Re-determination of the application for Llanbrynmair and Carnedd Wen Wind Farms

Dear Sir

I wish to object to the re-determination of both Llanbrynmair and Carnedd Wen windfarms. Both my husband and I enjoy the beautiful and peaceful countryside in and around Montgomeryshire – and that includes our hills and stunning landscapes which are second to none in Britain. If these windfarms get approved, then they will simply add to the ones already in position. Our countryside is valuable to us and all those who chose to visit it. The rural economy should be considered as it is an integral part of our overall income.

For the people who live here, the beautiful landscape is invaluable and worth fighting to preserve as it is. This fight has gone on long enough. I hope you will stop this development.

Yours sincerely
