28 October 2016

Dear Mervyn Ward,

I am writing to inform you of the Government's view of the position of Warrington Collegiate in the light of Further Education Commissioner and Skills Funding Agency monitoring of the College since the Commissioner's initial intervention assessment in December 2015.

I am encouraged by the drive and determination you and your college have demonstrated to tackle the weaknesses identified in the FE Commissioner's initial assessment. As all the FE Commissioner's recommendations from the initial assessment and subsequent stock take assessments have now been addressed, I have decided that Warrington Collegiate can now be removed from FE Commissioner Intervention.

The Skills Funding Agency will shortly write to you about its continuing monitoring and support processes which will now focus on ensuring that improvements are sustainable and implemented as planned.

I wish you every success with the continued improvement of Warrington Collegiate.

You should note that we will be publishing this letter on www.gov.uk.

Rt Hon Robert Halfon MP

Minister of State for Apprenticeships and Skills
