10 March 2017

Dear [REDACTED],

Thank you for your email of 10 February requesting information concerning:

The Army 2020 Refine exercise, the first details which were released last December by the Secretary of State for Defence. In particular, I am requesting the following details:

- 1. A list all regular and reserve army units, down to Battalion level, that will be impacted by Army 2020 Refine.*
- 2. Details of losses or additions of regular and reserve personnel from each unit impacted by Army 2020 Refine.*
- 3. Details of changes to the major equipment (vehicle, weapon, systems, etc) issued to regular and reserve army units as a result of Army 2020 Refine.*
- 4. A list of all regular army units that will have to change their current and future basing as a result of Army 2020 Refine.*
- 5. A list of all the changes to the basing of army reserve units as a result of Army 2020 Refine*
- 6. A list of the changes in divisional and brigade affiliations of all regular and reserve army units as a result of Army 2020 Refine.*

I am treating your correspondence as a request for information under the Freedom of Information Act 2000.

A search for the information has now been completed within the Ministry of Defence, and I can confirm that information in scope of your request is held. The information you requested is attached.

Under section 16 of the Act, it might be helpful if I explain that Army 2020 Refine is the Army implementation of Strategic Defence and Security Review 2015. The Written Ministerial Statement by the Secretary of State for Defence in December 2016 outlined the initial refinements to the Army which will take place during the life of this parliament. Service personnel in units that are being disbanded or reduced will be redistributed to other similar units. The Army is continuing to develop A2020 (Refine) and large parts of the Army will also remain unaffected. The information provided is that covered by the A2020 (Refine) Written Ministerial Statement in December and does not represent the totality of the Army. In addition, you should note that the liability data provided is for internal Army planning purposes and is subject to constant review and change.

If you are not satisfied with this response or you wish to complain about any aspect of the handling of your request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Information Rights Compliance team, Ground Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail CIO-FOI-IR@mod.uk). Please note that any request for an internal review must

be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

If you remain dissatisfied following an internal review, you may take your complaint to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate your case until the MOD internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <https://ico.org.uk>.

Yours sincerely,

Army Secretariat

Enclosure:

Response to FOI2017/02130 – Request for Information Relating to A2020 Refine.

Note

1) The Army currently bases infantry battalions in Cyprus. To enable this a number of battalions are assigned to a pool to rotate in turn between the UK and Cyprus, with tours lasting two years. We have indicated these in the table but for simplicity the future location is their next location: they will move again subsequently.
