**Exempt Premises List**

49.12 For the purposes of this condition, the *Exempt Premises List* means a list which specifies premises or descriptions of premises in respect of which, for one of the reasons specified in paragraph 49.13, the HAN need not either:

(a) extend into at least one part of the premises as described in standard condition 43.4(c)(i) (Smart Metering System – Operational Requirement); or
(b) permit communications to be made between the parts of a Smart Metering System, or between part of a Smart Metering System and another Smart Metering System at the premises.

49.13 The reasons specified in this paragraph are that the HAN need not have the specified capabilities because:

(a) it would be technically impracticable for it to do so; or

(b) though technically practicable, it could only be achieved at disproportionate cost,

in either case in consequence of the physical or other characteristics of, or any other relevant consideration with respect to, the specified premises.

49.14 Where the licensee is a Relevant Supplier, it must, in conjunction and co-operation with all other Relevant Suppliers, and prior to making available or providing any Alt HAN Services:

(a) provide a draft of the Exempt Premises List to the Secretary of State;

(b) together with that draft, provide to the Secretary of State information as to:

   (i) the different service levels capable of being achieved by Alt HAN Equipment of different types or qualities;

   (ii) the respective costs of manufacturing, providing, installing, operating, maintaining, modifying and decommissioning such different types or qualities of Alt HAN Equipment;

(c) provide to the Secretary of State all such further information related to the Alt HAN Activities or Alt HAN Services as she may request;

(d) make such changes to the draft Exempt Premises List as the Secretary of State may (following consultation with such persons as she considers appropriate) direct; and

(e) obtain the approval of the Secretary of State to the Exempt Premises List.

49.15 The Exempt Premises List shall be treated as established for the purposes of this condition only when it has been approved by the Secretary of State.

49.16 Where the licensee is a Relevant Supplier, it must, in conjunction and co-operation with all other Relevant Suppliers, by means of participation in the arrangements set out at Section Z of the Smart Energy Code:

(a) review the Exempt Premises List at least once in each year following the Secretary of State's approval; and
(b) propose to the Secretary of State such revisions of the Exempt Premises List (if any) as may be necessary or appropriate in the light of the review.

49.17 The Secretary of State may, whether after receiving proposed revisions from the Relevant Suppliers or at any other time, and following consultation with all Relevant Suppliers and such other persons as she considers appropriate, revise the Exempt Premises List in such manner, with effect from such time, and to such extent as she may specify.

49.18 The Secretary of State may, by means of a direction in accordance with this paragraph issued to the Authority and all Relevant Suppliers, provide that:

(a) any duty of the licensee under paragraph 49.14 or 49.16 expressed to be by reference to the Secretary of State and identified in the direction; or

(b) any function of the Secretary of State under paragraph 49.14, 49.16 or 49.17 identified in the direction,

shall, from such date as she may specify, be treated as a duty expressed by reference to, or a function exercisable by, the Authority in substitution for the Secretary of State.

49.19 The licensee must provide a copy of the Exempt Premises List to any person who requests it.

49.20 For the purposes of the approval of the Exempt Premises List or any subsequent revision of it by the Secretary of State or Authority in accordance with this condition, any question arising under paragraph 49.13 as to whether the HAN could have the specified capabilities only at disproportionate cost shall be determined by the Secretary of State or Authority (as the case may be) in such manner and by reference to such factors as she or it considers appropriate.
