EXPLANATORY NOTE
(This note is not part of the Regulations)

These Regulations amend the National Health Service (Licence Exemptions, etc.) Regulations 2013 (“the 2013 Regulations”).

Regulation 2 amends the applicable turnover exemption in regulation 8 of the 2013 Regulations. Regulation 2(2) substitutes a new prospective test which requires providers of NHS health care services to estimate their applicable turnover on the date they start providing NHS services, and every month thereafter, for the purpose of determining whether their applicable turnover is reasonably expected to be less than the £10 million exemption threshold in regulation 8 of the 2013 Regulations.

A full impact assessment has not been produced for this instrument as it has no effect on the public sector and no significant effect on private or civil society organisations.

(a) See section 64(3), (4) and (5) of the Health and Social Care Act 2012 (c.7) for the meaning of “health care”, “the NHS” and the provision of health care services for the purposes of the NHS.
