

NOTICE OF CONFIRMED DESIGNATION

The Aquatic Animal Health (England and Wales) Regulations 2009

This statutory notice is issued by the Fish Health Inspectorate (FHI) of the Centre for Environment, Fisheries and Aquaculture Science (Cefas), acting as the competent authority for the purposes of the above Regulations. This notice is served on you as a person who the FHI considers is likely to be materially affected by the confirmed designation.

1. Confirmed designation

The FHI makes a confirmed designation in respect of the area described in the attached map schedule, **which includes all farmed and wild shellfish populations within the shaded area shown and extending from the Mean High Water Mark**, as the presence of the listed disease *Bonamia ostreae* has been confirmed in **native oysters (*Ostrea edulis*)**. The designation of the area is appropriate to prevent or limit the spread of disease.

2. Effect of the designation

No person may, without the previous consent in writing of the FHI:

- a) **Move any aquatic animal including, eggs and gametes, into, out of or within a confirmed designation area.** Except that the FHI consents to the following:

This confirmed designation notice and the control measures outlined within applies to **Native oyster (*Ostrea edulis*), Blue mussel (*Mytilus edulis*), Common edible cockle (*Cerastoderma edule*), Wedge shell (*Donax trunculus*), Sand gaper (*Mya arenaria*), Hard clam (*Mercenaria mercenaria*), Japanese hard clam (*Meretrix lusoria*), Palourde (*Ruditapes decussatus*), Manila clam (*Ruditapes philippinarum*), European aurora venus clam (*Venerupis aurea*), Pullet carpet shell (*Venerupis pullastra*), Warty venus (*Venus verrucosa*) and Great Atlantic scallop (*Pecten maximus*) only, with the following movements consented:**

- 1) Movements of the species listed above are permitted **within the confirmed designation area for relaying or farming** - with the exclusion of the part covered by CD06.2011 (Tamar Estuary) - providing they are not exhibiting signs of disease or subject to a mortality event
- 2) Movements of the species listed above are permitted **between confirmed designation areas for the control of *Bonamia ostreae* in Great Britain** - with the exclusion of the part covered by CD06.2011 (Tamar Estuary) - providing they are not exhibiting signs of disease or subject to a mortality event
- 3) Movements of the species listed above are permitted **to purification centres within or discharging into** this or any other confirmed designation area for the control of *Bonamia ostreae* in Great Britain - with the exclusion of the part covered by CD06.2011 (Tamar Estuary)
- 4) Subject to hygiene regulations the species listed above may be taken from the area **for direct human consumption, and must not be re-immersed**
- 5) Movements of the species listed above are permitted to purification centres outside the confirmed designation area, **only** where these sites apply agreed biosecurity measures, authorised in advance by the Fish Health Inspectorate. **Suppliers must ensure that the receiving sites have the correct authorisation from the Fish Health Inspectorate prior to shipment**

- b) **Dispose of any dead aquatic animal, including eggs and gametes, which come from that area.** Except that the FHI consents to the following:

Disposal of dead aquatic animals, including eggs and gametes, by an approved method for disposal of Category 2 animal-by-product waste in compliance with local Environmental Health department requirements.

Regulation 28(2) of the above Regulations makes it an offence for any person to act in breach of these conditions. The penalty on conviction is a fine which may be unlimited.

3. Additional directions in relation to the designation

This direction requires you to take the following steps:

- 1) All requests for consents required under this Confirmed Designation Notice must be submitted to the FHI with a minimum of 5 working days' notice
- 2) You must apply to the Fish Health Inspectorate for permission if you wish to move any of the species listed in section 2a) **into or out of the area, including into a purification centre (deuration plant), other than as consented in 2a) of this notice**
- 3) You must notify the Fish Health Inspectorate of any increased or unexpected mortality observed in shellfish stocks

Regulation 30(6) of the above Regulations makes it an offence not to comply with the requirements imposed on you by this direction.

4. Duration of this confirmed designation

This confirmed designation remains in force until it is withdrawn by the FHI. The FHI shall withdraw the confirmed designation when it is satisfied that the listed disease or emerging disease is not present in the confirmed designation area.

Confirmed Designation CD01 / 2015 is withdrawn and replaced by this notice.

Signed on behalf of the Secretary of State and the Welsh Ministers

CD 01 / 2015 v.2

Extracts taken from the Aquatic Animal Health (England and Wales) Regulations 2009

28. Confirmed designation

- 1) Where the competent authority has confirmed that a listed disease or an emerging disease is present in aquatic animals in England or Wales, it must designate such area as it considers appropriate to prevent or limit the spread of that disease.
- 2) A person commits an offence if, without the prior written consent of the competent authority, that person—
 - a) moves any aquatic animal into, out of or within a confirmed designation area; or
 - b) disposes of any dead aquatic animal which comes from that area.

29. Contents and publication of a confirmed designation

- 1) A confirmed designation must—
 - a) be in the form of a written notice;
 - b) describe the confirmed designation area;
 - c) describe the circumstances in which a person commits an offence under regulation 28(2);
 - d) specify any consent given by the competent authority under regulation 28(2).
- 2) A confirmed designation may specify that—
 - a) any equipment, material or substance liable to transmit disease must not be moved into, out of or within the confirmed designation area or any part of that area;
 - b) any means of transport liable to transmit disease must not be moved into, out of or within that area or any part of that area.
- 3) The competent authority must—
 - a) publish a confirmed designation in such manner as it considers appropriate;
 - b) serve a copy of a confirmed designation on any person it considers likely to be materially affected by the making of the designation.
- 4) It is an offence not to comply with any restriction imposed under paragraph (2).

30. Actions by an inspector in respect of a confirmed designation

- 1) This regulation applies where the competent authority has made a confirmed designation.
- 2) An inspector may—
 - a) take samples of any aquatic animal or water in the confirmed designation area;
 - b) slaughter, destroy or dispose of any such animal.
- 3) An inspector may by written notice direct any person to—
 - a) take steps to secure the slaughter, destruction or disposal of any aquatic animal in the confirmed designation area;
 - b) operate a disinfection facility at the entrance to, and exit from, any farm or mollusc farming area in that area;
 - c) disinfect any means of transport in that area;
 - d) take any other steps which the inspector considers necessary to eradicate the disease or to prevent or limit the spread of the disease to other aquatic animals.
- 4) An inspector may by written notice prohibit any person from entering any farm or mollusc farming area within the confirmed designation area.
- 5) Where an inspector considers that a requirement under paragraph (3) has not been complied with, the inspector may—
 - a) enter any place within the confirmed designation area;
 - b) take or cause to be taken such steps as the inspector considers necessary to—
 - I. ensure compliance with the requirement; or
 - II. remedy the consequences of the failure to carry it out;
 - c) recover any expenses reasonably incurred in so doing from any person who has failed to comply with the requirement.
- 6) It is an offence not to comply with a requirement imposed under paragraph (3) or (4).

31. Withdrawal of confirmed designation

- 1) The competent authority must withdraw a confirmed designation when it is satisfied that the listed disease or the emerging disease is not present in the confirmed designation area.

40. Penalties

- 1) A person who is guilty of an offence under these Regulations is liable—
 - a) on summary conviction, to a fine not exceeding the statutory maximum;
 - b) on conviction on indictment, to a fine.
