Subject: FW: Re-determination of Llanbrynmair and Carnedd wen Windfarms - OBJECTION FOR BOTH APPLICATIONS

The decision for these windfarms has already been made previously by the Secretary of State. That decision was to not allow the wind farms to go ahead - much to the relief of the public who live and work in Mid Wales.

The vast majority of people do not want the wind farms to go ahead as we consider the unspoiled landscape to be beautiful and valuable in its own right.

Surely the local opinion matters the most? The local voice which is to be taken into account when now considering these projects?

A decision was made to stop them proceeding. I hope that you will come to the same decision.
