

Child vision screening pathway

Orthoptic-led vision screening pathway

- Delivered by an orthoptist or staff trained and audited by an orthoptist.
- Quality assurance and audit with relation to standards.
- Appropriate recommendations / retraining based on audit.
- Reviewed by provider and commissioner.

* See the 'Framework for provision of eye care in special schools in England' on the Royal College of Ophthalmologists website (<http://bit.ly/2fpgV0F>).

† Flexibility for local arrangements where this is not viable but an appropriate alternative arrangement should be offered to ensure the coverage standard is achieved.
