I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Other activity: Nuclear Decommissioning

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Programme and Project Partners (PPP)

Reference number: CTM 8891

II.1.2) Main CPV code

71000000 - Architectural, construction, engineering and inspection services

II.1.3) Type of contract

Services

II.1.4) Short description

Sellafield Limited ("SL") wants to bring together four partners ("Lot Partners") to collaborate with one another and with SL to deliver the portfolio of Major Projects it will be expected to deliver under its Site Licence obligations over the next 20 years. As part of delivering this portfolio of Major Projects, SL wants to use the expertise of these Lot Partners to help improve the outcomes of Major Projects (e.g. delivery to time, to budget), to help develop its internal delivery capabilities (e.g. design and engineering capability) and to bring about Site-Wide Project Delivery Improvements. In the first instance SL will require the Lot Partners to deliver three initial projects: SPRS Retreatment Plant ("SRP"), SIXEP Contingency Plant ("SCP") and Replacement Analytical Project ("RAP"). SL may require Lot Partners to deliver further Major Projects (subject to more detailed project definition and following relevant internal approvals).

II.1.6) **Information about lots**

This contract is divided into lots: yes

Maximum number of lots that may be awarded to one tenderer: 1

The contracting authority reserves the right to award contracts combining the following lots or groups of lots:

Candidates may express an interest for one Lot only, save in respect of Lots 3 and 4 where Candidates may express an interest for both of those Lots.

However, Candidates can only be awarded a maximum of one Lot. Further detail will be set out in the procurement documents to be issued at the same time as the PPP contract notice (estimated date of publication is 24 April 2017).

II.2) **Description**

II.2.1) **Title**

Integration Partner

Lot No: 1

II.2.2) **Additional CPV code(s)**

- 45000000 - Construction work
- 45200000 - Works for complete or part construction and civil engineering work
- 45213250 - Construction work for industrial buildings
- 45222100 - Waste-treatment plant construction work
- 45222110 - Waste disposal site construction work
- 66140000 - Portfolio management services
- 71240000 - Architectural, engineering and planning services
- 71242000 - Project and design preparation, estimation of costs
- 71243000 - Draft plans (systems and integration)
- 71244000 - Calculation of costs, monitoring of costs

- 79994000 - Contract administration services

II.2.3) **Place of performance**

NUTS code: UK - UNITED KINGDOM

II.2.4) **Description of the procurement**

The Integration Partner will be required to provide strategic and enabling project management support as required to structure and deliver the portfolio of Major Projects under the PPP Project.

The scope of Lot 1 comprises Major Projects and Site-Wide Project Delivery Improvements. Services will include coordinating the definition of the delivery strategy for the Major Projects including an overall acquisition strategy for the potential full portfolio of projects; coordination of delivery, social impact and Best Athlete selection strategies; provision of project management expertise; provision of project controls, estimating, quantity surveying, commercial support to develop and deliver project business cases and acquisition strategies; coordinating the development of business and IT systems; and leading business improvements such as BIM. All of the above services will support integration between the Lot Partners and support SL in its role as a PPP Partner.

II.2) **Description**

II.2.1) **Title**

Design and Engineering Partner

- 79410000 - Business and management consultancy services
- 79421000 - Project-management services other than for construction work
- 79994000 - Contract administration services

II.2.3) **Place of performance**

NUTS code: UK - UNITED KINGDOM

II.2.4) **Description of the procurement**

SL requires a Design and Engineering Partner with considerable design delivery expertise in a regulated industry to provide the design and engineering capability and services required to deliver the Major Projects and Site-Wide Project Delivery Improvements under the PPP Project and to lead in the improvement and management of the design and engineering capability within SL. A key element of the Design and Engineering Partner's role will be coordinating input from the other Lot Partners, in particular the Lot 3 and Lot 4 Partners, to optimise design, constructability and associated costings.

Services will include coordinating design and engineering management arrangements; provision of resource and capability; supporting Lot 1 Partner in defining delivery strategies for the PPP project; support improving engineering design management arrangements; and leading business improvements such as design standards, computer aided engineering ("CAE") tools.

II.2) **Description**

II.2.1) **Title**

Civils Construction Partner

Lot No: 3

II.2.2) **Additional CPV code(s)**

- 45000000 - Construction work
- 45200000 - Works for complete or part construction and civil engineering work
- 45213250 - Construction work for industrial buildings
- 45222100 - Waste-treatment plant construction work

- 45222110 - Waste disposal site construction work
- 66140000 - Portfolio management services
- 71240000 - Architectural, engineering and planning services
- 71242000 - Project and design preparation, estimation of costs
- 71243000 - Draft plans (systems and integration)
- 71244000 - Calculation of costs, monitoring of costs
- 71245000 - Approval plans, working drawings and specifications
- 71300000 - Engineering services
