6th January 2013

Dear Mr Maguire,

DOCUMENTS AND EVIDENCE REQUIRED BY THE MORECAMBE BAY INVESTIGATION

The Chairman of the Morecambe Bay Investigation, Dr Bill Kirkup’s letter of 10th December 2013 refers.

The Investigation is now collecting evidence in respect of its terms of reference.

This letter sets out the evidence required from NHS Cumbria Clinical Commissioning Group (CCG). Further requests may be made at a later date.

The Investigation’s Documents and Evidence Manager (DEM), Paul Roberts, or the Assistant Documents and Evidence Manager (ADEM) [redacted], will be your principle points of contact in relation to evidence management.

The Investigation would prefer to receive evidence electronically in one of the following formats:

- Searchable PDF
- Word
- Excel

Should this not be possible, please contact Paul or [redacted] to discuss alternative ways in which the evidence can be made available to the Investigation.

Management of evidence by the Investigation

The Investigation recognises that NHS Cumbria CCG will be concerned to know how material it is being asked to provide to the Investigation will be managed. It will therefore be helpful for you to know that material sought by and supplied to the
Morecambe Bay Investigation from interested organisations and the families of those involved will be viewed and accessed by Investigation staff and the Investigation Panel only.

All Investigation staff, including the Panel, will view the material via a secure internet based database to which access will be controlled by the Investigation's Documents and Evidence Management Team and all Investigation personnel, including Panel members, are required to sign and adhere to the terms of a confidentiality undertaking.

Material and/or documents supplied to the Investigation will be collected from, or derived from, official files that are the property of interested organisations and/or individuals and will be considered by the Investigation as "working papers".

Working papers will be either returned to the relevant interested organisation/family at the end of the Investigation or destroyed by the Investigation and a record of all document destruction will be retained.

The Investigation has applied to the Information Commissioner for Data Protection Act Registration and fully understands its responsibilities holding evidence supplied by interested organisations.

Material and/or documents supplied to and considered by the Investigation will not be provided or shown to any witness in advance of their attendance, by the Investigation. Witnesses will be advised in advance of their attendance what specific topics or areas the Panel wish to ask them about and which of the Investigations specific term(s) of reference they are being invited to provide evidence in respect of.

Should any witness wish to be reacquainted with any material and/or document(s) prior to attending the Investigation for an interview or to give evidence, they will be advised by the Investigation to liaise with their employer, or former employer, to make any necessary arrangements for them to undertake any such preparation.

I trust that being made aware at this early stage of the protocol the Investigation has adopted regarding document management, will assist NHS Cumbria CCG in providing material as swiftly as possible.

The evidence required for the Investigation from NHS Cumbria CCG is set out at Annex A, and should be submitted to the Investigation within 21 working days of the date of this letter.

Much of the evidence being sought covers the period before the CCG was established and, therefore, you are only being asked to provide information relevant to the Investigation for the period 1 April and 30 June 2014.

Once the evidence has been examined, the Chairman will decide who oral evidence should be heard from. Can I remind you that it would be helpful, even at this early stage, if you would advise your staff accordingly and if you would also make contact
with any staff member who has retired or left your organisation. To ensure the smooth running of the Investigation it will be important to ensure we have up to date contact details for those who may be asked to give oral evidence.

If you have any further queries regarding the evidence being requested, please contact:

Paul Roberts: T: 01772 536401 E: paul.roberts@mbinvestigation.org

Yours sincerely,

OONAGH McINTOSH
SECRETARY TO THE INVESTIGATION

CC ELEANOR HODGSON – DIRECTOR FOR CHILDREN AND FAMILIES
