Calculating your taxable profit or loss (continued)

If you start or finish self-employment and your accounting period is not the same as your basis period (or there are overlaps or gaps in your basis periods) or in certain situations or trades or professions, you may need to make further tax adjustments – read the ‘Self-employment (full) notes’. In all cases, please complete boxes 73 and 76, or box 77, as applicable.

If your total profits from all Self-employments and Partnerships for 2015-16 are less than £5,965, you do not have to pay Class 2 National Insurance contributions, but you may want to pay voluntarily (box 100) to protect your rights to certain benefits. Read the notes.
