Subject: Llansantffraid CC letter to DECC/BEIS re Llannbrynmair and Carnedd Wen redetermination, dated 26 July 2016.

Sirs,

Although I am not a member of our Community Council I am fully aware of its concern regarding the cumulative impact of yet more wind farms a few miles up-country from this village. These concerns fully represent the feelings of the mass of local people.

The Inspector running the Conjoined Public Inquiry would not take on board the 'downstream' affect of power generation in the Welsh uplands, which are considerable and are only summarised in the CC letter to DECC/BEIS dated 26 July. Some of the detrimental effects of the wind farms themselves was recognised - hence refusal of consent.

I strongly support the case submitted by our Council and earnestly request that the SoS will now re-affirm the decision to

refuse planning permission for these wind farms.
