

Crime Contracts 2017: Publication dates for the members lists and Duty Rotas

8 February 2017

The quality of the CRM12 information provided by some organisations has resulted in a delay to the process. We hope to resolve the majority of outstanding issues this week. This will allow us to publish the members' lists shortly, with the rotas following in March.

Providers are reminded that it is your responsibility to ensure that your contact details for rotas are accurate and kept up to date through the Duty Solicitor Contact Centre website, in accordance with paragraph 9.22 of the 2017 Standard Crime Contract Specification. Failure to do so could impact on the DSCC's ability to deploy rota slots to you.
