Dear [REDACTED]

FREEDOM OF INFORMATION

Thank you for your e-mail to the Scotland Office of 8th March 2012.

You asked for the following information under the Freedom of Information Act 2000:

Please could you provide a list of all courses, conferences, training or other away days attended by department staff, since 1 January 2010? These courses should be courses run externally, i.e. by a private company or individual, rather than any courses run internally by your own staff. Can you provide this information in an excel spreadsheet, with the following fields:

- date of course/conference/training/away day
- name of course/etc
- name of company/organiser
- price per person for attendance
- no. attendees
- total cost of staff attendance
- cost and location of overnight accommodation (where applicable)
- purpose of course/conference/away day (e.g. html training/team building/etc)

I am writing to confirm that the Scotland Office has now completed its search for information. The Scotland Office does not hold the information in the form you have requested in that we do not routinely maintain a record of the costs and locations of any overnight accommodation as part of our training records. Where the information is readily available it has been provided. It should be noted that most training was provided in or near Edinburgh or London and there would not have been any accommodation costs. As requested I attach an Excel spreadsheet.

I hope you find this helpful.

If you are dissatisfied with the decision made in relation to your request you may ask for an internal review. A request for an internal review should be addressed to:

FOI Officer

If you are not content with the outcome of the internal review you have the right to apply directly to the Information Commissioner for a decision. The contact details are:

If you have any queries about this letter please contact me.

Yours sincerely
