of a Participant Agreement.
- 23,307 kW of winter peak capacity was purchased in the auction.
- £4.74 million was allocated in the auction.
- The weighted average price bid in the auction £203/kW.

Successful bidders with Winter Peak savings delivery 2016–17
