About Public Health England

Public Health England exists to protect and improve the nation's health and wellbeing, and reduce health inequalities. We do this through world-class science, knowledge and intelligence, advocacy, partnerships and the delivery of specialist public health services. We are an executive agency of the Department of Health, and are a distinct delivery organisation with operational autonomy to advise and support government, local authorities and the NHS in a professionally independent manner.

Immunisation against infectious disease

Edited by

Dr Mary Ramsay BSc MB BS MRCP MSc MFPHM FFPHM

Consultant Epidemiologist

Public Health England

First published in 2006 as *Immunisation against infectious disease* by The Stationery Office, and popularly known as the 'Green Book', this publication is now available as individual chapters via the Immunisation section of the GOV.UK website and not in printed form. These chapters are updated as necessary to reflect the current policies and procedures as advised by the Joint Committee on Vaccination and Immunisation.

Contents

Part 1: Principles, practices and procedures

- Chapter 1: Immunity and how vaccines work
- Chapter 2: Consent
- Chapter 3: Storage, distribution and disposal of vaccines
- Chapter 4: Immunisation procedures
- Chapter 5: Immunisation by nurses and other health professionals
- Chapter 6: Contraindications and special considerations
- Chapter 7: Immunisation of individuals with underlying medical conditions
- Chapter 8: Vaccine safety and adverse events following immunisation
- Chapter 9: Surveillance and monitoring for vaccine safety
- Chapter 10: Vaccine Damage Payment Scheme
- Chapter 11: Immunisation schedule
- Chapter 12: Immunisation of healthcare and laboratory staff

Part 2: The diseases, vaccinations and vaccines

- Chapter 13: Anthrax: chapter 13
- Chapter 14: Cholera: chapter 14
- Chapter 15: Diphtheria: chapter 15
- Chapter 16: Haemophilus influenzae type (Hib): chapter 16
- Chapter 17: Hepatitis A: chapter 17
- Chapter 18: Hepatitis B: chapter 18
- Chapter 18a: Human papillomavirus (HPV): chapter 18a
- Chapter 19: Influenza: chapter 19
- Chapter 20: Japanese encephalitis: chapter 20
- Chapter 21: Measles: chapter 21
- Chapter 22: Meningococcal: chapter 22
- Chapter 23: Mumps: chapter 23
- Chapter 24: Pertussis: chapter 24
- Chapter 25: Pneumococcal: chapter 25
- Chapter 26: Polio: chapter 26
- Chapter 27: Rabies: chapter 27
- Chapter 27a: Respiratory syncytial virus: chapter 27a
- Chapter 27b: Rotavirus: chapter 27b
- Chapter 28: Rubella: chapter 28
