How to find the learning aim website

The learning aim search is available on [the Hub](#) on the 'Learning Aims' tab (see the screenshot below). You do not need to log into the Hub as it is publically available.

The screenshot shows the HM Government Learning Aims search page. At the top, there is a blue header with the HM Government logo and navigation links: Home, Learning Aims, Help, Contact us, and Sign in. Below the header, a breadcrumb trail indicates 'You are here: Home > Learning Aims'. The main search area includes a 'Keyword or code:' input field. Below this, there are filter options: 'Filter results', 'Type of Learning:' (set to 'All'), 'Teaching year:' (set to '2016/2017'), and 'Include:' (set to 'All Aims'). Under 'Include:', there are checkboxes for 'Only the following Aims' and a list of specific funding conditions and qualifications. At the bottom of the filters, there are 'Start Date:' (01/08/2016) and 'End Date:' (31/07/2017) fields. Below the filters, there is a 'Level:' section with a 'Select all:' checkbox and a grid of checkboxes for various levels (Level 1, Level 1/2, Level 2, Level 3, Level 4, Level 5, Level 6, Level 7, Level 8, Entry Level, Higher Level, Mixed Level, and Not Applicable/ Not Known). At the bottom, there is an 'Awarding Org code or name:' input field, a '+ Additional Filters' link, and 'Reset' and 'Search' buttons.

Descriptions of the searches on the website

The sections in this document describe the search functions on the website along with screenshots to help you use the website.

Keyword or code

The first section at the top of the webpage allows you to search our database for any keyword or code you enter.

This screenshot shows a portion of the HM Government Learning Aims search page, focusing on the 'Keyword or code:' input field. The header and navigation links are visible at the top, and the breadcrumb trail indicates 'You are here: Home > Learning Aims'.

Home Learning Aims

You are here: Home > Learning Aims

Keyword or code:

If you are searching by a code then the following fields are examined: the learning aim reference number, the apprenticeship framework number, the apprenticeship standard number, the unit reference number and the awarding organisations reference number.

If you are searching with a keyword the following fields are examined: learning aim title, unit title, standard name and framework description.

Under this section on the webpage there are multiple search options that can filter your results.

Type of learning

This section allows you to search by a type of learning. The available types are apprenticeship frameworks (abbreviated to 'Frameworks' on the website), 'Qualifications', 'Units' or apprenticeship standards (abbreviated to 'Standards' on the website). The default option is set to 'All' learning types.

Teaching year

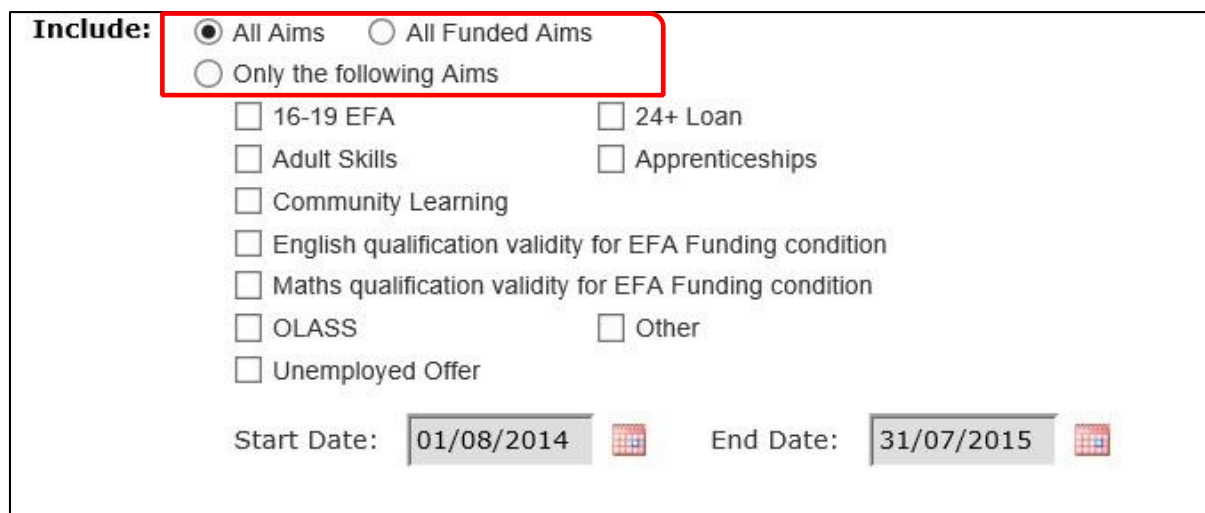

This section allows you to filter the search by our funding years (01 August to 31 July). If you select a teaching year, the search result will only show all the appropriate items depending upon the type of learning selected:

- For Qualifications and Units, the system will only display the validity details for the selected period.
- For Standards the system will only display those items valid for any part of the selected year. This means any standards that were withdrawn in a previous year will not now be shown.
- For Frameworks the system will only display those Framework Pathways valid for any part of the selected year. This means any frameworks that were withdrawn in a previous year will not now be shown.

The search option contains a drop-down list to allow the required year to be chosen from those available. The default selection is the current funding year (based on the date of the search).

Include

Underneath the teaching year search is a section called 'Include' that allows additional filtering for Qualifications and Units. It contains three main options which are highlighted below:

Include: ☒ All Aims ☐ All Funded Aims ☐ Only the following Aims

☐ 16-19 EFA ☐ 24+ Loan

☐ Adult Skills ☐ Apprenticeships

☐ Community Learning

☐ English qualification validity for EFA Funding condition

☐ Maths qualification validity for EFA Funding condition

☐ OLASS ☐ Other

☐ Unemployed Offer

Start Date: 01/08/2014 End Date: 31/07/2015

- **All aims** – the default option that returns all aims.
- **All funded aims** – searches for aims that are linked to a validity category (for example, Adult Skills).
- **Only the following aims** – allows you to choose one or more validity categories (see the checkboxes below the main headings). These are used to show if an aim has been approved for funding for that programme.
- **Start and end date** - This section allows you to refine the validity category search by changing the default dates within the funding year (01 August to 31 July). This search is only available when selecting a validity category; it will be unavailable (and greyed out) when the 'All aims' and 'All funded aims' options are selected.

Level

This section allows you to choose the notional level of the qualification or the unit as outlined by [Ofqual](#). Click on the 'Select all' checkbox and it will clear all the ticks from the boxes to allow a single selection.

Level:	<input checked="" type="checkbox"/> Select all:	<input checked="" type="checkbox"/> Level 1	<input checked="" type="checkbox"/> Level 1/2	<input checked="" type="checkbox"/> Level 2
		<input checked="" type="checkbox"/> Level 3	<input checked="" type="checkbox"/> Level 4	<input checked="" type="checkbox"/> Level 5
		<input checked="" type="checkbox"/> Level 6	<input checked="" type="checkbox"/> Level 7	<input checked="" type="checkbox"/> Level 8
		<input checked="" type="checkbox"/> Entry Level	<input checked="" type="checkbox"/> Higher Level	<input checked="" type="checkbox"/> Mixed Level
		<input checked="" type="checkbox"/> Not Applicable/ Not Known		

Awarding organisation code or name

This section allows you to search by the awarding organisation that created the aim.

Awarding Org code or name:	<input type="text"/>
-------------------------------	----------------------

For a full list of awarding organisations and associated codes used by the learning aim database use the downloadable database to access a table called 'Awarding_Organisations' (see the Downloads section).

For more information about what the download contains please refer to our [LARS \(Learning Aims Reference Service\) Tables and fields definitions document](#).

Additional filters

If you click on this section at the bottom of the webpage it reveals more filters (see the screen shot below). These filters only apply to items with a 'type of learning' of 'qualifications' or 'units'.

Section 96 approval status

This section allows you to search for the qualifications that are approved under Section 96.

Section 96 approval status:	<div>Not Applicable</div> <div>Unknown</div> <div>Not Approved on Section 96</div> <div>Approved on Section 96 - Check Section 96</div>
------------------------------------	---

Skills Funding Agency approval status

This section allows you to search for the qualifications available for funding by us.

Skills Funding Agency approval status:	<div>Not Applicable</div> <div>Unknown</div> <div>Confirmed for Funding</div> <div>Conditional Confirmation for Funding</div>
---	---

Level 2 category

This section allows you to search by our defined level 2 categories which indicate how much an aim contributes to a level 2.

Level 2 Category:	<div>Not Applicable</div> <div>Unknown</div> <div>Full Level 2 Qualification</div> <div>AS/A2</div>
--------------------------	---

For more information, please refer to the [Qualification Information Guide](#) and the [Funding Rules](#).

Level 3 category

This section allows you to search by our defined level 3 categories; which indicate how much an aim contributes to a level 3.

Level 3 Category:	<div>Not Applicable Unknown Full Level 3 Qualification AS/A2</div>
--------------------------	--

For more information please refer to the [Qualification Information Guide](#) and the [Funding Rules](#).

Categories

This section allows you to search by category. These have been created to flag a group of aims whose criteria is defined by policy and programmes.

The learning aim database has a parent-child relationship. This means common 'child' categories can be grouped together under a 'parent' category.

To select multiple categories, hold the Ctrl key and select another aim type.

Category:	<div>SFA Work Preparation Work Preparation-SFA Traineeships All Class Code Categories Work Placement-SFA Funded</div>
------------------	---

For more information, a document has been produced that explains categories and their usage. The latest version of this document is available from the [learning aim search page](#).

Searching Qualifications

The example aim reference below shows the information the search produces. By typing aim reference 50083235 into the 'Keyword or code' search and clicking search (or press the Enter key) the following results are displayed.

Search results - (Teaching year 2016/2017)

60164037	(9 credit) Award in WorkSkills (QCF)	2	ICQ	From: 01/07/15 To: 30/06/18	01/08/16	01/07/17	-	01/07/15	-	01/08/16	-	-	01/08/16	01/08/16	-

For Qualifications and Units, the search results displayed show the aim title, the level and the validity categories associated with the aim.

The initial page filters are shown on the left hand side and can be changed if you want to refine your search.

Under the 'Validity' column there are three lines:

- From - the date the aim is valid from
- LDNS - Last Date for New Starts. This is the last date a learner can start the learning aim to claim public funding (if applicable)
- To - the date the aim is valid until

Some fields are intentionally left blank. The search only returns values if the validity period (of any category) falls within the teaching year selected in the search.

Learning aim information

To display the aim data, select the learning aim title highlighted in blue. There are 6 tabs: Key details, Funding, Frameworks, Other Information, Category and Standards.

The initial section of the screen shows the base details for the aim.

38	Only for Legal Entitlement at Level 3	0		01/08/2016	31/12/2600

The **'Standards'** tab displays which apprenticeship standards the aim is linked to as shown below in the example screen.

Key details	Funding	Frameworks	Other information	Category	Standards
Standard	Standard Description	Component Type	Standard Sector	Standard Effective From	Standard Effective To
31	Senior Financial Services Customer Adviser	101 - Principal Learning within Diploma	9 - Financial Services	01/08/2015	31/07/2017
21	Golf Greenkeeper	101 - Principal Learning within Diploma	10 - Horticulture	26/03/2015	31/07/2016

To display details of the apprenticeship standard to which the qualification is associated, click the standard description highlighted in blue.

To navigate through the website, you can identify your current position through the 'You are here' section at the top of the main search screen as shown below. You can also return to previous screen(s) by clicking the previous step(s) highlighted in blue.

Searching Units

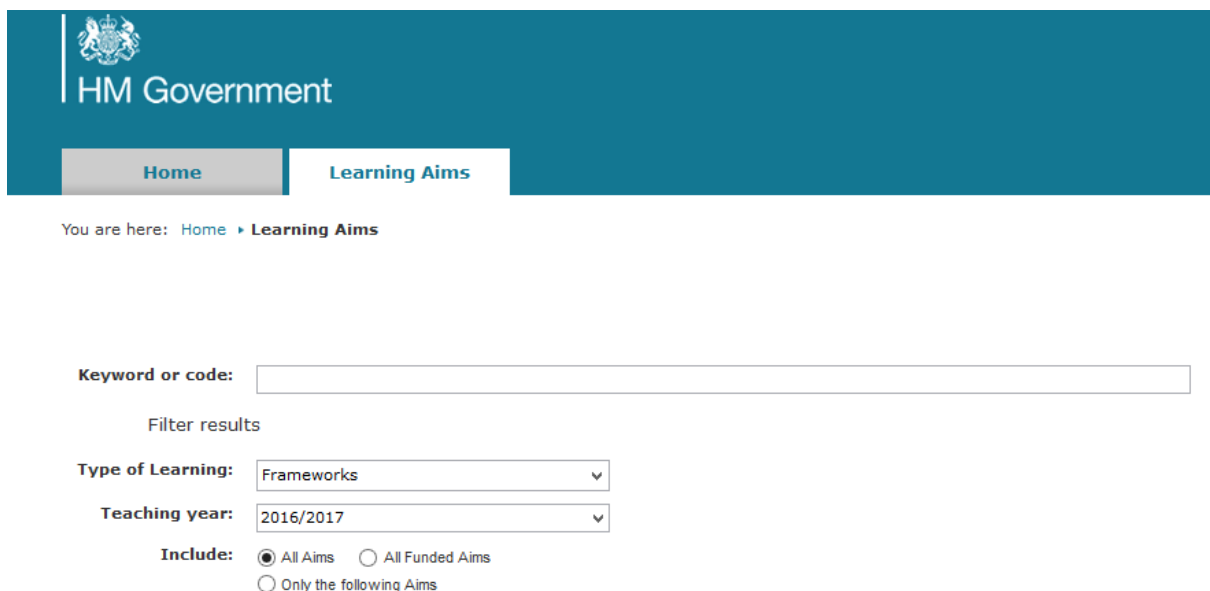

Enter a learning aim reference number (if known) into the 'Keyword or code' search, then select the 'Type of Learning' of 'Units' as shown below. The current funding year appears as the default option for 'Teaching Year'.

The image shows the search interface on the HM Government website. It features a dark teal header with the HM Government crest and logo on the left. Below the header is a navigation bar with two buttons: 'Home' (highlighted in grey) and 'Learning Aims' (in blue). Below the navigation bar is a breadcrumb trail that reads: 'You are here: Home > Learning Aims'. Below the breadcrumb trail is a search form. The form has a label 'Keyword or code:' followed by a text input field. Below the input field is a label 'Filter results'. Below 'Filter results' are three dropdown menus: 'Type of Learning:' with 'Units' selected, 'Teaching year:' with '2016/2017' selected, and 'Include:' with three radio button options: 'All Aims' (selected), 'All Funded Aims', and 'Only the following Aims'.

The information displayed and all extra search facilities available are as defined for Qualifications.

Searching Frameworks

Enter a framework code or title into the 'Keyword or code' search, then select the 'Type of Learning' of 'Framework' as shown below.

The screenshot shows the HM Government Learning Aims search page. At the top is the HM Government logo and navigation tabs for 'Home' and 'Learning Aims'. Below the navigation is a breadcrumb trail: 'You are here: Home > Learning Aims'. The main search area includes a 'Keyword or code:' text input field. Below this is a 'Filter results' section with three filters: 'Type of Learning:' with a dropdown menu set to 'Frameworks', 'Teaching year:' with a dropdown menu set to '2016/2017', and 'Include:' with three radio button options: 'All Aims' (selected), 'All Funded Aims', and 'Only the following Aims'.

The search results shown below display the code, the description, the type, the pathway and the Issuing Authority of the framework and the Effective from and Effective to dates of the pathway. The details displayed on the screen can be re-sorted based upon any of the column headings.
