Dear [REDACTED]

Freedom of Information Request

I refer to your request which was received by email on 19 April 2012. You asked for the following information under the Freedom of Information Act 2000:

Please could you provide me with a list of all internet domain names owned by the department. For each one, I would be grateful if you could also state the date it was purchased and the amount of money paid for it.

Please could you also provide a figure for the total amount of money spent on domain names which are currently owned by the department.

I am writing to confirm that the Scotland Office has now completed its search for the information you requested.

The Scotland Office owns one domain name – *scotlandoffice.gov.uk*.

I am unable to confirm the exact date of purchase or the amount of money paid as we are not required to retain the original invoices relating to this period. It is however believed that the domain name was originally purchased in 1999.

The Scotland Office currently pays £50 per annum for domain name hosting and £60 per annum for domain name renewal – both amounts are subject to VAT.

I hope you find this response helpful however, if you are dissatisfied with the outcome, you may ask for an internal review. A request for internal review should be addressed to:
