**APPOINTMENT AS SENIOR RESPONSIBLE OWNER FOR THE TYPE 26  
PROGRAMME – Revised April 2023**

Dear Stephen,

**Role, Responsibility, Authority and Accountability**

1. **Role.** We are writing to confirm your continuing appointment as Senior Responsible Owner (SRO) of the Type 26 Programme. It is recognised that you have been SRO since 19 March 2021 and have been accountable for all the decisions made since this date. This letter sets out your continuing responsibility, authority, and accountability as well as the support that you can continue to expect from the Ministry of Defence (MOD) and the Infrastructure and Projects Authority (IPA).

2. **Responsibility.** Your responsibility as SRO is defined in the IPA's guidance on [Project delivery: The Role of the Senior Responsible Owner](#) and in the MoD Project Delivery Centre of Excellence's guidance on [The Role of the Senior Responsible Owner in Defence](#). You are to comply with the [Government Functional Standard for Project Delivery](#) and the [Government Project Delivery Framework](#), and you are expected to follow all relevant IPA guidance on project delivery. In addition, you should take every step to ensure that Ministers, the Accounting Officer and other senior leaders are fully informed of increasing risk or threats to delivery that might be considered capable of undermining the business case at the earliest opportunity even if outside the normal governance line or timings.

3. The programme's objectives, outcomes and benefits are defined in the Programme Mandate; specific delivery requirements are defined within the programme's Business Cases and Approvals; and the assurance requirements are as detailed in the programme's Integrated Assurance and Approval Plan.

4. You are to allocate 50% of your time to your SRO responsibilities and you are to remain in post until April 2024 when you will have delivered against the following milestone:

- a. February 2024 – HMS CARDIFF Structure Complete

5. **Authority.** The department will grant you the authority you require to discharge your defined responsibilities as SRO, and thus deliver the programme mandate effectively. You are authorised to:

- a. Lead and champion the programme (including in public).
- b. In consultation with the Type 26 Sponsor, set the overall vision, strategic direction, and key delivery parameters for the programme.
- c. Determine the overall design of the programme and the temporary organisation that is needed to deliver it.
- d. Delegate<sup>1</sup> responsibility and authority as required within the programme team (including to those in sponsor, client, and market roles)<sup>2</sup> noting that accountability cannot be delegated.
- e. Approve business cases (subject to additional approval as required by spending controls)<sup>3</sup>.
- f. Exercise your authority to decide on the most appropriate course of action to resolve dispute beyond the boundary of the Programme Board.
- g. In consultation with the Type 26 Sponsor agree on changes required to any previously determined scope, providing it does not prevent achievement of the Key User Requirement and it remains within the bounds of both the programme mandate and the approved cost, time, and performance envelope.
- h. Challenge all interfacing projects, programmes and the wider operating environment on matters relating to the effective delivery of the programme.
- i. Engage directly with all internal and external stakeholders on programme matters.
- j. Approve the programme's access to risk funding within the approved cost envelope.

6. If you do not have the authority you need to discharge the role effectively, you are to inform us immediately.

7. **Accountability.** You are accountable to the MOD Accounting Officer and Parliament with oversight provided by the 1<sup>st</sup> Sea Lord, as the Top Level Budget Holder for the Royal Navy, and for ensuring that the Type 26 Programme remains affordable, meets its objectives, delivers the projected outcome<sup>4</sup>, and realises the required benefit as defined in the Programme Mandate. Should you be unable to deliver against the

requirement then you should escalate to me, as Accounting Officer, through the 1<sup>st</sup> Sea Lord and the Defence Major Programmes Portfolio Sponsor Group. Furthermore, you are to account for the action taken by the programme to Parliamentary Select Committees<sup>5</sup>, and for the programme's adherence to government policy to Ministers<sup>6</sup>. Your accountability is limited to the effective implementation of government policy, not the policy itself.

## **The Type 26 Programme**

8. The Type 26 frigate is an advanced Anti-Submarine Warfare (ASW) warship designed for the critical protection of the Continuous at Sea Deterrent and Carrier Strike Group. It is also designed to support joint and multinational operations across the full spectrum of operations including counter piracy, humanitarian, and disaster relief work.

9. In November 2015 the Strategic Defence and Security Review confirmed that eight ASW Type 26s would be built, and the Programme entered the Manufacture Phase in 2017. Currently three hulls are in active production and following contract award for the remaining five ships of the Class HMS BIRMINGHAM cut steel is scheduled to take place in April 2023. In March 2022 approval of the T26 Support Solution Full Business Case was received and the procurement and incremental commitment of the support solution for the T26 to meet the Vessel Acceptance Date for Ship 01 commenced.

10. T26 programme has many dependencies with other MOD teams, projects, and programmes. These are captured and managed through Business Agreements. These can be summarised as GFX dependencies with delivery agents, readiness dependencies, and acceptance and Generation dependencies with supporting Royal Navy and Defence organisations.

## **Wider Departmental Support and Responsibilities**

11. The Type 26 programme forms part of the Defence Major Programmes Portfolio (DMPP) and the Government Major Projects Portfolio (GMPP). You must escalate to the DMPP Sponsor Group any RAIDO<sup>7</sup> that threaten the success or viability of the programme and bring any matter that could require an Accounting Officer Assessment to the attention of the Accounting Officer<sup>8</sup>. You must report on the programme via the DMPP's Portfolio Management Reporting System (PMRS), which will be used to inform the Infrastructure and Projects Authority's annual report on the GMPP.

12. The department's delegated spending authority limits apply to your programme. Regardless, where expenditure is novel, contentious, repercussive, or likely to result in cost to other parts of the public sector, HM Treasury approval will be required. If in doubt,

advice must be sought from departmental finance colleagues. The process for each programme approval must be agreed with departmental finance colleagues and the HM Treasury spending team, and you are to deliver the programme within the approved limits for your programme. Your financial delegation will be provided separately.

13. The department will assist you in securing the human and financial resources that are necessary to deliver the programme and by ensuring that the operating environment across the MoD and other government departments both enables and promotes effective programme delivery. Any support that you require in this regard is to be requested through the Navy Command in the first instance and you have access to the DMPP Sponsor Group at any time.

14. Notwithstanding your personal responsibility and accountability for the programme, you are to work collaboratively with all other departmental projects and programmes to manage dependencies and optimise the achievement of the department's wider objectives.

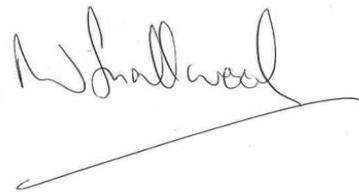

15. It is noted that you are accredited by the Major Projects Leadership Academy. The department's Head of Profession for project delivery is available to support and advise you, as are the IPA. In return, and as part of the department's cohort of major project leaders, you are to support your project delivery colleagues and participate in at least one assurance review of another GMPP every 12-months.

16. We wish you continued success in your role as the Senior Responsible Owner of the T26 Programme.

Yours sincerely,

DAVID WILLIAMS
