

Minutes of the Justification Coordination Committee 14 April 2010

Attendees

DECC
Food Standards Agency
Health Protection Agency
Nuclear Decommissioning Authority
Nuclear Installations Inspectorate
Scottish Environment Protection Agency

1. Considering responses

DECC updated the JCC on the rest of the process of considering responses, deciding what if any further evidence was needed and advising Ministers on final decisions.

2. Public Meeting

JCC members who had attended the public engagement event on 19 January commented on their experience of the event.

3. Responses to consultation from statutory consultees

DECC noted that it intended to include a separate section in each chapter of the final decision documents setting out the views of statutory consultees expressed in their formal responses to the consultation on the proposed decision documents.

4. Responses to consultation and final decision

DECC outlined the main themes emerging in responses to the consultation and said that it was or would shortly be consulting members about relevant points raised.
