

## NaPTAN and NPTG schemas and schema guides

To use the NaPTAN or NPTG schemas in your applications, you may either reference the appropriate URL for a particular version of the schema or use a local copy of the schema files and directories for that version held on your own machine. This page provides the information you need to reference or download different versions of the schemas. Further information on the substructure of the schemas is given in the NaPTAN Schema Guide.

NaPTAN uses a systematic versioning scheme in line with the e-Gif standards.
