		<p>Understanding Bridges</p> <p>Review the role that bridges play in flood risk and their vulnerability during a flood</p>	Short term – strategic review within the next 12 months	Cumbria County Council Environment Agency	
<p>Upstream management</p> 	Currently there is limited use of upstream management in the sub-catchments upstream of Brigham.	Explore opportunities for engineered and natural flood management solutions to be used upstream in order to 'slow the flow' and manage peak river levels.	Medium term (2-5 years) or long term (over 5 years)	Farmers Landowners Community groups Trusts	
<p>Maintenance</p> 	The Environment Agency does not have any formal flood defences in Brigham.		Short (within next 12 months)	Communities Environment Agency Parish and District Councils	
<p>Resilience</p> 	Brigham does not currently have a community flood action group. The Parish Council in this area is very active and has done in-depth work into understanding the flooding in the village.	Work with communities to establish a network of Emergency Groups to share learning and best practice.		Environment Agency (Flood Warning & Community Resilience) Communities Parish & District Councils Local Government	Local Levy, Flood Defence Grant in Aid
	There are currently no flood warning areas in Brigham.				
	Local authorities are administering the Flood Recovery and Resilience Grants.	People who flooded in December 2015 are being urged to apply for the £5,000 resilience grant from their district/borough council. The deadline for applications has been extended to Friday 31 March 2017. A further £2,000 top up grant can also be applied for from the Cumbria Flood Recovery Fund.	Closing date for grant applications – end of March 2017	District Council	Resilience grants of £5,000 per property
<p>Water Level Management Boards</p> 	There are no Water Level Management Boards in this area.
