

Occupations approved for the development of an apprenticeship standard

This table shows the occupations by trailblazer employer group which have been approved for the development of an apprenticeship standard (all employers or industry groups involved in developing these first standards are known as 'trailblazers').

Once the trailblazer has developed their standard/s and it has received ministerial approval it will be published on the apprenticeship standards document collection.

If you'd like to get involved and contribute to the development of standards in one of the occupations listed in the table, read the guidance for trailblazers, and email the Trailblazer contact.
