

REMIT FOR THE RESILIENT TELECOMMUNICATIONS STAKEHOLDER PANEL

PURPOSE

To engage with stakeholders who are core to UK's emergency response machinery on the development of a revised Resilient Telecommunications Strategy.

AIM

To ensure that the strategy is effective in providing local responders, at a strategic and operational level, with the tools they need to put in place robust communication arrangements that will be resilient in the event of an emergency.

TERMS OF REFERENCE

- To advise the Civil Contingencies Secretariat on development of the Resilient Telecommunications Strategy to ensure that it meets the needs of stakeholders.
- To comment on the proposals for guidance and advice on resilient telecommunications.
- To advise on how best to disseminate relevant information to the wider community.
