Definitions shown to respondents
* Defined as: Special consideration is a post-examination adjustment to a candidate’s mark or grade to reflect temporary illness, temporary injury or some other event outside of the candidate’s control at the time of the assessment, which has had, or is reasonably likely to have had, a material effect on a candidate’s ability to take an assessment or demonstrate his or her normal level of attainment in an assessment.

** Defined as: Being disabled under the Equality Act 2010 is defined as having a physical or mental impairment that has a ‘substantial’ and ‘long-term’ negative effect on the ability to do normal daily activities.

*** Defined as: The Equality Act 2010 requires an awarding body to make reasonable adjustments where a candidate, who is disabled within the meaning of the Equality Act 2010, would be at a substantial disadvantage in comparison to someone who is not disabled. The awarding body is required to take reasonable steps to overcome that disadvantage. An example would be a Braille paper which would be a reasonable adjustment for a vision impaired candidate who could read Braille.
