For information on how we handle personal data please go to "<http://www.gov.uk>" and search "Animal and Plant Health Agency Personal Information Charter"

General Conditions

1. APHA may on plant health grounds refuse any application for inspection or the issue of a certificate. A certificate will not be issued if APHA has reason to believe that any information supplied by the applicant is incorrect or inaccurate or if any conditions prescribed relating to the treatment or movement of material intended for export have not been complied with. APHA may also require an exporter to produce any information in connection with any plant product for export.
2. No liability shall attach to APHA or any of its officers for any delay in inspecting or failure to inspect or non-delivery, delayed delivery or mis-delivery of any documents. Inspections will be carried out and certificates will be issued only on the understanding that no liability shall attach to APHA or its officers in any circumstances in respect of any inspections carried out or the issue or contents of any certificates and that APHA accepts no responsibility for any resulting loss however caused.
3. No guarantee is given by APHA that any certificates granted will comply with or meet the requirements of any foreign country or importer.
4. APHA and its officers shall be entitled to rely upon the accuracy of all information supplied by or on behalf of an applicant for inspection or for the issue of a certificate.
5. No certificate issued shall be used in respect of any plant products except those to which it relates.
6. **Fees will be charged for paper applications, examination and certification of consignments.** Details of the fees can be found at <https://www.gov.uk/guidance/plant-health-controls#fees>. **DO NOT SEND ANY MONEY WITH THIS FORM** – an invoice will be sent to you later. Prompt settlement of this invoice will help to meet the overall cost of providing these services and may, therefore, affect the level of fees. Non-payment may result in the withholding of future services.
7. In case of any dispute English law shall apply.

Notes

- (a) The value of the consignment is for statistical purposes only and will be regarded as confidential.
- (b) Many importing countries require the name of the vessel or airline company to be quoted on the certificate(s) issued together with port or airport of arrival. Please give all available information.

We aim to deliver phytosanitary certificates by the date requested, providing we receive a properly completed application form 7 working days in advance and subject to any laboratory examinations that may be required by the importing country.
