¹ The number of applications on hand at the end of the year (31st March 2013) should equal the number on hand at the start of the year (1st April 2012) plus the number received during the year, minus the number decided during the year, minus the number withdrawn during the year. Any inconsistencies are due to incorrect data being submitted last year and authorities inaccurately recording data this year. This affects Tables 1-4.

² Commencing Financial Year 2010/11 information has only been collected for new applications not applications for substantial changes. This also applies to the total of all years.
